ment, as their determination to degrade the National Transcontinental shows they do not believe in good railways.

"The next point the government had to decide was at what price the stock should be issued. Today the stock sells around \$275, and the government had to decide how much should go into the treasury of the C. P. R. and how much to the shareholders.

"But the government decided neither point. They simply ignored the petition of the C. P. R. The company waited and waited for an answer, which never came. Then the company called a meeting of the shareholders and decided to issue their stock under an old statute, which they claimed exempted them from the necessity of asking government authorization, and under this they issued \$60,000,000 of stock at \$175 which was worth \$275.

Indignation in the West.
"This action had caused great indignation in the Northwest, where it is considered that it will help place an additional burden on the shoulders of the people. Doubtless Hon. Mr. Rogers, who is campaigning in the Macdonald constituency, and others, sent in indignant telegrams, only to get the reply that after six weeks' delay the government had not even considered the question; and if that is the case do you consider that these men were any good? (Laughter.)

"And why had they not considered the petition of the C. P. R.? When it was first presented Mr. Borden was in Europe, and it waited until he returned. Then he came back, and it was an-

False Alarm of Fire.

A false alarm of fire was turned in by telephone last night about 7 o'clock and the brigade turned out in the downpouring rain to return again to the hall. The report spread that it was the Majestic Theatre on Third avenue that was on fire, but happily this was untrue and was absolutely without foundation, in fact. This is not the first occasion on which the fire department has made useless turnouts to this place, which has never had a fire since it has been in operation.

Wins \$25 at Empress.

Mr. Rochester was the fortunate holder of ticket 53,311 which won the \$25 at the Empress Theatre last night. In expectation of the drawing the house was packed to the doors and so excellent was the programme shown, which consisted chiefly of Edison and Biograph films, that many stayed through both shows to see again the delightful comedies depicted on the curtain.

RE VOTERS' LIST.

I am instructed by the City Council to publish the following notice with regard to voting at the next municipal election. The persons who will be inserted on the voters' list are as follows:
1. Owners of real estate. This means any person who has a deed of land registered in the Land Registry Office or an agreement for purchase of land registered in the Registry Office.

2. Many persons have land under agreement from the Grand Trunk or the government whose title is not registered in the Land Registry Office, and their right to vote is doubtful. Therefore, voters so situated are advised if possible to register either as householder or license holder.

3. Any person holding a trade license may vote, but before doing so he must, in October, make a declaration showing his right to vote in Form 1. These forms can be obtained at the City Clerk's office. The declaration must be filed with the City Clerk within forty-eight hours after it is made.

4. Any householder can vote. A householder means a person who has resided in Prince Rupert from the 1st of January, 1912, and who occupies a dwelling, tenement, hotel or boarding house, or any portion of a dwelling house, tenement, hotel or boarding house. He must also pay rates, taxes or assessments which are not chargeable on land, and which rates, taxes and assessments so paid amount to not less than \$2.00. Water rates and dog licenses do not count. Practically the only tax that can be paid is the road tax, \$2.00, and any person who, being a householder, has already paid his road tax must also make a declaration before he can be placed on the voters' list.

All voters must be 21 years of age and British subjects.
