Fairbanks, Alaska, Nov. 8.—Owners and laymen of Cripple Creek in the vicinity of 3 Below Discovery, where the strike was made a few weeks ago, are making every preparation for a busy winter, being now engaged in sinking working shafts, erecting cabins and moving supplies and boilers to the ground.

The find of pay on Cripple Creek is a bona fide one, having been demonstrated by drill and shaft and already the gold has been traced out to three claims. This pay is the first that the Cripple Creek valley has ever shown, although it has been prospected for years.

DOUBLE HEADER AT BASKET BALL

Two Games Played Last Night at the Auditorium Shows a Good Brand of Ball

Over two hundred enthusiastic spectators, many of whom were ladies, witnessed the two games of basket ball in the Auditorium last night.

Both games were exceptionally cleanly contested and demonstrated that there is plenty of good material to make an interesting league. In the first game the Royals defeated the Callies by a score of 24 to 14.

This was the best game of the two and was very fast, especially during the first half, when the Callies obtained the lead and finished one point ahead of the Royals. In the final period of play the Royals came up strong and piled in the goals.

The Callies are nearly all new and inexperienced players, and it is very much to their credit that they put up such a brilliant brand of basketball in their first match. They are very speedy and when a little improved in shooting will be a team that will take some beating.

The Tigers overwhelmed the Men's Own, who are also new at the game, by a score of 23 to 3. While not so fast a game as the first match, the play was very interesting. The work of Shrub-sall at guard for the Methodists was one of the features of the evening. He is a new hand at basketball, but shows every indication of becoming a star.

Mr. R. M. McIntosh made a most efficient referee.

SUFFRAGE FOR WOMEN IN U. S.

Arizona, Oregon, Kansas and Michigan Favor Women's Suffrage—Wisconsin Defeats.

New York, Nov. 8.—"Votes for Women" won the greatest triumph of the movement in the United States on Tuesday. It was conceded that constitutional amendments eliminating the word "male" from the suffrage provisions in Arizona, Oregon, Kansas and Michigan had been adopted. Only in Wisconsin did the movement meet defeat. New York suffragists are encouraged by the election of Sulzer as governor, he being a suffrage advocate.

Choicest liquors and cigars—Savoy.

(Special to Daily News.)
Constantinople, Nov. 8.—Sheik Ul Islam, head of the hierarchy, or holy men, of Turkey, has issued an appeal for a "holy" war in a manifesto addressed to the Ulemas and Hodkas. It is feared here that if the Bulgarians succeeded in gaining entrance to the city and carry out their boast of singing Christian songs in the mosque of St. Sophia, a holy war will surely result.

London, Nov. 8.—Unconfirmed despatches received here by the Chronicle from Constantinople say that Salonika has been occupied by the Greeks. The approach of the Greek forces toward the city was the signal for a terrible massacre of non-Moslems within the place. Disorder and looting was carried on to a great extent and any opposition to the Turks was met with instant death.

When the Greeks secured possession of the city they imprisoned all the Turkish officers. It is said that 27,000 Turks were captured.

London, Nov. 8.—Salonika has fallen into the hands of the Greeks and the fate of the Turkish garrison is unknown.

London, Nov. 8.—The inability of the Turks to keep the Bulgarians out of the city of Constantinople is freely admitted in that place. All the male residents have been called upon to defend the capital.

The Bulgarians will carry the cross ahead of the army entering Constantinople and will place it in the mosque, where the Te Deum will be sung.

Constantinople, Nov. 8.—The commanders of the foreign warships assembled at this city arranged today for concerted action should naval assistance be necessary for the maintenance of order in the city.

London, Nov. 8.—The Bulgarians have no intention of remaining in Constantinople in the event of its capture, according to the statements of a Bulgarian official here, who said that they would go there in view of the statement of Nazim Pasha that the army desired to continue the war.

Sofia, Nov. 8.—It is reported here that the Bulgarian army reached Dorkas, two and a half miles from the Black Sea. Adrianople is still holding out.

Washington, Nov. 8.—Active preparations are being made to despatch the armored cruisers Tennessee and Montana to Turkish waters to protect American interests there.

There was a full attendance at the monthly meeting of the Hospital Board yesterday afternoon at the city hall.

of the Duk of Connaught's visit again came up for discussion. The board had received a letter from Mrs. Burritt and Mrs. McNeill stating that as they were solely responsible for the success of the concert, and had received absolutely no assistance
