MESSAGE TO THE PUBLIC WAS SCOTT'S LAST WORK

ALL WRITTEN RECORDS OF THE PARTY, EVEN TO PRIVATE DIARY, HAVE BEEN BROUGHT TO CIVILIZATION—BODIES LEFT IN MANTLE OF WHITE.

(Special to The Daily News.) Christchurch, N. Z., Feb. 12.—The Terra Nova, the vessel which left south last year to bring the Captain Scott and his party of Antarctic explorers, has arrived here. The bodies could

have been brought back, according to Commander Evans, but it was thought better to leave them in their mantle of white, where they bravely worked and so heroically died.

PROVINCIAL GOVERNMENT PROPOSES AID TO RAILWAYS

WILL GUARANTEE BONDS OF THE CANADIAN NORTHERN TO COVER TERMINALS AT VANCOUVER, WESTMINSTER AND PORT MANN

Victoria, Feb. 12.—The present session of the Provincial Legislature will see some very important railway legislation. To Premier McBride presented a short bill providing for a further provincial aid to enable the Canadian Northern and the Pacific and Great Eastern railways to carry their respective undertakings to a speedy and successful consummation. In the case of the Pacific and Great Eastern the premier said that was necessitated owing to the general tightness of the money market. The government

proposes in the case of the Canadian Northern to guarantee the principal and interest on the bonds of the company to cover the cost of terminals at Port Mann, Westminster and Vancouver and other work.

STEEL BUILT COACHES SAVED MANY LIVES

Cars of Chicago Express on the C. P. R. Ditched Near London.

London, Ont., Feb. 11.—Modern coaches and steel construction probably saved the lives of a score of people, crew and passengers of the Canadian Pacific express No. 18, at North Newbury, thirty-seven miles west of London, when the entire train was hurled into the ditch while travelling at fifty miles an hour.

F. J. Huggitt, of Bala, Muskoka, the most seriously injured, is now at St. Joseph's Hospital suffering from cuts about the head and face and shock sustained when he was catapulted through a window in the day coach. He recovered consciousness in the ditch shortly afterward and was given temporary assistance by the passengers pending the arrival of Dr. H. A. Stevenson and Dr. Thompson, who proceeded to the scene from this city with the auxiliary crew within a few minutes after the wreck was reported.

Three express and baggage cars following the engine were hurled to the north side of the track and into the ditch sixty feet away. A second class coach turned at right angles, completely blocking the line, while the following first class coach also resisted the inclination to telescope, and came almost broadside against it.

OPPOSED TO EUGENICS

Utah Socialists Seek Another Remedy for Human Ills.

Salt Lake City, Feb. 12.—"Physical defects and crippled souls" cannot be overcome by barring the unfit for marriage, according to Ogden Socialists. Copies of resolutions declaring that "crime is the product of wrong and perverted economic conditions," and protesting against the bill that provides for a board of eugenics to control marriages, were received by all members of the Utah Legislature today. The Socialists promise a hard fight against the measure on the ground that it is not the basic remedy for elevating the race.

STREETS OF MEXICO CITY A REGULAR BATTLEFIELD

ALL RULES OF CIVILIZED WARFARE IGNORED BY REBEL FORCES — FOREIGN DIPLOMATS ARRANGE ARMISTICE BUT REBELS FIRE ON ENVOY

(Special to The Daily News.) Mexico City, Feb. 12.—From the early hours of the morning the sharp crack of rifles and crash of cannon has been heard in all quarters of the city almost without cessation. The diplomatic representatives of four foreign powers protested this afternoon and an armistice was finally arranged so that an envoy from the government could

enter the rebel lines and confer with General Diaz. This envoy was fired upon by the troops.

General Diaz today shelled the very heart of the business district in an effort to silence the government forces. The movements of the opposing forces are creating terrible havoc. All rules of civilized warfare are being violated. The number of killed and injured cannot be ascertained.

MEMBERS OF CONGRESS WILL WALK IN SUFFRAGIST PARADE

WILL FOLLOW BANNER INSCRIBED "WOMEN HELPED ELECT THESE MEN"—ORIGINAL AMERICAN SUFFRAGIST EXPECTED.

Washington, Feb. 10.—Carried captive behind a banner inscribed "Women Helped Elect These Men," members of Congress from those states having suffrage will march in the suffragist parade on March 3rd. It was announced at national suffragist headquarters that at least forty senators and representatives would be in the procession. All who desire to take part, however, are cordially invited to do so, in a letter of invitation sent them by the suffragists. The letter, in part, reads:

"A large number of senators

and representatives have already informally signified their intention of participating in the procession, and it is hoped that all will do so, either by walking or riding in the automobiles that will be provided. We trust that you will consent to aid the woman suffrage movement in this way."

It was announced that Dawn Mist, daughter of Chief Three Bears, of the Glacier National Park Indians, would ride beside Miss Inez Milholland of New York, the leader of the parade, as a representative of the "original" American suffragist.

LOCAL BAR ASSOCIATION WANT ADMIRALTY COURT

STEPS ARE BEING TAKEN TOWARD APPOINTMENT OF LOCAL REGISTRAR FOR SUCH COURT—THE NAME OF JUDGE YOUNG SUGGESTED.

Owing to the rapid increase in shipping at the port of Prince Rupert, steps are being taken by the Bar Association of the city to urge the appointment of a local registrar of the Admiralty Court for Prince Rupert. The Admiralty is a branch of the Exchequer Court, a Dominion court with headquarters at Ottawa. The Dominion is divided into admiralty districts and a local judge is appointed for each district.

At the present time the whole of British Columbia is in one district, over which Mr. Justice Martin presides. By reason of the appointment of Mr. Justice Martin to the Court of Appeals of the province, and owing to his duties as Judge in Admiralty in the southern end of the province, it is practically impossible that he hold admiralty court in Prince Rupert. For that reason, it is urged by the members of the bar that a local judge of the Admiralty Court for the northern end of the province, with head-

quarters at Prince Rupert, should be appointed, and the name of His Honor Judge Young, the resident County Court judge, is suggested in that connection.

The creation of the Prince Rupert registry of this court and the appointment of a local judge to preside in admiralty would mark a distinct step forward in the progress of the community and it would be a matter of the very greatest convenience to all those connected with shipping. The authorities should lose no time in acceding to this request.
