PRESIDENT MADERO IS UNDER ARREST—PREMIER MOVES SECOND READING OF NAVAL BILL

CONSTITUTIONAL DUTY OF DOMINION GOVERNMENT

MUST INTRODUCE MEASURE FOR RE-ADJUSTMENT OF REPRESENTATION BEFORE PROCEEDING WITH THE NAVAL BILL

(Special to The Daily News.)
Ottawa, Feb. 18.—Premier Borden today moved the second reading of the Naval Bill without comment. J. G. Turriff, Liberal member for Assiniboia, in a lengthy speech, moved an amendment as follows: "That said bill be not now read a second time, but that it be resolved that it is the constitutional duty of the government according to the terms of the British North America Act to immediately introduce a measure for re-adjustment of representation of the provinces according to the population as established by the census of 1911, and that the House do not proceed further until re-adjustment has taken place and the people duly consulted."

PRESIDENT MADERO ARRESTED BUT FIGHTING CONTINUES

GENERAL VICTORIANO, COMMANDER OF FEDERAL TROOPS, PROCLAIMED PRESIDENT—ANOTHER BATTLE IN THE STREETS.

(Special to The Daily News.)
Mexico City, Feb. 18.—President Francisco Madero was arrested today in the National Palace by General Blanquet, backed by his troops. General Victoriano, military commander of the Federal troops, has been proclaimed president. This followed a conference between Huerta and General Diaz. While Madero and other members of his family are under arrest in the palace, crowds are running about the streets crying "Vivas for Huerta and Diaz." Early this afternoon Huerta's attempt to communicate with Diaz precipitated a battle. The rebels opened up with a terrific fire of small arms. At 4 o'clock there was a cessation of firing and all was quiet.

PIRATES BEAT BROTHERHOOD IN FIRST GAME OF SEASON

LARGE CROWD WITNESSED OPENING GAME OF THE INDOOR BASEBALL LEAGUE—NOT A DULL MOMENT IN THE GAME.

Judging from the opening game of the Indoor Baseball League that was played last night in the Auditorium between the Pirates and the Baptist Brotherhood, the local fans will see some hot and furious games before the season is brought to a close. The game is popular in Prince Rupert was clearly evident from the very large attendance of spectators, the galleries being well filled with enthusiastic voters for both sides.

Before the players took the field, Rev. W. H. McLeod, president of the league, addressed a few remarks to the spectators concerning athletics generally, introducing Mayor Pattullo, who officially opened the season. Rev. Mr. McLeod said he was sure that the athletes of the city had a good friend in the present mayor. It was evident, he said, that Mayor Pattullo is a man of action, not a man of mere promises. He referred to the fact that within a few weeks after election Mayor Pattullo had taken action in regard to a public library and tenders are to be asked immediately for the erection of a building that will be a credit to the city in its present stage of development. He had no doubt that similar action would be taken during the year in regard to a suitable athletic ground.

Mayor Pattullo said that he is pleased to see such an active interest in athletics among the young men of the city. It is a good sign to see a development of the physical side of a man as well as the mental. The athletes of the city would have his most hearty support in every movement that is in their interest in so far as conditions will permit. While making no promise in the matter, he hoped before the year is out to see established play grounds in different sections of the city for the children and a central athletic field for the more strenuous games for the boys and young men.

Following the Mayor's address, F. L. Landes, official umpire, blew the whistle and the Baptist Brotherhood went to bat. Although the teams have had but little practice yet, the game was exciting from start to finish. The Pirates seemed to be considerably stronger in the field than their opponents and were on the alert for every opportunity to steal a base. The umpires were called upon several times to make some very close decisions, but in these they gave splendid satisfaction. For the Brotherhood W. D. Vance did splendid work in the box, while Charlie Embleton for the Pirates put in some lively ones that kept the Brotherhood guessing. Fred Wallace and Frank Landes acted as official umpires.

BUSINESS DEMANDS LARGER PREMISES

Sweder Bros. Will Open Up New Show Room on Sixth Street in Near Future

Mr. J. Sweder, of Sweder Bros., the well-known merchant tailors who has lately returned from a three weeks' visit to the lower coast cities, is figuring on making extensive alterations to his business premises in the near future, enlarging his staff as well as opening up an entirely new office and store in that portion of the Helgerson block lately vacated by the Union Transfer Company. This has been rendered necessary by the ever increasing volume of business. The present staff of eight employees will be increased to twelve and the large stock of cloth for ladies' and gentlemen's suitings will be removed from the present inadequate quarters into the new store on 6th Street. Here Mr. Sweder will have his office and carry on the management of the business.

The success that has attended the efforts of this well known and progressive firm is merited, and doubtless an era of still greater prosperity is at hand for them as the city forges ahead during the next few years. Announcement of the opening of the new store will be made at an early date.

NEW YORK GAMBLERS NOT "ON THE LEVEL"

Players "Up Against It" Says "Honest" Dan Costigan—Some Police Officers Not Straight

New York, Feb. 17.—No gambling house in this city is "on the level," and men who play the games are "up against it," because of crooked dealings. So testified Police Lieutenant "Honest Dan" Costigan, referred to in both the Rosenthal and present police investigations as an honest officer. Costigan was a witness before the aldermanic committee inquiring into local vice conditions.

Costigan, a strong arm squad-raider of gambling and other "underworld" resorts, told how he was assigned to spy work that he disliked, but considered necessary, on officers ranking from lieutenants upwards. He reported directly to Commissioner Waldo, he said, because there were some officers whom he "didn't believe to be too straight."

He reported that some captains and inspectors were grafting, in his opinion, but no inspector was demoted and captains merely were transferred, he said.
