MONEY TRUST IN UNITED STATES IS DANGEROUS

TURKEY WILLING TO SUBMIT HER CAUSE TO POWERS WITHOUT STIPULATED CONDITIONS

END OF WAR IN BALKANS SEEMS CLOSE AT HAND

TURKEY WILLING TO SUBMIT HER CAUSE TO THE POWERS WITHOUT ANY STIPULATED CONDITIONS.

(Special to The Daily News.)
London, Feb. 28.—Great relief is being observed concerning Turkey's new move towards securing peace with the Balkan states. It is believed that Turkey is now willing to entrust her case to the Powers without stipulated conditions.

Mrs. Calhoun, wife of C. W. Calhoun, agent for the Granby townsite, returned to the city last night on the Princess Beatrice.
J. J. Sloan, local branch manager of the Bankers' Trust Co., returned to the city last night after a week's trip to Vancouver on business.

ANOTHER COMPANY FORMED FOR HALIBUT FISHING

ATLIN FISHERIES, LTD., HEADED BY SIDNEY SMITH OF KANSAS CITY, WILL HAVE SEVERAL BOATS ENGAGED THIS SEASON.

The latest company to start a business in the city is that of the Atlin Fisheries, Ltd., whose office is at the extreme easterly end of the Government wharf. It is a concern, which has been in existence for some time, and has come into being through the energies and enterprise of Mr. Sidney Smith of Kansas City, U. S. The latter gentleman who has been an extensive and successful wheat grower in the former place for a number of years reached Prince Rupert last Summer and at once perceived the wonderful opportunities of Northern B. C. offered in the fishing industry. Mr. Smith at once spent some time on the fish grounds and investigation of the most careful character, determined to form a company of business men from his home and enter the field of operations himself. At the present time, some half dozen ex-Sealers, purchased in Victoria and being fitted up as halibut fishing boats, the first of which he completed the Borealis is expected to arrive on the scene at any moment. These boats will be the last word in modern and up to date fishing vessels. Mr. Smith representing his company intends to pay spot cash for halibut right on the dock and ship himself to the lower coast city markets and the Interior. Mr. W. Cummings late book-keeper for the Standard Fisheries Co., Ltd., has accepted a similar position with Mr. Smith and will act as manager during the latter's absences from the city. Mr. Cummings has had a life long experience in the fish business in the British Isles and is excellently fitted to carry on a business of this nature and make a success of it. In connection with the intended early operations of this company at their base on the Government wharf it may be mentioned that the latter are installing a first class gasoline hoist at the end of the wharf for the use of the public, which will greatly facilitate the removal of fish from the boats to the wharf. The engine is snugly housed, and will be available for public use by the payment of a set sum per hour.

WEDDING OF ROTHSCHILD'S WEDS

Marriage Attracts Great Crowds to Central Synagogue in London

London, Feb. 28.—A wedding which united one of the wealthiest and one of the oldest Jewish families in Europe attracted a great crowd to the Central Synagogue yesterday.
The Hon. James Rothschild, of the Baron Maurice de Rothschild, and heir to a large part of the family's tremendous fortune, married Miss Dorothy de Pinto, the only daughter of Horatio de Pinto, a city financier of considerable wealth, whose ancestors date back to the Israelites of Spain and Portugal. When the bride, who is 18, arrived in an automobile at the synagogue, a crowd broke the police cord. Women and men rushed forward, and the bride's dress was photographed by the photographers who knelt in front of her and falling over her. The smiling bride could be seen until the police lighted out the tangled throng. Among the bride's presents were two diamond tiaras, many long ropes of pearls, and diamond corsages, and an emerald and diamond necklace from Baroness Edmond de Rothschild.
The bride wore a gown of blue, mull and silk dresses, and a song at the Hughes' concert sale today.
Birth.—In Prince Rupert, Friday, February 28, to Mr. Mrs. J. H. Pillsbury, a daughter.

FOR WILSON'S CABINET

Bryan Will be Secretary of State—McAdoo Head of the Treasury

Washington, Feb. 28.—It is stated positively in high congressional quarters that the following cabinet appointments have been determined upon definitely by President-elect Wilson:

Secretary of State—Mr. William J. Bryan of Nebraska.
Secretary of the Treasury—Mr. William G. McAdoo of New York.
Postmaster General—Mr. Albert S. Burleson of Texas.
Secretary of the Navy—Mr. Joseph Daniels of North Carolina.

The foregoing names and positions are said to have advanced entirely beyond the stage of conjecture or gossip, and become finalities in the forthcoming cabinet list. Other places in the cabinet are said to be reasonably settled, with the exception of the portfolios of war and agriculture.

MR. PELLETIER TO RESIGN

Montreal Star Says Postmaster-General Will Shortly Quit Office

Montreal, Feb. 28.—The Star says this afternoon that advice received from an authoritative source in Ottawa state that the Hon. L. P. Pelletier, the postmaster-general, is about to resign, and will be succeeded by Mr. P. E. Blondin, deputy speaker of the House of Commons. The successor to Mr. Blondin will probably be Hon. U.S. SENATE VOTES TWO BATTLESHIPS

Proposal Was Defeated by House Sitting as a Committee of the Whole

(Special to The Daily News.)
Washington, Feb. 28.—The naval appropriation bill, voting two battleships, was today passed in the Senate. On Wednesday the proposal was defeated by the House sitting as a committee of the whole. An amendment to appropriate for one battleship only went through, 144 to 133. A majority of Democrats voted for the amendment, while the Republicans were almost solidly against it.

NEW VOTERS' LIST FOR THE PROVINCE

Election Act Just Introduced Provides for New List in March.

(Special to The Daily News.)
Victoria, Feb. 28.—A new list of voters for the province will be made up in March. The old list will be cancelled according to the provisions of the new election act, which has just been introduced into the legislature. By the introduction of a new list all the old list will be wiped out and everyone must register anew to form a foundation for new lists.

ADDRESS ON LONDON WAS INTERESTING

Small Audience Listened to Splendid Address at the Methodist Church Last Night.

Within the last few weeks the people of Prince Rupert have been treated to several lectures on the fascinating subject of "London." Not the least interesting and instructive was that delivered last evening at the Methodist Church by the Rev. W. S. Crux, B. A., of New Westminster. On account of the inclemency of the weather there was not a very large attendance which was to be regretted. Those who braved the elements and ventured out, however, were amply repaid in having the pleasure of listening to an hour's scholarly, and at the same time humorous, talk on the subject of a ten days' visit to the world's greatest metropolis. Mr. Crux is an Englishman himself by birth, but has spent most of his life in the Dominion of Canada.

Beginning with the trip across the Atlantic, touching lightly on the many humorous incidents of a long ocean voyage on one of the modern leviathans of the seas, the speaker dwelt upon the strange feeling of wonder, one might almost call it awe, with which one was filled, upon first sighting the shores of historic England and setting foot on the land of our forefathers. Taking train at the port of landing in the South, Mr. Crux took his audience with him through the hills and dales of the counties of Kent and Surrey, called the garden of England. Finally London is reached, though not before having gone through what seems to the traveller a veritable ocean of chimney pots extending for miles upon miles. Having reached one's goal, what a wealth of historic interest is unfolded. The great modern railroad stations, Fleet Street and the Strand, where the huge newspaper offices and theatres are to be found, at first occupy the attention of the visitor. Later the wonders of the Tower of London and St. Paul's Cathedral are investigated, together with that ancient and marvellous pile Westminster Abbey. Here one sees the resting place of England's sovereigns who have passed away down the ages that have gone by. One is transported so to speak into an atmosphere of awe-inspired reverence for those great men who have during the last thousand years made the history of England and built up what is today an Empire, peopled by the Anglo-Saxon race, the greatest that the world has ever seen.

Mr. E. L. Fisher presided and the Rev. Charles R. Sing, minister of the Church, addressed a few opening remarks touching on his long and intimate acquaintance with their distinguished friend and visitor, the Rev. Mr. Crux. A male quartette was rendered by members of the choir and was greatly enjoyed.

LISTENED TO HIS OWN FINAL HEART-BEATS

Maker of Surgical Instruments Fastened Stethoscope to His Ears Before Suiciding.

Philadelphia, Feb. 28.—With a stethoscope fastened to his ears and a tiny steel lance made by himself imbedded in his heart, Karl Schneider, an instrument maker, was found dead by his wife yesterday, a suicide. Schneider had calmly resolved to die, and, being familiar with the use of surgical instruments, determined to use his last moments to feel the oncoming of death. Discovery of the instrument maker's body pointed to the deliberate manner in which he had sought death. He lay down on a couch, fastened the stethoscope on his ears and then took the lance and slowly started it working toward the heart. As the lance penetrated the muscles the man could hear the heart beats as they throbbed their way through the instrument. As calmly as though death were the least thing terrible, he proceeded.

HAZELTON ORES WILL BE WELL ADVERTISED

ARRANGEMENTS HAVE BEEN MADE FOR AN EXHIBIT IN THE GALLERIES OF THE IMPERIAL INSTITUTE

R. DeB. Howell, president of the Hazelton Board of Trade has returned from a vacation trip to England. After spending seven weeks in the old country, he returned via Ottawa and Victoria, hearing part of the interesting naval debate at the Dominion capital. While in London, Mr.

Howell succeeded in arranging for the exhibition of a display of Hazelton ores in the galleries of the Imperial Institute, pending the erection of the new British Columbia building. The Board of Trade will be asked to undertake the assembling of the exhibit.—Omineca Miner.

SIX MONTHS' HARD LABOR FOR THEFT OF JEWELLRY

FIREMAN ON THE PRINCE JOHN PLEADS GUILTY TO CHARGE OF THEFT AND IS SENT DOWN TO NEW WESTMINSTER.

Thomas Gourley, a fireman on the Prince John, was charged in the police court this morning before Magistrate Carss with stealing a watch and chain together with a clock, valued at \$50.00 the property of Mr. P. Mullin, proprietor of the Majestic Rooms. It appears that the accused, who had a friend living at the Majestic rooms, went up with the latter there together with a number of others the night before last. Whilst the party were enjoying themselves playing cards in the friend's room Gourley made a tour of the premises and got away with the loot in question, caching it behind a stump near the Premier Hotel.

Later on the accused's friends, getting wind that the authorities were working on the case, advised the former to make restitution. He did not do this however himself, delegating the task to another friend. Mr. Mullin, upon discovering the loss of his property and upon making investigation notified the police. This was done at 11.30 a. m. yesterday. At 4 p. m. Constable

Lambdin and Warder Bailey arrested Gourley at the Premier Hotel where he was found considerably the worse for liquor.

This morning in the police court Magistrate Carss committed the accused for trial. He elected to go before Judge Young for speedy trial and was immediately taken over to the latter's court and the case proceeded with. Pleading guilty, and admitting that he had the stolen goods behind a stump, showing intention of going through with the job, His Honor passed sentence of six months' hard labor in New Westminster, to which city the prisoner will be immediately taken.

Mr. C. C. Van Arsdol, G. T. P. chief constructional engineer for the Pacific division who has been in the city for the last few days, returned to the interior on this morning's train. He was accompanied by his daughter, Miss M. Van Arsdol.
