HORSE BREEDING FOR THE CANADIAN ARMY

Manoeuvre Areas in British Columbia to Be Utilized for Raising Troop Horses.

Ottawa, April 16.—The militia department of the national bureau of horse breeding is arranging so that the manoeuvre areas in British Columbia can be utilized for the breeding of horses. The Canadian government is to be given first chance to buy young animals for its forces and the British government second choice. Other governments and outside parties come in later.

London, April 12.—The steamship Olympic, rebuilt at a cost of \$1,250,000, sailed from Southampton yesterday with 700 passengers. Expert engineers, after an examination, said that, in the event of striking an iceberg similar to that which the Titanic struck, the inner shell would keep the ship afloat until all were saved. It is impossible to destroy the liner by an iceberg collision, they asserted. An increased number of life boats is carried.

Epitaph of a Pugilist. Neenah, Wis., April 12.—"T. E. N." These three letters, forming the word that spells victory or defeat for the gladiator of the prize ring, will be the epitaph of Jim Hall, one time idol of fight fans. Just "ten." The dead fighter's name and the date of his birth and death will be engraved on the little headstone which will mark his last resting place in an obscure lot in the local cemetery. The headstone is to be erected by an old time admirer of the dead pugilist.

A bill has been introduced in the United States Congress to provide furnished quarters for American diplomats in thirty-five capitals of the world. The present arrangements make it impossible for any but wealthy men to accept the leading posts in the diplomatic service.

A feature of a funeral service conducted in the old church at Hythe by the vicar, Rev. H. D. Dale, was the "aviators' hymn," sung to the familiar tune of the hymn for those at sea. The first verse is as follows: "Almighty Father, Who can still The raging of the storm at will; Thou Who can save on land or sea, And if Thou wilt no harm can be; O God, extend Thy saving care, To those in peril in the air."

The new American ambassador to Austria is a Canadian by birth, and when a boy was a "news butcher" on the Grand Trunk. The lad who can sell a last year's magazine to a passenger for the latest issue has all the earmarks of a diplomat.

Essen, Germany, April 18.—The local Social Democratic commission has sent a request to the Rhenish miners not to work overtime for the purpose of exporting coal to Belgium.

NEW STEAMER LINE TO PRINCE RUPERT

White Pass at Head of New Company Whose Boats Will Call Here

Plans for the formation of a new steamship line, which will operate its vessels between Seattle, Vancouver and Skagway, calling at Northern British Columbia ports, was consummated recently and the charter of the big freighter Leelanaw, of the Leelanaw Steamship Company, as the nucleus of the new line's fleet has been closed.

W. F. Swan, head of the W. F. Swan Navigation Company, will be the Seattle representative of the new company, and J. E. Webb of Vancouver, will manage the affairs of the line in British Columbia.

"The company is to operate in connection with the White Pass and Yukon route and will be controlled by those interests."

NATURE'S COLORS IN DRESS.

Here are the latest colors which will appear on fashionable women of Chicago this summer: Fig leaf green. Sands of the desert red. Dried brown. Peacock blue.

Any other color that mother nature can furnish.

Insurgency against conventional color dictations of the fashion period has arisen, according to Mme. M. J. Hosac, a Chicago modiste, who explained the great changes outlined in the color announcements of Jacques Worth of Paris, which have appeared in this country.

"We are daring to use colors as they appear in nature," declared Mme Hosac, "the colors of the butterfly, the birds and the flowers are being used boldly."

Skirts are to be tight and slit up to the ankle. The waist line is high and the sleeves are to be made of lace or transparent material. The Bulgarian blouse will be another innovation.

We should feel pity for the man who is forced to take consequences that he isn't entitled to.

FERGUSON'S 'P. & O.' Liqueur Scotch Whisky

TESTIMONIAL

Dr. James O'Connor, Listowel, reports: "I feel it my duty to say that your whisky is one of the best whiskies I have ever tasted, and I may also say that I will recommend it as a stimulant in suitable cases."

W. F. Swan, head of the W. F. Swan Navigation Company, will be the Seattle representative of the new company, and J. E. Webb of Vancouver, will manage the affairs of the line in British Columbia.
