VOL. IV, NO. 95. PRINCE RUPERT, B. C., WEDNESDAY, APRIL 23, 1913. PRICE FIVE CENTS

EUROPEAN POWERS MAY BOMBARD MONTENEGRO

CLOSURE DEBATE CONTINUES—FALL OF SCUTARI IMMINENT—LAUNCHING OF AQUITANIA

BOMBARDMENT OF MONTENEGRO COAST BY POWERS IMMINENT

DESPITE MANDATES AND ULTIMATUMS, MONTENEGRO CONTINUES TO ATTACK SCUTARI AND FALL OF THAT STRONGHOLD IS HOURLY EXPECTED.

(Special to The Daily News.)
Cettinje, April 23.—The Montenegrin forces yesterday afternoon fiercely attacked Scutari and, according to an official report, the engagement lasted all night and was still proceeding this morning with distinct advantage to the attacking party. Early in the engagement the Montenegrins captured two lines upon which the Turks made a rally in force, but after a fierce battle were repulsed. In this counter attack the Montenegrins were very heavy, but they are gaining advantages at every point and this morning the fall of Scutari is imminent.

Monday evening an officer arrived here from the fleet of the powers blockading the coast bearing an ultimatum. This was to the effect that unless Montenegro immediately withdraws her troops from Scutari the fleet will immediately land troops at Antivari, Dulego and San Giovanni.

Ten Days' Truce.
London, April 23.—A ten days' truce has been arranged between the Bulgarian and Turkish commanders, according to a Constantinople despatch to the Daily Telegraph.

PAGODA ON WHARF FOR EXHIBITS OF ORE

Prince Rupert Has Taken up Matter of Permanent Ore Exhibition.

At last week's meeting of the Stewart Citizens' Association, President Godenrath stated that when recently in Vancouver he had arranged with Secretary F. S. Pilling of the Vancouver Chamber of Mines for considerable space in the chamber's new quarters for the purpose of providing a local exhibit of ores, and in this connection he had also requested Robert M. Stewart, president of the Stewart Land Co., to provide a number of enlarged photographs of the townsite and mining scenes to be used in connection with the display. This Mr. Stewart had very kindly consented to provide.

At Prince Rupert he had taken up the question of a permanent ore exhibit and was advised that the proposal from the local executive had met with hearty approval, and that there was a movement on foot seeking to secure the co-operation of the Grand Trunk Pacific Steamship Company to build an exhibition pagoda on the wharf so that the mineral resources of the north could be seen by passengers from all the boats operating to and from that port.

BUFFET DINING CARS

Service May Be Established Out of Prince Rupert in Near Future.

Although not definitely decided, the G. T. P. traffic officials who recently visited the city favored the putting on of a buffet dining car service on the regular passenger trains in and out of Prince Rupert. The matter will be definitely decided in the near future. It is the desire of the G. T. P. to give the public not only as good service as the traffic warrants but to keep considerably in advance of the demands.

AGAIN ADJOURN THEFT CASE

Defence Wants Witness Who Is at Granby Bay.

The case of Isack Mackenin, charged with the theft of watches and money, occupied the attention of Judge Young's court for several hours yesterday. The accused does not deny that the watches were left with him, but does deny that he hid them where they were found by the constable. The line of defence that is put up is that Brown, who is alleged to be interested with the accused in land in Kitsumkalum, put the watches there himself in order to get the accused in trouble and thus get him out of the way. In order to account for the increased amount of money the accused is known to have had when finally arrested the attendance of another witness was required by the defence, a man named Idi Mieni, from whom the accused claims that he borrowed a sum of money. The case was, therefore, adjourned for a week.

Concert by Children.

Under the auspices of the Daughters of the Empire a concert is to be given on May 6th in the Westholme Opera House. The entire performance is to be given by children and includes not only singing but club swinging, dumb bell and other exercises. The children selected to take part are being trained by Mrs. Roberson.

Growing Metropolitan.

As an exhibit of up-to-date advertising the colored gentleman with the umbrella and big grip is at least worthy of mention.

S. S. PRINCE GEORGE'S PASSENGER LIST

Nearly Seventy Saloon Passengers from the South this Morning

The ss. Prince George of the G. T. P. fleet arrived from the south this morning at her usual hour. There were nearly seventy saloon passengers and a large contingent of third class passengers on board. Following is the list of saloon passengers: D. Rankin, John Goan, W. J. Sinclair, J. C. Dinean, Mrs. Blades, J. E. Stephen, Jas. Stevenson, M. Katzin, L. O. Thomas, W. McMullin, J. McMullin, T. Garrett, Frank Pepin, J. T. Smith, J. Ester, J. Anderson, L. Warren, O. Carson, O. Rabdon, W. E. Blume, Chas. Blume, S. C. Hayden, L. Lunnaberg, Charles Graham and wife, L. Gizzard, H. G. Badensack, J. W. Greig, D. F. McGuire, E. F. Gingles, J. H. Copeland, A. Dittmer, James D. Smith, K. Nishima, G. Thorburn and wife, Angus McMillan, Geo. McLeod, J. MacBeyer, Jas. Love, Dr. Doolittle, W. H. Wark, E. A. Smith, J. Dyer, W. D. Sherlock, S. D. Ryan, Frank Leatherman, Mr. Dailey, D. L. Roberson and wife, J. C. Johnson, Wm. Selig, H. Thorsen, Mr. McCauley, W. Ker, J. D. Riner, C. F. Scott, Mrs. A. Johnson, E. M. Haynes, Geo. Tooker, V. F. Lade, John T. Irvine, J. McPherson, J. W. Greig, Ed. Smart, H. Winfield, C. E. Neill, J. McDougall, F. F. Jenkins.

GOOD LOCATION FOR G. T. P. TICKET OFFICES

Will Occupy Premises on Third Avenue Vacated by Bankers' Trust Co.

On account of the closing of Centre street and in order to be located in the business section of the city, the G. T. P. ticket offices will be removed to the premises lately vacated by the Bankers' Trust Co. on Third Avenue, near the Bank of Montreal. Mr. McMaster is fortunate in securing such a central location and such commodious quarters. He expects to be located in the new premises before May 1st.

TITANIC LIABILITY

United States Judges Dismiss the Petition of Owners of the Vessel

(Special to The Daily News.)
New York, April 21.—The Federal District Court dismissed today the petition of the Oceanic Steam Navigation Company, Ltd., as owners of the White Star liner Titanic, for limitation of the liability resulting from the loss of the Titanic. The court held the company's liability to be determined by the laws of Great Britain, which would make the owners of the Titanic liable for about three million dollars.

JAPAN WOULD FIGHT WITH UNITED STATES

Inflammatory Speeches at Tokio Against California Alien Land Bill

Tokio, April 19.—A demand that the Japanese government resort to arms was hysterically cheered at a mass meeting here last night to protest against the Alien Land Bill now before the California Legislature.

Twenty thousand persons assembled and listened to addresses by various orators. The speakers also denounced the submissive attitude of the government.

The responsible newspapers of Tokio in commenting editorially on the meeting, denounce the proceedings as undignified and unworthy of the nation, describing them as merely an outburst of the unthinking extreme element, incited by political demagogues.

Big Blast Tomorrow.

The biggest blast ever put off in Prince Rupert is expected to be fired tomorrow. It is to take place at the Hays Cove excavation. The exact hour has not yet been fixed, but it is likely to be a sight well worth seeing.

Wallpaper—Wallace's. 89tf

BIGGEST SHIP AGROUND.

(Special to The Daily News.)
Hamburg, April 23.—The steamer Imperator, the largest afloat, grounded in the River Elbe preparatory to making her trial trip. She is 919 feet long. There is little damage done to her as a result of the grounding.

Get Heavy Sentences.

Miller and Ayers, the two ex-stewards of the Prince George who, masquerading as detectives, got possession of \$140 belonging to a man named McKenzie, were sentenced by a Vancouver judge, at 7 o'clock on Monday evening, to five years' imprisonment each with hard labor. Miller is the man who was tried here about a year ago and acquitted on a charge of stealing diamonds.

SENSATIONAL FEATURE AT THE MAJESTIC TODAY

From time to time the motion picture fans have had the pleasure of seeing projected feature films, and the offering at the newly decorated Majestic Theatre today and tomorrow is acknowledged by the press to be one of the masterpieces in the motion picture line. "Redemption" is the title of this production. The story is told in 3,000 feet of the most vividly realistic film ever presented and abounds with intense situations. The film was produced at a cost of \$50,000. There are more than 500 people in the cast, including many well known French artists from the Odeon and Moulin Rouge theatres, Paris. Staged in a magnificently spectacular manner, it has many sensational features, but perhaps the most beautiful part of the picture is the wonderful dance of "Azyade." The public should not miss this great treat.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 29.854; maximum temperature, 48; minimum temperature, 38; precipitation, .26 inch.

Action Dismissed

Judgment was given yesterday in the case of Henry Evans vs. Patrick J. Moran, an action in connection with the lease of the Victoria Hotel. The action was dismissed with costs.

CITIZENS OF STEWART ANGRY AT HAVING TO PAY WHARFAGE

LIBERAL GOVERNMENT PROMISED THAT IT WOULD BE A FREE PUBLIC WHARF—CONSERVATIVES ARE CHARGING FEES.

The action of the department of marine and fisheries in putting the Stewart wharf on the list of those charging dockage and wharfage fees has certainly not met with the approval of the business interests of the average citizen. It comes rather late in the day to inaugurate a system of wharf dues when the real need has passed, and particularly in view of the fact that the one passenger steamship line plying to this port has its own representative to look after freight receipts. However, this is not the point of greatest objection. The Minister contends that the present government is not fulfilling the promises of its predecessors in connection with the Stewart wharf. When the wharf was built the Hon. William Templeman was the sitting member for Comox-Atlin and also minister of inland revenue, and he assured the executive committee of the Stewart Citizens' Association that the

wharf would be a free public wharf, and that when Stewart became incorporated the same would be turned over to the future city as a public asset and utility.

It is quite within belief to expect that the present minister of marine and fisheries is not cognizant of this undertaking, as also H. S. Clements, M.P., the representative of the constituency, and for this reason the executive committee of the Citizens' Association drafted a resolution pointing out Stewart's claims in the matter. Looking to the future of the town we contend that under no circumstances should our rights be forfeited in the case in point.—Portland-Canal Miner.

Admiral of the Fleet

Tokio, April 21.—Admiral Count Heihachiro Togo, the naval hero of the Russo-Japanese war, was promoted today to the admiral of the fleet.

PROPOSED DRILL HALL WILL COST ABOUT \$60,000

RATEPAYERS LIKELY TO BE UNANIMOUS IN VOTING FREE SITE TO THE GOVERNMENT.

Among other bylaws to be voted upon tomorrow the ratepayers will be called upon to approve of the granting by the city of a site on Acropolis Hill to the Dominion government in order that the latter may erect a drill hall that will be a credit to the city. When it is considered that the government proposes to spend about \$60,000 on such a building and that a large portion of that amount will be spent locally, there should be little doubt as to the advisability of voting for the bylaw. A building such as is proposed will prove a great convenience to the city in many ways. Occupying a commanding position on Acropolis Hill, it will also be a great addition to the architectural beauty of the city. The plans call for a building 85 feet by 185 feet.

thing will be satisfactory, both to you and the public at Prince Rupert, and the department is getting a properly constructed building in the interests of our northern friends.

With best wishes, I am Truly yours, H. S. CLEMENTS.

Accompanying the letter that was sent by Mr. Clements was the following correspondence: Ottawa, April 12, 1913.

Dear Clements: I am in receipt of your letter of the 9th inst. enclosing a copy of a telegram from Mayor Pattullo of Prince Rupert.

Enclosed herewith please find a copy of a memorandum prepared by my director of engineer services, together with the plans and specifications for a drill hall which would be suitable for this town.

Trusting this will meet with your approval, and with kindest regards,

Faithfully, SAM M. HUGHES.

Accompany the letter of the minister was the following memorandum: (Continued on Page 4.)

CLOSURE RESOLUTION STILL UNDER DEBATE IN THE HOUSE

SIR WILFRID LAURIER SPEAKS FOR SECOND TIME ON SUBJECT—WITTY LIBERAL SUGGESTS ANOTHER CLOSURE TO CLOSE CLOSURE DEBATE.

(Special to The Daily News.)
Ottawa, April 23.—The debate on the closure resolution continues in the House of Commons and is becoming as dreary as that upon the main issues of the naval bill had grown to be. Last night, upon a motion to adjourn, Sir Wilfrid Laurier spoke for a second time against the iniquity of introducing such a measure. He made a powerful appeal on the subject of gag rule on a par with his first speech on the subject

and the applause at certain points was so insistent and continued that he had to appeal to his followers to maintain order. There is no indication of the termination of this debate. The Liberals have a systematic arrangement of relays of members to be on duty in the house while the remainder are within call and resting. One of the leaders remarked last night that the government might have to introduce another closure resolution to limit the debate on the present closure resolution.

GERMAN AVIATOR SEIZED

His Visit to France Not Agreeable to the Authorities.

(Special to The Daily News.)
Nancy, April 23.—A German aviator who alighted on French soil has been seized. The French government has requested the German authorities to keep their aviators at home. They are tired of having them swoop down on French territory.

Panorium Pioneer Cleaners. Phone 4.

ANOTHER CRITICISM OF POST OFFICE SITE

"Property Owner" Thinks the Site Should Be on a Corner.

Prince Rupert, April 22, 1913. Editor News: Referring to the discussion regarding the location of the proposed new post office, one might imagine that he who dares raise his voice by way of criticism of the proposed site commits a most heinous offence. For instance, our good friend the Journal shows extreme agitation and yet to an onlooker the conclusion is forced that the anxiety of the Journal is not so much over the matter of the post office site as the matter of Mr. H. S. Clements. Mr. Clements possibly is a wonderful man, but still property owners in Prince Rupert may well question the judgment of a man whose home is in Vancouver and not Prince Rupert and who in consequence will not daily have brought to his attention the inappropriateness of the proposed post office site.

I think it may well be said that generally speaking the people of Prince Rupert want the new post office in a central location where the building will be an ornament and a credit to the city as well as of public utility. It makes no difference whether the site is on Second or Third avenues, but it certainly should be on a corner with two ornamental fronts rather than on inside lots with only one front.
