FIGHTING THE BATTLE OF THE WHOLE PEOPLE.

Here is a resolution passed at a mass meeting of Toronto Liberals which rings true as a clarion call and every Liberal association of this province would do well to copy it:

"Whereas the naval policy of contribution and centralization is opposed to the principle of local self-government, upon which the British Empire is founded;

"And whereas the closure rules being introduced into the Canadian Parliament are intended to deprive the representatives of the people of this! country of freedom of speech and to prevent the investigation of Governmental wrongdoing, and to vest the whole control of Parliament in the hands of the Government of the day;

"Be it therefore resolved that this meeting hereby ex- LAURIER AND BORDEN presses its full endorsation of POLICIES COMPARED. the position taken by the Liberal party at Ottawa for the preservation of the British Empire and all the rights and privileges of the people of Canada, and pledges itself to do all in its power to uphold their hands, believing they are fighting the people's battle."

DIRECT VOTE FOR SENATORS.

It may now be taken as settled that United States senators will hereafter be elected directly by state voters at large, and not by state legislatures. This will bring an end to one kind of scandal which has arisen several times of late. In three states formal charges have been made and sustained that legislators accepted bribes in connection with the election of senators. The direct vote will end this kind of bribery, and the popular vote in most of the states is so large that it will be impossible to win elections by the purchase of votes. State legislators are probably no more corrupt than United States voters or the voters and legislatures of any other country, but their number is so small that on critical elections a few members of the worse sort may have a vast influence.

ORTIE M'MANIGAL TO HAVE FACE ALTERED

Plans to Have Scar Removed from Forehead so as to Escape Recognition.

Los Angeles, Cal., May 5-In preparation for his release from the county jail, Ortic McManigal is planning to have his face altered by surgery so that he will be able to escape detection by possible enemies. It has been stated by officers here that "one of these days" Mc-Manigal, who has been in Los Angeles for the greater part of two years, and who has not been prosecuted for his confessed crimes, will be given his liberty, but the date is to be kept secret so that he will be free to try to efface himself without being followed.
