SAYS NAAS VALLEY IS TO BE SURVEYED

Will Soon Become an Important Producing District Owing to Proximity to Rupert

Vancouver, May 5.—"I received a letter from Victoria on Saturday stating that the provincial government proposed to survey the pre-empted reserve in the Naas River valley," stated Mr. W. A. Myers of Gwinnah, Naas River valley, who is in the city on a business trip.

He stated that on Saturday four prospective settlers left here on a northbound steamer en route to the Naas River valley district and four families proposed to go north today.

"The Naas River valley district is the finest unsettled section in British Columbia," declared Mr. Myers, with enthusiasm, this morning. "I look forward to the time when there will be hundreds, and in fact thousands, of home-seekers taking up pre-emptions in that fertile area. The months of May and June are the best in the year for those who propose to go north to hunt for land as the undergrowth is not yet high enough to make trips through this and other valleys arduous. The Naas River valley will soon become an important producing district owing to its proximity to the G. T. P. and to steamer routes."

FOSTER ON THE NAVAL POLICY OF AUSTRALIA

He Congratulates Dominion but Ignores Canada's Failure to Follow Example.

Melbourne, Australia, May 5.—"I congratulate Australia on her naval defence policy. She is setting a grand lesson to Canada," said Hon. G. E. Foster, Canadian minister of trade and commerce, while lecturing on "Ourselves and the Empire" before the Graduates' Association here today.

After having admitted that Australia's naval policy was a splendid one, Mr. Foster skirted around the subject of his own government's naval scheme and went on to talk of other things. Following an historical sketch of Canadian social and political life, Mr. Foster referred to the matter of the Dominions shouldering the responsibilities of the Empire, for which he was vociferously cheered.

ALMOST SURE TO GET THE TUNNEL CONTRACT

Winnipeg Report Says Foley, Welch & Stewart Will Do the Work.

Winnipeg, May 5.—It is stated here that it has been practically decided that the firm of Foley, Welch & Stewart will secure the contract for the construction of the Rogers Pass double track tunnel through the Selkirk Mountains. The contract will also include the construction of seven miles of double track on each side of the tunnel, making a total length to be double tracked, including the five miles of tunnel, of about twenty miles. The number of men to be employed is not announced, but it is stated the work is to be completed inside of four years.

The National Pastime. He stoppeth one of three And 'holds him with a skinny hand.

"Have you a match?" quoth he. The shades of night were falling fast When through an Alpine village passed A youth who bore mid snow and ice A banner with a strange device—"Got a match?"

GRAND OPERA TO BE FREE IN NEW YORK

Park Commissioners Plan to Give People All Fresco Concerts of Highest Standard.

Real grand opera in the parks, with first class singers, chorus and orchestra, and free admission to everyone able to get within vocal and aural range of the performers is the latest scheme of the New York park commissioners for the entertainment of the masses this summer. They say it is a logical evolution of the park band concerts which are held during the summer in every city of size in the country. According to William J. Lee, supervisor of recreation parks and play grounds, the father of the movement, the plan has matured to the point where all that remains is the engaging and rehearsing of the company.

"It is the greatest innovation in recreational enterprises that the city has ever known," declared Lee. "It is something absolutely new and it is just what the people have wanted and needed for many years. At last every working man and woman will be able to see and hear the greatest operatic works performed by a first class company, with all the accessories of necessary scenery and costume."

And right here is where the greatest feature of the enterprise comes in. The performances are to be given on a new sort of movable stage with special acoustic properties, the invention of one A. Floryn. This stage, which looks something like the band stand shells, can be moved easily from one park to another if necessary, and it is so constructed as to carry the voices of the singers and the orchestral music far out over the heads of a great open air crowd. The stage is fully fitted with scenic apparatus and is hooked up, of course, with the city's electric lighting system.

"KID" SEEKS A FIGHT

Olman Would Like to Meet "Some Good Man" in the Ring Here About July 1

Kid Olman writes from Courtnay, B.C., to the sporting editor of the Daily News that he has signed articles of agreement for a fifteen round contest for the championship of Canada at 158 lbs., with Tex Foster, of Vancouver. The contest is to be pulled off at Cumberland on May 24th, the agreement calling for 60 % and 40 %. The Kid says he feels confident that he will win and he hopes to see a fight arranged for him here for July 1st with some good man.

If the "good man" should happen to be Ben Self with a teapot where would the Kid be then?
