TROOPS USED TO PUT DOWN MILITANT OUTRAGES

APPOINTMENTS MADE BY METHODIST CONFERENCE—PRINCE ALBERT ARRIVES IN CANADA

CANADIAN NORTHERN TO DRIVE LAST SPIKE IN NEXT NOVEMBER

THIS WILL UNITE TORONTO WITH VANCOUVER, THE MONTREAL CONNECTION BEING MADE A LITTLE LATER OWING TO PEMBROKE DELAY.

Montreal, May 13.—Sir William Mackenzie, president of the Canadian Northern Railway, whose mission in England has caused so much comment throughout Canada, arrived here this afternoon and previous to his leaving for Toronto made the following statement:

"Notwithstanding mischievous reports to the contrary, I have returned from the borrowing centre of the world feeling just as confident as ever over the success of the Canadian Northern enterprise. I am glad to be able to say that our financial friends on the

other side are more enthusiastic than ever over the outlook of the company and of the general development of the line, and we are all inspired by the fact that the last spike, uniting Toronto with Vancouver over the Canadian Northern railway, will be driven somewhere in the Rockies next November. As for the connection with Montreal the date will be a little later owing to a short delay in the completion of the line between Pembroke and Port Arthur. "Montreal will, however, be hitched up with Toronto by an independent line by Dominion Day."

INTERESTED IN ARBITRATION CASES DATING BACK TO WAR

INTERNATIONAL TRIBUNAL SITTING AT WASHINGTON TO SETTLE CLAIMS OF CANADA ARISING OUT OF WAR OF REVOLUTION

Washington, May 13.—Great Britain and the United States will begin to clean the diplomatic slate Tuesday when the international tribunal for the arbitration of the outstanding pecuniary claims between the two nations, will hold its first meeting here under the presidency of Henri A. Fromageot of France. This tribunal, created by a special agreement in 1910, will settle judicial claims of private persons of the two nations, some of them dating back to the war of 1912.

There has been no judicial settlement of any such claims since 1912. The claims listed for hearing at the opening session of the tribunal are chiefly those

in favor of or against Canada. They relate to seizure of American fishing vessels and Canadian sealers, collisions, contracts in the Yukon Territory, South Africa and India and other subjects.

The tribunal consists of besides President Fromageot, the national arbitrators, Sir Charles Fitzpatrick, Chief Justice of Canada, and Chandler P. Anderson, formerly counsel of the department of state.

The United States claims aggregate \$4,330,000; the British \$2,966,000.

FOUR CELESTIALS PAY TEN DOLLARS EACH

Manoe of the Opium Joint Cases Adjourned Until Saturday Afternoon.

When the police court opened at 1:30 yesterday afternoon the benches were filled with Chinamen. Not a white man was in sight outside of the magistrate, lawyers, police and reporters. Owing to the fact that most of them were to be called as witnesses the room was cleared before any of the cases were proceeded with. The services of an interpreter were required and the proceedings dragged slowly. When the first case was called the magistrate read the charge, that of being found in a room where opium was being smoked, and asked the accused if he was guilty or not guilty. "Me there," promptly responded the Celestial, put in a plea of "not guilty," which produced a smile in the court room.

So far only four of the fifteen cases have been disposed of. Ah Sing, Ah Chang, Ah Lung and Ah Sing were all found guilty of possessing a place where opium was smoked and a fine of \$10 and the remainder of the cases have been adjourned until Saturday morning.

BAPTIST BROTHERHOOD THIRD ANNUAL PICNIC

The Brotherhood will hold their third annual picnic to Bishop's Park, near Metlakatla, on May 23-24, 2:30 and 6. Gents \$1.00. Ladies bring baskets. Boys over 12 years 25c. 113tf

NAVAL BILL NOW ON ITS THIRD READING

Debate Opened This Morning, Lemieux Declaring Bill Means Permanent Contributions.

(Special to The Daily News.) Ottawa, May 16.—The naval bill enters upon its third reading this morning, and this evening Sir Wilfrid Laurier will make his last speech against it. Premier Borden desires to hurry the measure through and contends that it is in no sense a controversial measure. Rudolphe Lemieux, on the other hand, insists that it is, and declares that the government policy means permanent contributions to Great Britain.

Southbound Passenger List.

The following left for the south this morning on the steamer Prince George. W. Pollard, J. S. Laycock, J. W. Newman, Mrs. J. B. McLean, J. B. Johnstone, H. L. Murray, A. G. Stohl, J. G. Halloran, V. G. Bogue, Mr. and Mrs. G. A. McNeill, H. G. Webster, F. W. Hart, G. Bollitho, J. H. McMullen, L. Hamner, C. Hairsine, Mrs. Archie McDougall, Mrs. Thompson, Misses Newton, Mary Palley, P. Budreau, Mr. Conkie, Robert Kelly, G. S. Hayward, S. Mottishaw, J. A. Clouthier, C. A. Vaughan, Mr. and Mrs. J. C. W. Brown, F. C. McKinnon.

George Anderson, piano expert from Portland, will be here on his third annual trip about May 15th. Leave orders for piano tuning or repairing at Kauffmann's music store, opposite post office. 111-16

TO CEDE PANHANDLE OF ALASKA.

(Special to Daily News.) Washington, D. C., May 16.—The Senate resolution to cede the panhandle of Alaska to Canada was yesterday introduced in the House of Representatives and referred to the committee on foreign relations.

Remember that Harry C. Evans, the pioneer piano tuner, is now in town. Leave your orders at Hayner Bros. 114-19

MILITANTS STILL RAGING

Government Considering Employment of Troops to Cope with the Outrages.

(Special to The Daily News.) London, May 16.—The police having been found incapable of suppressing the outbreaks of the militant suffragettes, the government is now seriously considering the employment of troops for the purpose. A militant bomb was found yesterday outside the National Gallery, and had this have been undiscovered and have exploded national treasures of immense value and not possible to replace might have been destroyed.

FRONT ELEVATION AND PLANS OF THE NEW BAPTIST CHURCH

Architect Harrison Rogers Gives Details Showing What the Handsome Structure Will Comprise When it is Wholly Completed, and its Many Modern Conveniences

The illustration herewith shows the splendid building of the First Baptist Church in this city, part of which is now well under construction. At the outset the entire building was planned and designed so that part could be built at once and in a couple of years the larger remaining portion could be constructed in perfect harmony with the present building. This method

was adopted after the most careful consideration and offered the best solution for a church in a young growing city. The building committee have spared no expense in the present structure, and the finish and fixtures will be of the best, including exterior stucco finish, hot water heating and other modern conveniences, leaded glass windows and handsome native fir finish.

FIRST BAPTIST CHURCH
PRINCE RUPERT, B. C.
HARRISON W. ROGERS
ARCHITECT

od was adopted after the most careful consideration and offered the best solution for a church in a young growing city. The building committee have spared no expense in the present structure, and the finish and fixtures will be of the best, including exterior stucco finish, hot water heating and other modern conveniences, leaded glass windows and handsome native fir finish.

The present building, which includes the rear portion containing the small tower, is a two storey building. Entering on the ground floor is a spacious lobby with pastor's study and office on the right and a broad stairway on the left leading to the auditorium above. The ground floor also contains many pleasing features, principal among which are the large parlors, handsomely finished and made homelike with an immense brick fireplace, the brick facing being laid up in a dignified pattern. The two parlors have double doors between and a well appointed kitchen will aid in the popular socials of the church societies. Shower, locker

and dressing rooms also add to will be used only as a Sunday school room. The lofty ceiling, with its heavy exposed beaming finished in native fir, will give a richness to the auditorium and

with this, combined with the mellowed light through amber and contractors. Mr. Rogers is one of the popular young men of the city. He is the son of James H. Rogers, the well known pioneer steamship agent, and was for some years associated with W. L. Barker, who was the architect for most of the principal buildings of the city, including the general hospital. Mr. Rogers has now a modest shingle on the Federal building and from the large connections he has made by his long residence here his work as an architect will undoubtedly be in demand.

CALLIES AND UNITED PLAYED RATTLING FINE FOOTBALL GAME

UNITEDS TOOK THE LEAD BUT BY A BRILLIANT RALLY THE CALLIES WERE WINNING OUT WHEN TIME WAS CALLED AT 3 TO 3

The football game last night between the Callies and the G. T. P. United proved to be the fastest and most exciting game so far this season. The "United" had strengthened their team considerably by the inclusion of several players from other organizations, while the Callies at the last moment were unable to appear at full strength.

During the first half the play was very even, the score at half time being 1 to 0 in favor of the United, although a draw would have represented the play so far.

During the first portion of the second half the United played a strong game, Hardy and Garnet adding a goal each, making the score 3 to nothing, and it looked

as though the game was decided. And then the Callies rallied. They seemed to carry everything before them, piling up three goals in short order, Stewart, Campbell and Dick being responsible for the same, and the call of time alone prevented them from winning the game. The final score was 3 to 3.

Taken as a whole it was a good exhibition of football, every man on both teams doing his utmost. For the Callies Kelly and Abbott at half back were the outstanding men; while the Currie brothers did yeoman service for the G. T. P. United.

Much credit is due Alex. Holmberg, the referee, who handled a delicate situation with a masterly hand.

JAPAN IS HOPEFUL OF FRIENDLY SOLUTION

London Papers Marvel at "Consistency" of Bryan in Talking Peace and Despatching Warships.

(Special to The Daily News.) Tokio, May 16.—The government is of the opinion that a friendly solution of the California difficulty will be reached and deplores the frenzied action of her citizens on the subject.

London, May 16.—The newspapers this morning are marveling at the "consistency" of the United States in its treatment of Japan, and instance the fact that Secretary of State Bryan while talking peace is at the same moment dispatching warships to the Pacific Coast in view of the course the controversy with Japan has taken.

PRINCE ALBERT ARRIVES Son of King is Acting as Naval Cadet on Board the British Warship Cumberland.

(Special to The Daily News.) Halifax, May 16.—H. M. S. Cumberland, with Prince Albert, second son of King George, aboard, arrived this morning from Bermuda. They will make a stay of fifteen days and then proceed to other Canadian points. The prince is serving as a naval cadet aboard.

ENTENTE WITH GERMANY

(Special to The Daily News.) London, May 16.—Lord Morley is shortly to make an official visit to Germany with the view of arranging an entente with that country.

MAKING THOROUGH INSPECTION TRIP

Collingwood Schreiber, Chief Engineer of Government Railways, Left for Interior Today.

At 9 o'clock this morning a special train consisting of the official car and a new tourist sleeper left for the interior. Among those on board were General Superintendent Mehan, Collingwood Schreiber, chief engineer of government railways; S. R. Loftus, secretary to Mr. Schreiber; B. B. Kellier, chief engineer of the G. T. P., and C. C. Van Arsdol, division engineer. A thorough inspection of the line to the end of steel will be made and the party expects to go by wagon or packhorse probably 150 miles farther. It is likely the trip will take nearly two weeks.

NEXT IS A BREWERY

Construction of One in Prince Rupert to Start Right Away.

Before Robert Kelly, of Kelly, Douglas & Co., left this morning he announced that a brewing company in which he holds controlling interest would have a brewery in operation in this city before the end of the year. He is vice president of the Vancouver Brewing Company and also of one in Nanaimo. The site is believed to have been practically decided upon, but information upon this point was not given. It is believed that the new concern will either be at Cow Bay or in Section Two.

The Princess Mary, southbound, is expected this afternoon, and the Princess Mary from the south this evening.
