

BORDEN MAY YET HAVE TO APPEAL TO COUNTRY

GREECE AND SERVIA DELAYING PEACE—JAPANESE RELIANCE ON UNITED STATES JUSTICE

JAPAN EXPRESSES CONFIDENCE IN JUSTICE OF UNITED STATES

BUT IF HER APPEAL FOR A DISCONTINUANCE OF THE ALLEGED DISCRIMINATION SHOULD FAIL AN ESTRANGEMENT IS BOUND TO FOLLOW.

(Special to The Daily News.)
Tokio, May 19.—Faith in the justice of the United States to see justice done to the Japanese is the dominating note of all discussions of the California alien ownership legislation. War talk is denounced as ridiculous and only calculated to embarrass the two governments, which are laboring for a peaceful settlement by diplomacy.
It is conceded, however, that a failure on the part of the United States to respond to the Japanese appeal for a discontinuance of the alleged discrimination would be liable to lead to some rearrangement of the two peoples. The Japanese public generally is convinced that the land bill is a racial and not an economic measure, and hence a blow to national pride. The people here feel that the world must be taught the necessity of equal

treatment for whites and non-whites.
Opinion in London.
London, May 19.—The Pall Mall Gazette of Saturday states that Japan wishes to carry the California land question to The Hague tribunal, and has this to say on the point:
"If the Chinese and Japanese are to have free entry to the Pacific Coast it means eventually the extirpation of white labor from that region. All the arbitration in the world will not persuade the people of the western states that it is their duty to give up their bread and butter to an alien race and we can imagine how much likelihood there is of the government at Washington taking measures to enforce such an award on its own subjects. We should rather like to see the experiment for its usefulness in bringing dreamers back to hard facts."

TO INTRODUCE BILL TO FORCE MILITANTS TO PAY DAMAGES

BRITISH HOME OFFICE, WEARY OF THE SUFFRAGETTE OUTRAGES, CONSIDERING A MEANS WHEREBY COMPENSATION MAY BE COLLECTED

London, May 17.—The Home Office is considering the introduction in parliament of a bill providing the recovery of compensation from the suffragette for damages suffered at the hands of the militants.
The latest device of the suffragettes is to sow the streets with nails thrust through pieces of stiff leather bearing a suffragist inscription, with the object of puncturing automobile tires.
The Daily Mirror asserts that a suffragette plot has been discovered to kidnap a cabinet minister, dress him in woman's clothes, and submit him to a mock trial.

In the fight against the government for a free press, the labor party after mature consideration, has decided to adopt a plot which is new to England, but has been found effective by German Socialists in combating stringent press laws.
Should the government prosecute Mr. James Ramsey MacDonald for printing the Suffragette, he would be succeeded as manager by Mr. James Keir Hardie, who in turn would be followed by other labor leaders until the government is forced to capitulate.

BRITISH MINE OWNER AND HIS WIFE IN FIGHT WITH MEXICANS

THEY KILLED FIVE AND WOUNDED THREE OUT OF A BAND OF ELEVEN EMPLOYEES WHO DEMANDED THEIR WAGES WITH MACHETES AND CLUBS.

(Special to The Daily News.)
Agua Calientes, Mexico, May 18.—John Walker, a British mine owner, and his wife, fighting shoulder to shoulder, recently

killed five and wounded three men out of a band of eleven employees at Walker's mine, near Villa Garcia, Zacatecas. Mr. and Mrs. Walker arrived here today under an escort of troops.

The employees attacked Mr. Walker in the office of the mine because of his inability to raise money with which to pay wages. The attackers used machetes and clubs and Walker had been seriously beaten and cut when he opened fire with an automatic revolver. Mrs. Walker reinforced her husband with a rifle.
After the battle Mr. and Mrs. Walker made their escape from the building and were befriended by a Spanish priest, who hid them until he could procure the aid of the United States consular agent here.

Engineers' Examinations.
Examinations for stationary engineers will be held in Prince Rupert at an early date by L. Duckitt and H. Worth, provincial boiler inspectors.

NAVAL BILL IN SENATE

August Body Will Probably Discuss the Measure Tomorrow or Next Day.

(Special to The Daily News.)
Ottawa, May 19.—Premier Borden's naval bill will probably go to the Senate today and be discussed there tomorrow or the day following. It is stated the Liberal majority in the Senate will accord Premier Borden's naval bill the same reception the Conservative senators gave Sir Wilfrid Laurier's naval bill, namely, that it should not become law until endorsed by the people.

GREAT CONFERENCE OF PRESBYTERIANS

Rev. Mr. Kerr Leaves for the East to Attend Greatest Conference in History of Church

Reverend and Mrs. Kerr left this morning on the ss. Prince Rupert for Vancouver en route to Toronto where Mr. Kerr will attend a pre-assembly conference of the Presbyterian ministers and laymen of Canada. This conference, which will in all probability be the largest and most important ever held in the history of the Presbyterian church in Canada is being financed by ten prominent and wealthy Presbyterians, each of whom is contributing \$10,000 towards defraying the travelling expenses of delegates. Rev. Mr. Kerr will be away from his charge about six weeks, during which Mr. McDonald will conduct the regular services and look after the pastor's other duties.
Mrs. Kerr expects to pay a visit to her former home in Missouri before returning to Prince Rupert.

CROPS OF CANADA IN FINEST CONDITION

Census Bureau Reports Promise of Yield Greater Than Average of the Past Four Years.

Ottawa, May 15.—A bulletin issued yesterday by the census and statistics office records the condition of crops and live stock on April 30 as reported by agricultural correspondents throughout Canada.
It is estimated that in Ontario about 18 per cent, and in Alberta about 43.5 per cent, of the areas sown to wheat last fall have been winter killed. These percentages represent a deduction of 261,000 acres from the total area sown to fall wheat, namely, 1,086,000 acres, so that the area remaining to be harvested is now 825,800 acres.

The condition of the fall wheat on April 30 was: In Ontario 83.4 per cent., and in Alberta 76 per cent, of a standard representing the promise of a full crop. Corresponding percentages on the same date last year were 71.2 for Ontario and 76.8 for Alberta.
For all Canada the condition on April 30 of this year was 83 per cent, of the standard representing the promise of a full crop, or 104 per cent, of the average yield for the past four years. Last year at the same time the corresponding figures were only 72.6 per cent, of the full crop standard, and 87 per cent, of the average of the three previous years.

Spring seeding has made good progress throughout the greater part of Canada, and was much further advanced at the end of April than it was on the same date last year.
The condition of live stock remains generally satisfactory, being for all Canada more than 90 per cent, of a standard representing a healthy and thrifty condition.

NO ADVANCE MADE AS TO ALIEN LAND ACT

Arizona Has Followed Example of California, Further Complicating Matters

(Special to The Daily News.)
Washington, D.C., May 19.—The Japanese negotiations over the California land bill have not advanced the slightest during the last twenty-four hours. Gov. Johnson has not yet signed the bill, so far as officials in Washington are advised. It is believed negotiations for a modification of the bill will be resumed.

Phoenix, Arizona, May 19.—Governor Hunt today signed the anti-alien land bill prohibiting Mongolians and Caucasians who have not become citizens from holding land.

THREE TON COMMERCIAL TRUCK

Has Arrived in City for Rogers & Black—Will Be Used for Coal Delivery.

The arrival on Saturday of a three ton Commer commercial motor truck for Rogers & Black is another evidence of Prince Rupert's progress, and its first appearance on the streets attracted considerable attention. The Commer is one of the best known English trucks and is one that has passed the experimental stage. Rogers & Black have shown good business judgment in purchasing such a truck and it will beyond doubt prove a profitable investment. So far the truck has been able to cope with every hill that has been attempted, including the 8 per cent, gravel bed grade from the G. T. P. overhead bridge.
The first coal delivered by the new truck was to George Shea, Ambrose avenue, and M. J. McNeill.

SCOTTISH INFLUX

Another Two Thousand Leave Their Native Heath All in One Day.

(Special to The Daily News.)
London, May 19.—A Glasgow despatch says that another 2,000 Scottish emigrants left that port for Canada and the United States yesterday. The Pretoria carries 450 for Quebec and Montreal, the Athenia 540 for Montreal, while the Cameronia has embarked 900 for Canada and the United States.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 29.933; maximum temperature, 53; minimum temperature, 43; precipitation, .54 inch.

LIBERAL MEETING

A general meeting of the Prince Rupert Liberal Association will be held in K. of P. Hall, Helgerson Block on Thursday evening, May 22nd, at 8:30 o'clock sharp, for the election of delegates and other business.
P. W. ANDERSON, Secy.

BILLY WEEKS WINNER

Defeats Romeo Hagen of Seattle in 15 Round Bout

(Special to The Daily News.)
Vancouver, May 19.—Billy Weeks, formerly amateur middleweight champion, on Saturday night defeated Romeo Hagen of Seattle in a fifteen-round bout. Weeks had the best of the fight all the way through.

The police court docket this morning consisted of two ordinary drunks, one forfeiting \$10 bail and the other being fined \$6 and \$2 costs.

DUNCAN ROSS WILL ADDRESS LIBERALS

Splendid Meeting Has Been Arranged for Thursday Night.

The regular monthly meeting held under the auspices of the Prince Rupert Liberal Association will be held in the K. of P. Hall, Helgerson Block, on Thursday evening, May 22nd, at 8:30 o'clock. These meetings are open to all who are interested in securing some semblance at least of responsible government in British Columbia.

So far the meetings have been exceptionally well attended and the discussion most enthusiastic. They are extremely enlightening as to the mismanagement of public affairs, particularly in this western province.

Duncan Ross, one of the most convincing and entertaining speakers in the west, will deliver an address Thursday evening on live issues, in addition to short addresses by others. All Liberals and friends of Liberalism in the city and surrounding district should make an effort to be present.

STIFF SENTENCE FACES PATRICK QUINLAN

J. W. W. Leader Found Guilty of Inciting to Riot in Mill Strike at Paterson.

Paterson, N. J., May 15.—Relations between the city and county authorities and the striking silk mill workers, strained at all times since the start of the strike two months ago, were made more acute today by reason of the conviction of Patrick Quinlan, the industrial workers of the World leader, who was found guilty yesterday of inciting to riot.

He will be sentenced probably tomorrow and faces a maximum penalty of seven years in prison and a fine of \$2,000. He is perhaps the most conspicuous leader of the Industrial Workers of the World ever convicted of an offence of this character.

Four other leaders of the organization are yet to be tried for inciting riot. They are "Big Bill" Haywood, Elizabeth Gurley Flynn, Carlo Tresca and Adolph Lessag. According to the plans of the prosecutor, the next defendant to face the bar will be Tresca. His trial will start a week from Monday. Quinlan is out on bail and his lawyers are making preparations for an appeal.

PACIFIC END OPEN

(Special to The Daily News.)
Panama, May 19.—The waters of the Pacific ocean were let into the Panama Canal this morning. A giant blast of 32,750 pounds of dynamite was shot off, demolishing the dyke to the south of Miraflores locks and allowing the water to flow into an extensive section in which the excavation work has practically been completed.

ANOTHER PEACE CONFERENCE PROBABLY STARTS TOMORROW

GREECE AND SERVIA PLAYING A WAITING GAME WITH THE DIPLOMATIC VIEW OF PLACING BULGARIA AT A DISADVANTAGE.

(Special to The Daily News.)
London, May 19.—The Balkan peace conference are now in London and will be formally welcomed by Sir Edward Grey, secretary for foreign affairs, at a reception this afternoon. The first meeting of the conference will probably take place tomorrow. Whether the preliminary peace treaty will be signed this week, as was expected, is still doubtful.

This treaty is composed of seven sections. Turkey, according to its terms, is to abandon all territory in Europe west of a line running from Enos on the Aegean Sea to Media on the Black Sea, except Albania. The frontier lines and the disposition of Albania are left to a commission which the rulers of France, Russia, Germany and Great Britain will jointly appoint.

FRENCH-CANADIANS LEAVING NEW ENGLAND FOR EDMONTON

THREE HUNDRED FORMER RESIDENTS OF QUEBEC LEAVE MASSACHUSETTS FACTORY TOWN FOR FARMS IN THE GREAT WEST.

Boston, Mass., May 15.—Whittinsville, a prosperous town thirty miles west of this city, is being rapidly deserted. In two days three hundred French-Canadians, former residents of the Province of Quebec, have left for Edmonton, Alta. Later this summer another contingent will leave. Many are giving up paying positions in the mills in towns near Whittinsville. Families are being broken up in many cases, and the station presents a sorry sight.

The emigration to Canada from this and other New England towns is becoming alarming to business people, and an

effort will be made to induce the residents to stay here. The Canadian government is working actively through agents all over New England to induce the Canadian born people to return to their native country.

J. M. Christie, branch manager of the Canadian Bank of Commerce, left Saturday night on the steamer Prince John on a business trip to Skidegate and Queen Charlotte City.
