WHO PRINTED THE FAKE TICKETS.

A sequel to the big Laurier demonstration in Toronto Monday week is that somebody printed and distributed—largely among Conservatives—about two thousand cards of admission, almost a facsimile of the legitimate cards issued and signed by Mr. F. G. Inwood, the organizing secretary. Not only did the admissions through these tickets squeeze out a corresponding number of the faithful who came, some from far distant parts of the province, with legitimate credentials to hear the "Big Chief," but, according to some Liberals, it was a part of a plot on the part of local Conservatives to break up the meeting. If it was a plot it failed miserably, for the five thousand good and true Liberal supporters totally swamped any hecklers who attempted counter demonstrations. Detectives are now endeavoring to find the printer. A close inspection of the two tickets will show a somewhat different style of type and a discrepancy in the signature. The first in the illustration is the forged, the second the real ticket.

LEAVE NORTH DAKOTA FOR PEACE COUNTRY

Forty Austrian Families Said to Have a Credit of a Million Dollars or More.

Vancouver, May 19—As a forerunner of forty Austrian families, owning and representing wealth to the extent of $1,000,000 or more, Mr. Geo. Platzer himself one of the wealthiest of the group, left Vancouver yesterday for Fort George. His object is to locate sufficient land to supply the forty families, which are at present successfully operating farms in North Dakota in the vicinity of Mandan.

In conversation with his banker here, Mr. Platzer stated that if the colony decided to come to British Columbia the poorest man among them would have $5,000 cash in addition to his stock and furniture. Others would have as much as $25,000 cash, and the live stock they own is ranked with the best in the American west.

Mr. Platzer's object is to locate in the Peace River country 50,000 acres of good agricultural land. The most of this he expects to purchase from the Provincial Government as he is sure that the government will do everything in its power to assist such a colony of wealthy and efficient farmers.

WHEN THE YUKON ICE STARTS MOVING DOWN

Summer Activity Is Renewed Throughout Territory—Some Happenings in Dawson.

Dawson, May 15.—The Yukon river opened at Dawson at 5 o'clock this afternoon, and it is expected that the waterway will be clear from Labarge down within a week, when the first steamers wintering here will start for Fairbanks for fresh supplies.

Summer activity has been renewed everywhere in the Klondike camps. There is plenty of labor available.

All the dredges in the district are now running in full blast. The season has been very backward and the hydraulics are just starting.

Snow has scarcely started to leave the high hills and valleys.

Gold is now coming in from the creeks very plentifully and first shipments to the coast will be made as soon as the river opens sufficiently to permit navigation.

Bill McPhee, a pioneer of the district, was found dead this morning, while Mrs. Charles Redmond and Mrs. Dan Cronin died within the last few days.

The Sidestreams Navigation company today officially advertised a cut in the rates of passenger fares between Dawson and Whitehorse. This will reduce the rates 50 per cent. from the tariff of last year.

BIG STRIKE BREWING

All the English Railroads May Be Tied Up Soon

London, May 19—There have been threats of trouble on the Great Northern Railway for several days in consequence of the suspension and fining of Chappell, an engine driver, for failure to report for duty on time.

Officials of the company had a conference yesterday with the delegates of the men's union but they failed to reach a settlement. At mass meetings on Sunday a resolution was adopted calling on the National Union of Railwaymen and the Engineers' Union to demand the immediate reinstatement of Chappell, and if this is refused to give twenty-four hours notice of a general strike.

REVOLVER THAT HITS TARGET EVERY TIME

Arrangements of Light and Lenses Showing Where Bullet Is Certain to Strike.

A frightful addition has been made to the efficacy of the revolver by a French inventor. A small but powerful electric light is attached to the mechanism of a pistol of ordinary size. By use of lenses and mirrors, the glare of the circle of light which the lamp throws is bright enough to be clearly seen in daylight against so dark an object as a light colored suit of clothes. Now the centre of the circle of light, marked by a black spot, by arrangement of the lenses, is exactly the spot where the bullet will strike. Thus, all one has to do is to place the black centre of the blazing circle of light over the heart of an adversary and pull the trigger.

At night the light is shockingly strong. Experiments with the new weapon show that perfect greenhorns, who have never used a revolver in their lives, can shoot far more accurately than experts using an ordinary pistol. Up to sixty yards one cannot miss a small bull-eye, day or night, while extremely accurate shooting is possible up to a hundred yards.

MORE STOLEN BILLS PASSED IN CHICAGO

Were Stolen from New Westminster Branch of the Bank of Montreal

Chicago, May 20—Half of the $271,000 stolen by four bank robbers from the Bank of Montreal's branch in New Westminster, in September, 1911, was brought to Chicago, according to J. H. Schumacher, of the Pinkerton Detective Agency. Nearly a $100,000 of the loot has been changed into United States money by saloon keepers in Chicago, says Schumacher.

Michael J. Flannigan, who was arrested early yesterday morning by Pinkerton and Chicago detectives, is said to have obtained some of the American money in exchange. Three other saloonkeepers are under surveillance and other arrests may follow.

The statement of William J. Lawler and Charles O'Leary, arrested on Saturday in connection with the robbery, charges Flannigan with being the receiver of some of the stolen money. Flannigan keeps a saloon and is known to the police as "a big brother" to yeggs who happen to be in Chicago.

CAPTAIN SCOTT'S ESTATE

Property Left by Late Explorer Valued at $16,500.

London, May 19.—The estate left by Captain Robert F. Scott, the British explorer who perished on his way back from the South Pole, amounts to $16,500, according to his will, which was offered for probate yesterday.

King George gave an audience yesterday to Commander Evans, who was second in command of the Scott expedition, and heard from him a narrative of their travels and the tragedy. The King conferred on Commander Evans the order of Commander of the Bath.
