WIND AND HAIL STORMS PLAYING HAVOC IN EAST

HUNDRED BODIES TAKEN FROM EARTHQUAKE RUINS—ANOTHER OUTRAGE BY THE MILITANTS

HURRICANES AND FIERCE HAIL STORMS DO IMMENSE DAMAGE

ONE MAN KILLED AT MONTREAL—ROOF OF DOMINION BUILDING BLOWN OFF AT THREE RIVERS—BRITISH BATTLESHIP DRIVEN AGROUND.

(Special to The Daily News.)
Montreal, June 17.—During the fierce wind storm of yesterday a wooden shed, 350 feet long and 20 feet high, was lifted from its foundation and dashed into splinters. The body of Harold Lindsay, 21 years of age, was dug out of the debris. The storm lasted but a half hour, but in that time did considerable damage. It was followed by one of the wildest hail storms of recent years. Boats were driven to shelter but no loss of life on the water has been reported.

Three Rivers, Que., June 17.—This city and military camp were visited yesterday with the worst thunder storm in years and more than half of the camp was levelled. The town power lines were demolished. There can be no light for two days. The roof of the Dominion building was blown off and many buildings suffered damage.

Ernfold, Sask., June 17.—This town, which is a few miles from Moosejaw, was yesterday visited

by a tremendous cyclone and almost entirely obliterated, many buildings being entirely wrecked. No loss of life has been reported.

Plymouth, Eng., June 17.—During the storm last night the battleship Magnificent was driven aground off Penless Point. There is no danger and she will probably float off at high tide.

AERONAUT AFLOAT

Two Racing Aviators from Paris Picked Up in English Channel

(Special to The Daily News.)
London, June 17.—Two aeronauts, who were participating in the long distance balloon race from Paris, were yesterday picked up by a tug twenty-two miles north of Ventnor, on the south coast of the Isle of Wight. They were clinging to the wreck of their collapsed balloon and were nearly exhausted.

\$4.50 Wicker chairs and rockers at G. D. Tite's June prices.

FLEET OF BIG BOATS FOR PACIFIC PORTS

Grand Trunk Pacific to Have Line from Here Running to Californian Ports.

Our United States consul at Vancouver, B. C., states that the Grand Trunk Pacific Railway will early establish a steamship line between all Pacific ports in British Columbia and California. It is also stated that upon completion of the transcontinental railroad to Prince Rupert, a line of 20 knot steamers will be put on between Oriental ports and British Columbia and Puget Sound cities.

The line from Prince Rupert, Vancouver and Victoria to California ports will be direct and will connect at the British Columbia terminals with Canadian transcontinental lines. The vessels will be speedy and fitted with large and well appointed passenger accommodations. They are expected to enter into strong competition for the passenger carrying trade during the San Francisco and San Diego exhibitions.

There is every reason to anticipate not only a great inflow of world trade through the Panama Canal, but also a remarkable impetus to local exchange on the Pacific Coast itself. Business on the Pacific Coast is in embryo. Isolated cities have made remarkable development, but the coast, as a great commercial unit, has hardly become conscious of itself. The Pacific Coast states will profit by greater co-operation, politically and commercially. They are closely allied in the character and quality of citizenship and supplement each other in natural resources.—Los Angeles Tribune.

Cabinet Minister Coming Here.

(Special to The Daily News.)
St. John, N. B., June 17.—Hon. J. D. Hazen is making a short stay at his home here preparatory to paying a visit to the Pacific Coast in July. During the western tour he says he will visit Prince Rupert.

Booze Money.

The two Indians who were arraigned before Magistrate Cars yesterday on the charge of drunkenness were today found guilty and fined. Dan Cookson had to pay \$10 and Lazarus Gray \$7.

MUST HAVE THAT CUP

Duke of Westminster Will Try Again for Polo Trophy

New York, June 16.—The Duke of Westminster, who backed the English polo team on its trip here, says he has only just started his campaign to lift the Westchester Cup and take it to England. This was all the English players would say as to the possibility of another challenge. A cable despatch hints at the possibility of a challenge from Germany. The receipts at last week's matches amounted to \$204,000.

COLD STORAGE MASCOOT

Black Bear Captured in the Wilds of Queen Charlotte.

That mighty Nimrod Walter Clayton, chief engineer of the cold storage works was over at Queen Charlotte Islands week before last and brought back with him a black bear that he had captured alive. The animal has since been quite a pet and has been adopted as the mascot of the plant. On Sunday he climbed a tree and a branch broke. The result was that "Teddy" had a big fall and injured his shoulder. Walter brought him to town yesterday and Dr. Cade, the veterinary surgeon, treated the little mascot.

Hays Cove Water Supply.

A letter from residents of Hays Creek Cove was received by the council last night complaining of the irregularity of the water supply in that district. It was stated that the water was frequently cut off for a day without notice. Alderman Maitland, discussing the letter, said that this often happened two or three times a week. The letter will be further considered by the works committee.

Strawberries the Very Thing.

The Ladies' Aid of the Methodist Church are giving a strawberry luncheon in the Hart Block today in aid of their church. The lunch is excellent and will be served all afternoon, and if the supplies hold out, after the theatre this evening.

For furniture, carpets and linoleums, inspect the Geo. D. Tite's stock for quality. 128-Lf

PRIVATE SEWERS AND PUBLIC EXPENDITURE

Sewer Bylaw Passed Which Enacts That Private Drains Are Wholly at Owner's Expense.

The sewer amendment bylaw was considered last evening when the council went into committee of the whole on its third reading. The clause which was the subject of most discussion was that which ruled that temporary drains or sewers should be maintained by the individuals who put them in and that the expense of any improvements ordered by the city engineer should be borne by the owners of such sewers.

Alderman Bullock - Webster desired to know whether this clause would be retroactive in effect. He did not think it fair that those who had installed sewers at their own expense should then be required to pay rentals of \$5 and more for their use.

Alderman McCaffery agreed that the case seemed hard and said that he had at first viewed it in the same light as Alderman Bullock-Webster. The burden of maintaining the sewers could not, however, fairly be laid on the shoulders of those who derived no benefit from their use. And after all these private sewers emptied into the trunk sewers, which were the property of the city.

With little further discussion the clauses were adopted and the bylaw passed.

DOCTOR WRIGHT FETED BY TORONTO COUNCIL

He Is Presented with a Gold Watch and Debenham Given a Diamond Pin.

(Special to The Daily News.)
Toronto, June 17.—Dr. Wright, who was attached to the ill fated Scott Antarctic expedition, reached here from Prince Rupert on Sunday and was yesterday given a hearty reception by the city council, the Canadian Club and several other organizations. He was presented with a gold watch and an illuminated address, and to his companion on the expedition, Mr. Debenham, an address was also presented, together with a diamond pin.

ONE MORE OUTRAGE

Militants Mutilate Three Hundred Valuable Volumes in College

(Special to The Daily News.)
Cambridge, June 17.—It is a public wonder what form the militant suffragette outrages will take next. Following the contemptuous shower of innocent flour on the heads of members of parliament as they were seated in the House of Commons comes the news that yesterday three hundred valuable volumes in the library of St. John's college, were found to have been horribly mutilated by suffragettes.

Treaty Extension with Norway.

(Special to The Daily News.)
Washington, June 17.—Secretary of State Bryan and the Norwegian Minister signed an extension of another five years to the arbitration treaty between the United States and Norway yesterday.

RAILWAYS FOR ALASKA

Federal Government to Issue 40 Millions in Bonds for Them.

(Special to The Daily News.)
Washington, June 17.—The United States senate committee has provided for forty million dollars of bonds to build railways in Alaska, following the report of the experts that went into the question a year ago.

"HOBOS" CONVENTION

Sparkling Comedy at the Westholme Theatre Last Night.

There are no hoboes in Prince Rupert and the visiting Frank Rich Comedy Company during their stay here, having become acquainted with and somewhat surprised at this fact, thought it a good piece of business to show Prince Rupert people what a hobo is and what the word means. So they put on at the Westholme last night a piece called "Hoboes' Convention," in which Ira Robertson and Herb Bell played the parts of two hoboes as if to the manor born. But to call it a convention was somewhat of a misnomer, for certainly Miss Edith Wilma, in the modish costume of a chatelaine, could scarcely be classed as a country tramp except by stretching the imagination to the extent of its resiliency.

The same with the chorus girls who flitted in and out, each time in a different and more engaging and abbreviated costume. But they were in character as representing the sunshine in which the hobo loves to bask, and the warble of the birds in the overhanging branches. Several of the songs were very catchy, and these, with the funny antics of the hoboes themselves, made a merry night of it. As for the plot, if there was one, no one could keep track of it because the continued bursts of laughter from the audience smashed the continuity of his thought.

The comic opera tonight is "The Man from Klondike."

MORE BOMB THROWING

Los Angeles Has a Second Visitation of Destruction.

(Special to The Daily News.)
Los Angeles, June 16.—Two young Italians were terribly burned and mangled by a bomb which they hurled under the porch of a dwelling house early this morning. The house was wrecked and it is believed the sleeping inmates were killed. The bomb exploded as soon as it struck and the two dynamite men were so close to it that they received the full force of the explosion. They were taken to the hospital.

EMPRESS THEATRE CROWDED

Wonderful Films of Napoleon's Retreat Again Shown Tonight.

Those really wonderful films depicting the historical retreat that Napoleon made from Moscow, and the direful sufferings of his men among the desert wastes of snow and ice, was an attraction that few who have read history — and especially those students with particular opinions on the career of Napoleon — could resist. The consequence was that the Empress Theatre was crowded last night and will probably be again tonight. In these thrilling films the Empress Company have a far better drawing card than the celebrated dramas in which Sarah Bernhardt was the central figure, as proven by the very large and appreciative audience of last night.

Pantorium Pleaser Cleaners, Phone 4.

RAILS WILL REACH FORT GEORGE IN FALL

Gap of Only Hundred Miles Between There and Tete Jaune Cache Now.

Vancouver, June 12.—The Vancouver office of Messrs. Foley, Welch & Stewart, railway contractors, has been advised that railroad on the Grand Trunk Pacific Railway is now at a point sixty miles west of Tete Jaune Cache, and that the tracks will reach the second crossing of the Fraser; forty miles farther west, by the end of this month.

This will leave a gap of only 100 miles separating that place and Fort George. However, all of the grading of this last section is far advanced, leading to the belief that the tracks will reach Fort George late this coming autumn.

FOUR NUNS INJURED RIDING JOY WAGON

Three Were Killed During Motorcycle Races Held at Oakland on Monday.

(Special to The Daily News.)
Fresno, Cal., June 17.—Yesterday the Mother Superior of a girls' academy here and three Sisters were hurt when an auto in which they were riding turned turtle.

At Oakland three were killed in the motorcycle races. Two of the victims were riders and the other a girl spectator of the collision.

At Portland a man was killed when his motorcycle collided with a street car.

CROP OUTLOOK EXCELLENT

Every Indication of a Bumper Harvest this Autumn

(Special to The Daily News.)
Winnipeg, June 17.—The grain along the line of the Canadian Northern is in a very advanced state and the prospects for a bumper crop are excellent.

Moose Jaw, June 17.—The crop in this district is as far advanced as it was last year in July. It was raining last night and that was just what was wanted.

EARTHQUAKE FATALITIES

One Hundred Dead Dug from Ruined Homes at Tirovani

(Special to The Daily News.)
Sofia, June 17.—An earthquake visited Tirovani on Saturday, demolishing most of the homes and other buildings. Up to this morning there had been dug out of the ruins no less than one hundred dead, while the hospitals are crowded with injured.

Collar Bone Broken.

Louis Lando, of Lando & Company's clothing store on Second avenue, was brought to the hospital about 11 o'clock last night with a collar bone broken by a fall which he sustained in attempting to stop the runaway horse of Isador Director. He is reported to have spent a comfortable night and to be progressing favorably.

Curacao Expected Tomorrow.

The Curacao of Seattle will put in here on her way north with a general cargo tomorrow evening, probably about 9 o'clock. The Curacao is usually employed in supplying the canneries along the Alaskan coast.

Burial Ground for Jews.

A request from the Jewish community of this city for twenty-two lots in the cemetery was granted last night by the city council.

The weather report at 5 o'clock this morning read: Barometer, 30.154; maximum temperature, 64; minimum temperature, 52.

OLE CROSBY'S HEAD FALLS BY CITY ENGINEER'S GUILLOTINE

CITY COUNCIL VOTES TO GIVE RETIRING OFFICER TESTIMONIAL OF EFFICIENCY—WORD SPARRING BETWEEN ALDERMEN.

There was some excitement at the city council meeting last evening when Alderman McCaffery and Alderman Bullock-Webster locked horns over the question of granting a request for a month's salary in lieu of holidays to Mr. Ole Crosby, of the waterworks department, who, it transpired, has received notice to quit from the city engineer.

Alderman Bullock - Webster said that similar requests had been granted to other members of the department last year and he thought it only fair that Mr. Crosby should get the same treatment. He moved that the request be granted.

Alderman McCaffery thought that this was making too free with other people's money. He moved an amendment that the letter be filed.

Acting Mayor Sutherland reminded the aldermen that Mr. Crosby's discharge had been made, he understood, on the ground of insubordination.

Alderman Bullock - Webster pointed out that Mr. Crosby had been for nearly four years in the service of the municipality and had been generally esteemed as an official that did his full duty. He thought it only fair that the city should give him fair play now that he was leaving.

The amendment was lost and Alderman Bullock-Webster's motion was carried.

Alderman Bullock - Webster further wanted to give Mr. Crosby a testimonial to the effect that the council did not consider him in any way responsible for the freezing of the water pipes. He desired to make it clear that no investigation had been made into that freezing of the water pipes. The members of the committee might be blamed for not having the trench backfilled, but the truth was that there was no money for the purpose. Yet undoubtedly much money might have been saved if the pipe had been drained. The cause of the non-drainage of the pipe had never been clearly shown and therefore he did not want it to be cast on Mr. Crosby's shoulders.

Alderman McCaffery declared that he was tired of hearing old matter raked up. If Alderman Bullock-Webster wanted to do that he could hire a public hall for the purpose.

Alderman Bullock - Webster's motion was carried in the amended form that Mr. Crosby should be given a letter of recommendation on the score of his efficiency.

LAST OF SWIFT SAILER

Brings One Back to Days of Real Sea Romance.

There is an air of romance about the ship America, which came to port yesterday in the humble capacity of a freighter. She was built in Maine and was formerly a three masted sailing vessel, remarkable for her speed. She made at one time, indeed, a record voyage between the Californian and Chinese coasts.

Now the old boat, which has breasted the seas in all parts of the world, is spending her later days carrying coal and lumber up and down the British Columbia coast. The long lines on which she is built and the figurehead of Columbia at her bow are alone reminiscent of her youth.

GIVE YOUR SYMPATHY TO THE SWELTERING

In Big Cities of United States People Are Dying Under the Ravages of Heat.

Chicago, June 17.—Three persons are dead and a score prostrated as a result of the terrific heat wave here during the last forty-eight hours. Yesterday the thermometer registered 94. Thousands spent the night in the parks and on the roofs. Among the tenements today the thermometer reached 95 and three additional victims are reported. In Wisconsin five persons were killed by the heat wave. In Milwaukee there were two deaths.

TRANSPORTATION MEN ARRIVE TOMORROW

John Pullen, president of the Canadian Express Co.; N. J. Ross, superintendent, and W. E. Duperow, general agent for the G. T. P. passenger department, will arrive in the city tomorrow morning on the steamer Prince George. Mr. Pullen will remain in the city Wednesday and go on to Stewart Thursday morning. Mr. Ross and Mr. Duperow intend going as far as Hazelton.

HINDUS APPEALING TO THE GOVERNMENT

Petition Minister Rogers to Keep His Pledge Admitting their Wives and Children

Vancouver, June 17.—"We, Hindustanis of Canada assembled in Mass meeting at O'Brien Hall, Vancouver, B.C., June 15, request the Dominion Government of Canada that the promise given to our delegates of December 15th, 1911, by the then Minister of the Interior, Robert Rogers, to the effect that the families of Hindustanis domiciled here shall be admitted into Canada, be given effect to in a suitable manner without further delay.

"We further request that the Secretary of State for India and the Colonies be advised of the decision of the Dominion Government as to their intention in this most vital question of our civil life in this country, affecting us as British subjects and as men."

This resolution was carried at a thronged meeting of Hindus held on Sunday. A resolution also carried asking for continued co-operation "in this most vital question affecting ourselves, our homes and our little ones, which is a standing disgrace to India, Canada, Great Britain and to the British Empire as a whole."

THAT BASEBALL GAME

Prince Rupert Selecting a Team to Beat Hazelton's Best.

V. A. Cole, of Cole's Cigar Store, received a wire at noon today to say the baseballers at Hazelton had arranged for rigs to take the Prince Rupert team on Dominion Day from New Hazelton to Old Hazelton. The fare for the excursion, including the bus drive, will be \$5.30.

Mr. Cole was in conference yesterday with two members of the Hazelton baseball committee, Messrs. Mosely and Jack McDonnell, who came here to make the final arrangements for the match. It is expected that the names of the players for this town will soon be ready for publication.
