BOWSER ADMINISTRATION USES ITS HIGH HANDED METHODS WITH COLD STORAGE COMPANY

COLD STORAGE CO. FORCED TO GIVE UP INDIAN LICENSES

AUTOCRATIC METHODS OF BOWSER ADMINISTRATION HAM-
PERS PRINCE RUPERT'S BIGGEST INDUSTRY.

At an enormous expense the Canadian Fish and Cold Storage Company, Ltd., have built at Prince Rupert one of the most complete and best equipped canneries on the Pacific coast, only to find that the high handed methods of the Bowser administration are to be used to interfere with its successful operation. Through the Dominion government the company secured thirty licenses for Indian fishermen, to be used in connection with their cannery at Tucks Inlet, but the Provincial government in its oligarchical fashion some time ago notified the local concern that it would not permit the operation of these licenses. On Monday Mr. George H. Collins,

BOTHA DENOUNCED AS MILKSOP AND TRAITOR

Hertzog's Supporters Using Violent Language—Prorogation
a Relief for Botha.

London, June 24.—The prorogation of the South African parliament relieves Prime Minister General Louis Botha of immediate danger to his party, but he will find recess by no means a period of repose. The cleavage between the Dutch moderates and the extremists is daily widening. General Hertzog is supported by a spirit of fanaticism, one enthusiast calling him a Christ for whom he would die. By this section Botha is denounced as a milksop and a traitor because he endeavors to conciliate the British.

The Orange Free State is almost unanimous for Hertzog, who has captured the party machine in that province, and it now appears probable that the result of the next election will be the fall of the Botha government. He will probably lose the Free State, which will follow Hertzog, and most of Natal, which will go to the opposition. He will then have only the Dutch and Labor vote in the Transvaal and Cape Colony. South African politics have large imperial interest because under present conditions any considerable immigration and development is impossible.

SUPPERS ARE NOT REGULAR MEALS

Magistrate Carss Settles Point of
Vital Interest to Hotel
Keepers.

For selling intoxicating liquor between the hours of 10 o'clock on Saturday evening and 7 o'clock on Monday morning Corley & Burgess, of the Royal Hotel, were fined \$25 in the police court this morning. The case was chiefly a test as to the rights of hotel men in selling liquor with meals at other than ordinary meal hours. A clause in the liquor act permits the sale of liquors with regular meals at hours when it may not be sold in the saloon. Magistrate Carss held that a meal taken at half past eleven o'clock in the evening cannot be called a regular meal, and therefore gave his decision against the defendants.

PRETTY WEDDING AT ST. ANDREW'S CHURCH

Bishop Du Vernet Unites in Wed-
lock Miss McIntyre and Rev.
Mr. Petter of Terrace.

St. Andrew's Church was the scene last night of one of the prettiest weddings that has yet taken place in Prince Rupert. The happy principals were Miss Edith May McIntyre of Toronto, who for the past year has made her home with Mrs. W. E. Williams of this city, and the Rev. William James Haverlag Petter of St. Matthew's Anglican Church, Terrace, B. C. A profusion of native ferns and flowers artistically arranged around an arch of evergreens made a pleasing addition to what is already a very pretty church.

The bride, who was given away by Mr. Williams, was charming in an exquisite dress of white chiffon over white satin, with trimmings of pearls and paillette, and carrying a beautiful bouquet of carnations and white roses. The bridal veil was a magnificent creation of pearl embroidered tulle with a coronet of orange blossoms.

Miss Du Vernet attended the bride and wore a very pretty dress of mauve flowered organdie over blue satin, with rich trimmings of strass, and a very becoming picture hat to match trimmed with a garland of pink roses veiled with mauve chiffon. Rev. W. F. Rushbrook was best man.

The ceremony was performed by Bishop Du Vernet, assisted by the Rev. Mr. Burch, and the beautiful service of the Anglican Church was seen at its best. After the ceremony the guests repaired to the home of Mrs. Williams, where refreshments of a very pleasing character were served, followed by a series of toasts full of wit and good fellowship.

Mr. Petter is a native of London, England, but has received a portion of his education in this country and is well fitted for the work of his chosen calling. Mrs. Petter is also imbued with the traditions of the church, having a brother in that sacred calling in Toronto, so that we may well predict for them a life of great usefulness.

The exceptional popularity of the bride was evidenced by the large number of costly and handsome gifts that were received both from local friends and from those in Toronto.

The guests included Bishop and Mrs. Du Vernet, Miss Du Vernet, Rev. and Mrs. Burch, Rev. W. F. Rushbrook, Rev. W. R. Macdonald, Mr. Wilson of Terrace, Mr. and Mrs. R. L. McIntosh, Baroness de Bernis, Mr. and Mrs. McClymont, Mr. and Mrs. A. M. Manson, Miss Beckwith and Mr. McRae.

Mr. and Mrs. Petter leave on Saturday for Terrace, and the best wishes of a large number of friends will go with them to their future home.

WAR AEROPLANE USED IN MEXICAN BATTLE

Bombs Dropped from Sky Create
Great Havoc in Federal
Ranks.

Douglas, Ariz., June 24.—An official message received today from Governor Pesquiera stated that the battle of Ortiz, begun Thursday, had been resumed this morning and that the rebel war aeroplane, piloted by Didier Masson, the French aviator, had done much execution among the federals commanded by Ojeda. Pesquiera also asserted that the Huerta commander was entirely surrounded and could not get away unless he cut through the lines of the constitutionalists, who greatly outnumbered his forces.

Masson, according to the message, dropped one bomb that killed fifty-two men. These and one hundred other federal dead, together with seventy rebel dead and seventy wounded men, were brought to Hermosillo on a military train today.

LONDON TIMES STRICTURES ON THE MARCONI SCANDALS

MINISTERS WHO WERE SO IGNORANT OR CARELESS AS NOT
TO KNOW A PUDDLE WHEN THEY CAME
ACROSS ONE.

London, June 24.—The Times hits off the position of the ministers in the Marconi affair in the following metaphor:

"A man is not blamed for being splashed with mud. He is commiserated. But if he has stepped into a puddle, which he might easily have avoided, we say it is his own fault. If he protests he did not know it was a puddle, we say he ought to know better. But if he says it was, after all, quite a clean puddle, then we judge him deficient in a sense of cleanliness and the British people like their public men to have a very nice sense of cleanliness. If ministers are so innocent or careless as not to know a puddle when they see one they ought not to occupy their extremely responsible positions."

KITSILANO INDIANS COULD GET NO RECOGNITION FROM BOWSER

INDIANS MUST WAIT UNTIL COMMISSION RETURNS LATER
ON BEFORE THEIR CLAIMS CAN BE HEARD AND
ARE CONSEQUENTLY INDIGNANT

Vancouver, June 24.—"We do not propose to take up this matter at the present time. If we take it up at all it will be when we return to the mainland after doing further work on Vancouver Island. It will be after we go to Victoria. I do not say that we are going to take up the Kitsilano matter, or that of Stanley Park, which has also been referred to; but if we do, we will give notice to all of you people. If we do take them up it will probably be in these matters."

In the above words, spoken to the Indians at Capilano reserve on Saturday, Chairman Wetmore intimated that the royal commission on Indian affairs does not propose to probe the Kitsilano Indian reserve deal until the negotiations now in progress between the Dominion and
