REWELL PRESENTATION TO CANON KEENE OF METLAKATLA

MINUTED ADDRESS PRESENTED TO RETIRING PASTOR BY
HIS FELLOW MISSIONARIES—MRS. KEENE RE-
CEIVED HANDSOME GIFT.

A beautifully illuminated address was presented to the Rev. Canon Keene on the eve of his departure for England by his fellow missionaries. The presentation took place last evening and was made on behalf of the missionaries by Bishop Du Vernet at the house, who expressed in the most terms his deep appreciation of Canon Keene's twenty years of faithful service in the diocese.

Among the hand painted pictures on the scroll were those of the familiar to Canon Keene, as the interior of St. John's Church, Masset Reserve, the exterior of the mission house there and a famous Masset totem pole. A naturalist Canon Keene has added to the store of human knowledge by his discoveries, and his departure will be a loss not only to the church but to Canada. Mrs. Keene will also be missed by many friends and especially by the diocesan branch of the Women's Auxiliary, of which she

TERRACE ELECTS NEW SCHOOL TRUSTEES

Contract Let for Clearing School Site—Strawberry Shipments Being Made.

Terrace, July 17.—We regret to report that the Princess May has not yet arrived here from Vancouver as we were told in the News of the 14th inst. it would.

Mr. Pettigrew, of the land office, is at Terrace on business. The cable over the ferry is being repaired and provision made to cross the slough, the bridge over which went out during the high water.

At the annual school meeting Mr. H. L. Franks was re-elected as trustee and Mr. Goodwin in place of Mr. Dover, who resigned. Miss Verrick is visiting friends here for a few days.

A small party enjoyed a picnic to the Little Canyon on Wednesday, finishing a pleasant afternoon with a trip across the river in Walter Wright's canoe. Shipments of strawberries are now being made from Terrace. Mr. Ross has taken the contract for clearing the site for the new school at a price of \$480.

NOTHING NEW ABOUT STYLE OF CUBISTS

Museum Authorities Possess Cubist Statue Over Three Thousand Years Old.

Philadelphia, July 14.—There is nothing new in Cubist art, according to authorities of the University of Pennsylvania museum. They have a specimen of a cubist statue 3,500 years old which was made about the time that Joseph was ruling over the kingdom. The statue is that of a famous old priest of the time and is a perfect cube with only the head of the priest protruding above it to mark the outline of the angular contour of the stone. The figure is a perfect specimen in cubist art. The statue came from the famous city of Abydos, and is that of Sadeh Ahu, superintendent of the prophets in the city of Thebes or Ta Uun, wherever that may have been.

STOWAWAY CAUSED GREAT EXCITEMENT

Immigration Officers Had Lively Chase After Supposed Opium Smuggler.

A stowaway who came south on the State of California yesterday caused some excitement at the dock. When the vessel tied up he leaped over the railings and ran for the sheds. Dr. McNeill and another immigration officer called after him to stop, but he kept on his course, speeding for safety. As the immigration officers suspected that he might be a smuggler of opium or otherwise a breaker of the law, a hue and cry was promptly raised. When the man found himself the object of a hot pursuit he abandoned his attempt at flight and confessed himself a stowaway. As he was found to be in very bad physical condition he was not allowed to stay ashore, but was reshipped for Seattle.

ENJOYABLE DANCE AT CATHOLIC HALL

Given in Honor of Popular Young Ladies Visiting in the City.

The R. C. Hall was the scene of a most enjoyable dance last night, given in honor of Miss Green and Miss Gamble, summer visitors at the home of Mr. and Mrs. Hubert Ward. A program of eighteen dances with several extras was arranged for the occasion and at the end of the delightful evening the merry dancers seemed just as keen for an encore as at the beginning. The music, supplied by A. Gottstein, assisted during the latter part of the evening by Drummer De Cowe of the Majestic orchestra, was excellent and every number was enthusiastically enjoyed. Among those present were: Mr. and Mrs. Cambie, Mr. and Mrs. Ward, Dr. and Mrs. McNeill, Mr. and Mrs. Broadhurst, Mr. and Mrs. Ritchie, Mr. and Mrs. Clements, Mrs. Palmer, Mrs. Lamont, Mrs. Angus Stewart, Mrs. Dewdney, Miss Green, Miss Gamble, Miss Saunders, Miss Fisher, Miss Reichel, Messrs. Blaine, Adair Carrs, H. O. Crew, Young, R. C. Jardine, D. B. Taylor, Peters, V. F. G. Gamble, S. Harrison, W. A. Pettigrew, I. N. Linnell, Titus, R. I. Warton and H. P. Wilson.

STEWART HAS FINE MINERAL EXHIBIT

It Will be Shown Well at the Fair—Stewart Will Also Send Its Zoo

"There is every prospect of a splendid mineral exhibit being sent down from Stewart for the Fair," said Ald. Bullock-Webster, who has just returned from Stewart. "The mining men of Stewart are determined to carry off the district prizes for minerals. The agricultural exhibits will not be numerous though there are some very fine vegetables to be seen in town. The Stewart zoo puts Prince Rupert in the shade. There are two splendid young black bears and a mountain goat all looking in the pink of condition."

VANCOUVER RESIGNS FROM THE B.C.L.A.

Action of Vancouver Team Was Caused by Dispute With the Royals

(Special to The Daily News)

New Westminster, July 18.—Vancouver today resigned its membership in the British Columbia Lacrosse Association but will finish the season out with a series of games with the V. A. A. C. team. This action is the outcome of friction between Vancouver and New Westminster the Royals refusing to play with Griffith and Ion.

BANK OF COMMERCE MANAGER TRANSFERRED TO CRANBROOK

MR. J. M. CHRISTIE, ONE OF PRINCE RUPERT'S PIONEER AND MOST HIGHLY ESTEEMED CITIZENS, GETS MERITED PROMOTION.

The large clientele of the Canadian Bank of Commerce in this city particularly and the citizens of Prince Rupert in general will learn with considerable regret that Mr. J. M. Christie, the local branch manager, has been transferred to a similar position at Cranbrook, B. C., and will take his departure from the city in the course of a few days. Mr. Christie is one of the pioneer residents of the city, coming here as manager of the Bank of Commerce in June, 1907, more than six years ago, since which he has resided here continuously. When he came here Prince Rupert was little more than a camp and the Bank of Commerce, which had been opened about three months earlier, was the only banking institution doing business here. At that time the bank premises, the building at present occupied by Ritchie & Agnew, were located on Centre street, the principal business thoroughfare, and the staff consisted of him-

self and one assistant. Mr. Christie has thus had an opportunity of watching the city develop from very small proportions into a prosperous business centre which now has five banking institutions to handle its financial affairs. He has also had the opportunity of keeping always in close touch with the mercantile and industrial growth of the city and has acquired a fund of information that has been invaluable to his institution. With the growth of the city he has through his courteous treatment of customers and his keen insight into financial matters built up the business of his own institution until now it requires a staff of nine to handle the constantly increasing work. The promotion to Cranbrook, the largest and busiest of the mining towns in the Crows' Nest Pass, is a recognition of Mr. Christie's ability as a banker, as

DESTITUTE AMERICANS DEPART FROM MEXICO ON EVERY BOAT

CITIZENS OF UNITED STATES FACE FINANCIAL RUIN IN THE SOUTHERN REPUBLIC AND SOME ARE FORCED TO ACCEPT GOVERNMENT AID.

Washington, July 14.—Destitute Americans are arriving in the United States on every boat from Mexico. Many of them face financial ruin in consequence of the series of revolutions which have paralyzed commercial and industrial enterprise, and they are leaving the southern republic with reluctance.

American consuls are empowered to draw upon the state department for funds to bring Americans out of the various danger zones, and in some instances, notably at Torreón, Ambassador H. L. Wilson has sent money to be expended by consuls and consular agents to relieve actual hunger.

Before Mexico passed through the travail which commenced with

the Madero revolt against the Diaz regime more than two years ago most of the now indigent Americans were engaged in prosperous ranching and mining enterprises or other commercial pursuits. While the United States government has repeatedly warned them to flee and depend upon the United States to guarantee a settlement of their claims against Mexico, the fear of delay in the adjustment of claims and the hazard of the loss or destruction of all their property has made hundreds take the risk of remaining in the revolution torn country. Within the last month, however, between 400 and 500 have been brought to the United States at government expense.

CANADA'S CHIEF FINANCIAL PROFIT FROM IMMIGRATION

AUTHORITIES LAUGH AT ASSERTION OF NEW YORK STOCK BROKER THAT GREAT IMMIGRATION IS CAUSE OF STRINGENCY.

Ottawa, July 14.—The authorities at Ottawa are greatly amused over the statement alleged to have been made in London by Colonel R. M. Thompson, a New York financier, that Canada is financially embarrassed in consequence of expenditures necessitated by the large immigration flowing to this country.

Colonel Thompson is quoted as saying that each immigrant costs the country \$1,500, and that last year the total immigration cost was \$60,000,000. The fact is that for the last seventeen years Canada has derived its chief financial profit from immigrants.

A conservative estimate places the average amount of cash brought to the country by each immigrant at \$1,000. In the past seven years two million people have come in, bringing to Canada not less than two billion dollars. This is only a small part of the profit Canada has derived from immigration, as most of the immigrants take up agriculture and within a year produce crops which enormously add to the wealth of the country.

grants extension of manufacturing establishments, railroads and municipalities, facilities are required, but these are, of course, not regarded as an expense.

The money for such expenditures is borrowed on bonds, as a rule, and turned into undertakings, which constitute the prime assets. As a matter of fact, instead of each immigrant costing the country \$1,500 they cost less than \$15.

WAIT FOR CONFERENCE

United States Delays Action in Mexican Situation.

(Special to The Daily News.)
Washington, July 18.—No further action will be taken in the Mexican situation till President Wilson and William Jennings Bryan have a conference with the United States ambassador to Mexico, Henry Lane Wilson. It will then be determined in what form and how vigorous will be the protest of the United States against the present outrages on her subjects resident in Mexico.

BULGARIAN KING HAS BECOME SUPPLIANT FOR PEACE TERMS

ROMANIAN TROOPS ARE NOW WITHIN THIRTY MILES OF THE BULGARIAN CAPITAL—POWERS INTERVENE TO PROTECT SOFIA

(Special to The Daily News.)

London, July 18.—The Roumanian troops are at Plevna and Andra, thirty miles from Sofia. Ferdinand of Bulgaria is a suppliant to the King of Roumania for terms of peace. The powers are trying to induce Roumania not to occupy Sofia. The speed with which Roumania

has taken a leading place in the present war is all the more remarkable as she was subject to the jeers of Europe for her niggardly attitude of mere self-preservation when she watched while the others fought. Now, stepping in at the eleventh hour, she has given the final blow that has brought the Bulgarian King to his knees.

THE ALBERT MEYER HAS REACHED PORT

Small Schooner Which Great Anxiety Was Felt Is Now in Safety.

The Albert Meyer, a four hundred ton schooner belonging to Canadian Fish and Cold Storage Company, relieved her owners much anxiety as to her safety when she came in to the harbor this morning after a long and perilous voyage from San Francisco. The schooner left San Francisco on June 23rd under the command of Captain Dan Martin, a skipper who has much knowledge of these waters. She was accordingly expected here a week ago and when she did not arrive it was feared that she had been driven far out to sea by adverse winds. There was great relief when she was seen coming up the harbor this morning. She will now be out-fished here for cod fishing in the north and will then proceed to the Behring Sea.

CROWD WATCH BOXERS

Contest Between Shannon and Kegg Should Be Close.

To watch Eddie Shannon of Seattle working out with Cyclone Scott, preparatory to his bout with Lem Kegg of this city on the 24th of this month, at least one hundred and fifty people assembled last night in the Windsor gymnasium. Shannon looked to be in good fighting trim, though he has still some weight to lose, four or five pounds by the end of this week. He is a speedy little boxer and the contest between him and Kegg should be close and well worth seeing, for Kegg for his part is noted for his hard punch.

Lem Kegg has his workouts about 3 o'clock in the afternoon. He, too, has been attracting the gaze of many patrons of the ring and as a local boy is given much attention.

CAPITAL ORNAMENTS

Mexican Would Deck Poles with Heads of Americans.

Nogales, Ariz., July 15.—General Ojeda says he wants to decorate the telegraph poles between Guaymas and Hermosillo with the heads of Americans, according to an unconfirmed report brought here by refugees from Southern Sonora.

The federal commander at Guaymas is reported to have been aroused by various alleged participations of Americans in the present insurgent investment of the Gulf town.

All non-combatants have been removed from Guaymas to islands in the harbor directly under protection of the two federal gunboats. Skirmishing continues on the outskirts of the town.
