

DOMINION GEOLOGIST SAYS SHUSHANNA IS RICH

NO CHANGE IN NANAIMO STRIKE SITUATION--MISSIONARY KILLED IN ASIATIC TURKEY

TROOPS KEEPING STRIKING MINERS OF NANAIMO QUIET

SALOONS IN CITY AND DISTRICT KEPT CLOSED--DEAD-LOCK BETWEEN UNION AND FUEL COMPANY--OTTAWA NOT LIKELY TO INTERFERE.

(Special To The Daily News.)
Nanaimo, Aug. 16.—More troops have been added to those already here, including thirty-five members of the Eighty-ninth, and all troops are now under canvas. A trainload of supplies is arriving from Victoria and another draft of the army corps of Vancouver is to arrive shortly.

All the saloons of the city and district have been kept closed since the arrival of the military. The Cumberland union is giving

no trouble and the situation is well under control. An attempt was made to fire the Union Bay wharves, but it failed, the police arresting two foreigners and dispersing the mob.

A report is in circulation that the Trent River bridge has been blown up, but this at present lacks confirmation.

Although everything is quiet at present it is not believed to be

WOULD LIKE TO SEE CITIZENS UNITE IN WELCOME TO MR. ROSS

MAYOR PATTULLO DESIRES TO SEE MORE REGARD MANIFEST-ED FOR PUBLIC INTEREST IN PRESENT SITUATION. LESS FOR PETTY DIFFERENCES.

"I do not know when the Hon. Mr. Ross will be here except that he will be here very soon," said Mayor Pattullo when interviewed by a representative of The News this morning. He then expressed his opinions on the reception of his

may feel, there is little likelihood that it will send him to an early grave, but it does make a difference how you feel toward the city, and under any circumstances sooner or later government assistance it is going to be. There are economic forces at work which will compel it whether we like it or whether we do not like it.

"We have, I regret to say, already had evidence that there are those in the city who for no other reason than petty jealousy or vindictive animosity would like to see anything that looks like a check upon city administration. Satisfaction of this kind, it is ever exists at all, is always short lived, but its effects, detrimental to the body politic, are long lasting.

"Next to natural resources a proper public spirit is a city's greatest asset. The former has hitherto saved Prince Rupert from the unfortunate character of the latter. However, with the influx of people as soon as the railroad is completed the pettiness will be lost in its own smallness.

"Every time I leave Prince Rupert I come back more convinced than ever of the splendid future before it. Its natural resources far surpass those of many other cities whose populations run into the six figures."

PLANS OF GOVERNMENT DOCK FOR BURRARD INLET DESCRIBED

IT WILL BE 800 FEET LONG BY 300 FEET WIDE--IT IS EXPECTED THE DOCK WILL BE COMPLETED WITHIN TWO YEARS.

Vancouver, Aug. 12.—Several plans are understood to be tendering on the new Dominion government dock which is to be constructed on Burrard Inlet between Salsbury and Commercial drives at an estimated cost of between \$1,500,000 and \$1,750,000. The government wharves will be of the most substantial character. Contracts for the work will be awarded on August 21st.

The docks will be 800 feet long and 300 feet wide. A berthing slip of 140 feet wide will be provided on each side, dredged out to a depth of thirty-six feet at the lowest stage of the tide. An appropriation sufficient for the first year's operations has been allocated and the funds for the completion of the dock and the installation of all the latest conveniences in the way of electric travelling cranes, etc., will be appropriated later. It is expected that the docks will be finished within two years.

A great deal of preliminary work on the government wharf

will be necessary. First of all the surface soil will have to be excavated. About 125,000 cubic yards of soil and rock will be removed and the bottom levelled. The solid rock excavation is expected to exceed 100,000 cubic yards which will have to be drilled and blasted under water in depths varying from five to thirty-six feet below tidewater. A great deal of this work will have to be done by divers. The foundation of crushed stone will be provided for the cribs, which will be filled with stone ballast, topped off with gravity sections forming a base for a retaining wall which will extend around the outer edge of the docks.

The cribs will be covered with a layer of solid concrete. On the top of the foundation of crushed rock large sawn timbers will be placed, it being estimated that 11,000,000 feet, board measurement, will be necessary for this purpose. There will be twenty-three of the large cribs. They will be built in dry docks and sunk and filled solid.

MISSIONARY KILLED

Rev. Charles Holbrook Shot in Asiatic Turkey.

(Special To The Daily News.)
Constantinople, Aug. 16.—The American Bible House here has received a telegram to the effect that Rev. Charles Holbrook, the well known missionary, was shot and killed at Souchier, Asiatic Turkey, while on an excursion with the American teachers. No details are given.

GOVERNORSHIP FIGHT

William Sulzer Still Holds to Executive Chambers.

(Special To The Daily News.)
Albany, N. Y., Aug. 16.—The question as to whether Governor Sulzer or Lieutenant Governor Glinn is the acting governor is still a matter of dispute, the governor bravely holding possession of the executive offices meanwhile.

GAMBLING CASE

Five Gamblers in Police Court This Morning.

There was quite a crowd of gamblers in the police court this morning. Angelo Pagnotta was sentenced to \$50 fine or fifty days' imprisonment for running a gambling house. For gaming with cards the option of \$20 fine or twenty days' imprisonment was given to Mike Pabich, Mike Pa-veck and B. Willard. The scene of operations was the Prince Rupert Cafe.

FOOTBALL MATCH

The Gallies to Play the Thistles This Evening.

Two teams of the Caledonian Football Club will play on Second avenue tonight, with kick-off at 7:30 prompt. The line-ups will be as follows:

Gallies—J. Dunn, goal; J. Nichol, W. R. Martin, backs; S. Currie, A. Murray, halves; A. McClure, R. Dowther, R. McLean, forwards.

Thistles—W. M. Brown, goal; A. Robertson, W. A. Paterson, backs; G. Abbott, J. H. Kelly, halves; J. Stewart, B. Ferguson, J. Campbell, forwards.

WEDDED AT VANCOUVER

Bank Manager Weds a Former Resident of Rupert.

Among the large number of arrivals by the steamer Prince Rupert this morning were two young people, former residents of this city, who were united in matrimony at Vancouver on Thursday evening. The bride was Miss McPhail, a popular and much admired young lady who was for some time in the office of Williams & Manson here. The groom was Mr. E. B. Tatchell, branch manager of the Union Bank at New Hazelton. A large number of their friends were at the wharf this morning to shower them with confetti and good wishes. They left by this morning's train for New Hazelton.

Conditions Different Now.

Rev. W. E. Collison left by this morning's train to conduct services at Hazelton on Sunday. In speaking to a News reporter this morning he said this was his first trip to Hazelton since 1880, when there was only one white man in the place. At that time he went in by canoe, the trip taking two weeks. Mr. Collison said this was his first trip out of Prince Rupert by rail.

A Golden Opportunity.

Don't miss the opportunity of getting shoes at cost. Scott, Froude & Co's sale closes tonight.

OLD BRIDGE ACROSS BULKLEY IS BURNED

A Case of Malicious Incendiarism at Glentanna, Near Smithers.

One evening a few days since H. P. Jones, who is engaged in business at Smithers, left his place to walk to his home at Glentanna. He made a short cut through the bush to the old bridge across the Bulkley River opposite Glentanna and, arriving there about dusk, found that the bridge had been burned. Mr. Jones examined the premises carefully but could not find any trace of bush fire leading up to the bridge, which satisfied him that the fire was of incendiary origin and he is now offering a reward for evidence leading to the conviction of the guilty party. Not being able to cross the river, Jones had to retrace his steps back to Smithers, reaching there about midnight after walking the distance through the wet bush and had to make the trip home Sunday by way of Telkwa. This small bridge was put in about four years ago by Mr. Jones and has served as a great convenience to the people in that vicinity.—Telkwa Tribune.

HORSE RACES ON THE LAST DAY OF FAIR

Program Submitted by Special Committee Has Been Approved by the Board.

The special committee of the Prince Rupert exhibition, having in charge the horse racing events that will take place on the last day of the fair, Friday, September 26th, have submitted the following program, which has been accepted by the board: The day will start with a parade at 9:30 a. m. of floats and prize winning stock, and as soon as this is concluded the racing will take place, in heats—First prize, \$30; second prize, \$25. Half mile trot or pace, in heats—First prize, \$30; second prize, \$20. Slow race (last horse wins, riders change horses)—First prize, \$15; second prize, \$10. Hitching race—First prize, \$15; second prize, \$10. Packing race—First prize, \$15; second prize, \$10. There must be three starters or no second prize will be given. Post entries. The special committee in charge are A. J. Prudhomme, J. D. Dend and George Frizzell.

ST. ANDREW'S SOCIETY DANCE

IN ST. ANDREW'S SOCIETY HALL (Formerly Kaien Island Hall)

WEDNESDAY, AUG. 20, 9:30 P. M.

Scotch and Canadian Dancing

Gents \$1, Ladies Free Ice Cream

UNCLE SAM AND MEXICO

Desire for Peaceful and Friendly Solution of Troubles.

(Special To The Daily News.)
Washington, Aug. 16.—As the result of a conference between Governor Lind and the Mexican minister of foreign affairs the Huerta government now knows the viewpoint of the United States and its desire for a peaceful and friendly solution of Mexico's troubles.

McBRIDE REACHES OTTAWA

To Confer with Borden on Asiatic Problem Tomorrow.

(Special To The Daily News.)
Ottawa, Aug. 16.—Premier McBride has arrived here, en route to England. He will confer with Premier Borden tomorrow (Sunday) on the Asiatic problem of British Columbia.

CARPENTER KILLED

Was Repairing Flume and Fell Forty Feet.

(Special To The Daily News.)
Nelson, Aug. 16.—Alexander McLean, a carpenter, was repairing the flume at the Blue Bell mine yesterday when he slipped and fell a distance of forty feet and was killed.

TO GIVE PRACTICE DANCE

St. Andrew's Society to Dance on Wednesday Evening.

At the last enjoyable dance of the St. Andrew's Society there were several Scotch people who were unacquainted with the Canadian dances, and there were Canadians who were not at home in the Scotch dances. The society announces a program of mixed dances for next Wednesday evening, and in order that the program may be better understood there will be a practice dance on Monday evening, to which all ticket holders and their ladies are invited, no charge being made for this dance.

TRIAL POSTPONED

Counsel for L. E. McFarlane Wanted More Time.

The case of Warren H. McLeod against L. E. McFarlane for slander was brought up in the county court this morning for argument as to when it should come up for trial. L. W. Patmore, the counsel for the defendant seemed anxious to get more evidence from outside the city and on this account moved that the trial be set over for two months. This was vigorously opposed by A. M. Manson, the counsel for the plaintiff, who wanted to have the case brought up as soon as possible. Judge Young gave the defendant one month longer. This means that the case will not be tried in September.

Death.

Clarence C. Peck, youngest son of Mr. and Mrs. Haliburton Peck of Georgetown, died at the hospital yesterday afternoon. He had been in good health until a little over a week ago, when he was stricken down by meningitis. He was but 12 years of age. The funeral will take place on Monday afternoon at 2:30 from E. L. Fisher's funeral chapel, Rev. W. H. McLeod officiating.

Anglican Services.

Rev. Mr. Rix of Orangeville, the new Anglican pastor here, will preach at St. Andrew's Church tomorrow.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 29.912; maximum temperature, 58; minimum temperature, 47.

Five bags of flour to be given away. See Quaker Flour advertisement on page 4. 190-2-4

HENRY HASKAMP ARRESTED ON CHARGE OF KIDNAPPING GIRL

WAS FORMERLY REAL ESTATE DEALER OF PRINCE RUPERT--GIRL IS FIFTEEN-YEAR-OLD MOVIE ACTRESS OF LOS ANGELES.

(Special To The Daily News.)
Los Angeles, Aug. 16.—Two arrests have been made by the police here in connection with the kidnapping of Carol Mason, a 15-year-old moving picture actress, who had been missing for two weeks. One of these men is Henry W. Haskamp, formerly of Prince Rupert and now a real estate dealer here, and the other is Robert Burton, a salesman of this city, who is arrested on suspicion and held pending the filing of charges.

The result of the police investigation showed that the girl had

been kidnapped and held a captive, but she has declared that she left home willingly and told of her relations with Haskamp and Burton. The police say that the girl was originally a brunette but has become a pronounced blonde.

Haskamp was arrested at his apartments. He refused to open the door when the police demanded admittance and the room was therefore broken into. Mr. Haskamp says his family is worth three millions and that he himself owns valuable oil properties in British Columbia.

MANY CITIZENS VIEW THE PLANS FOR THE PALATIAL G. T. P. HOTEL

SUPERINTENDENT MEHAN SHOWED AND EXPLAINED PLANS TO CONCOURSE OF BUSINESS MEN IN COUNCIL ROOM OF CITY HALL.

For a long time past the citizens of Prince Rupert have been looking forward to the time when the G. T. P. should commence work on the erection of its promised palatial hotel here. Now that work is well under way in preparing for the construction of the building, the citizens have been anxious to see the plans for themselves. While they have had a full description of the building as it will be when completed in all the local papers, they were naturally anxious to see for themselves the designs for the new structure.

That opportunity was last evening afforded to many of the leading business and professional men of the city by the arrangement of General Superintendent Mehan of the G. T. P. Members of the city council, of the board of trade, of the real estate exchange and other business and professional men and represen-

tatives of the press were invited to inspect the plans in the council chamber of the city hall.

A large number of prominent citizens were present and saw for themselves how the hotel will look when completed. Mr. Mehan himself very kindly explained the designs. It is his intention to make it possible for the general public to view them at a later date.

When all present had seen the plans Mayor Pattullo moved a vote of thanks to Mr. Mehan for having afforded so many this opportunity of seeing the plans. Mayor Pattullo remarked that from recent intercourse with Mr. Smithers, the chairman of the board of directors of the G. T. P., he knew that the Grand Trunk Pacific had great things in store for Prince Rupert. He expressed the appreciation of all present

THE RECENT ACT MODIFYING THE MINING LAWS OF ALASKA

ACT OF UNITED STATES CONGRESS MODIFYING AND AMENDING LAWS IN THEIR APPLICATION TO TERRITORY OF ALASKA.

In view of the great interest which residents of this part of the province are taking in the Shushanna gold strike, The News publishes hereunder a copy of the Alaska mining act, passed some eighteen months ago by the United States congress. In many points it materially modifies the mining laws which ruled when some of the "sourdoughs" now resident in Prince Rupert were in the north country.

Before quoting the act it might be worth mentioning that the size of a claim is 1,320 feet by 660 feet, or twenty acres.

The act reads as follows:

Be it enacted by the senate and house of representatives of the United States of America in congress assembled that no association placer mining claim shall be hereafter located in Alaska in excess of forty acres and on every placer mining claim hereafter located in Alaska and until a patent has been issued therefor, not less than one hundred dollars' worth of labor shall be performed or improvements made during each year, including year of location, for each and every twenty acres or excess fraction thereof.

Sec. 2. That no person shall hereafter locate any placer mining claim in Alaska as attorney for another unless he is duly authorized thereto by a power of at-

torney in writing, duly acknowledged and recorded in any recorder's office in the judicial division where the location is made. Any person so authorized may locate placer mining claims for not more than two individuals or one association under such power of attorney, but no such agent or attorney shall be authorized or permitted to locate more than two placer mining claims for any one principal or association during any calendar month and no placer mining claim shall hereafter be located in Alaska except under the limitations of this act.

Sec. 3. That no person shall hereafter locate, cause or procure to be located, for himself, more than two placer mining claims in any calendar month: Provided, that one or both such locations may be included in an association claim.

Sec. 4. That no placer mining claim hereafter located in Alaska shall be patented which shall contain a greater area than is fixed by law, nor which is longer than three times its greatest width.

Sec. 5.—That any placer mining claim attempted to be located in violation of this act shall be null and void, and the whole area thereof may be located by any qualified locator as if no such prior attempt had been made.

Approved August 1, 1913.
