

CHAMBERLIN PLEASSED WITH TRIP THROUGH WEST

WON'T DO A THING TO THAW AT MATTEAWAN--MUST APPEAL TO PEOPLE ON HOME RULE

EDMONTON HAS A DISASTROUS ACCIDENT ON STREET RAILWAY

**GRAND TRUNK PACIFIC FREIGHT CRASHED INTO STREET CAR
AT RAILWAY JUNCTION--FIVE PERSONS WERE
FRIGHTFULLY DISFIGURED.**

(Special to The Daily News)
Edmonton, Sept. 13.—One of the most disastrous accidents in connection with the Edmonton street railway that has ever happened in its history occurred at 6 o'clock last evening when a Grand Trunk Pacific freight train crashed into a street car as the latter was crossing at the railway junction on Alberta avenue. Five persons, including the

motorman, were seriously injured and frightfully disfigured. Two of these were internally injured. The injured are:
Motorman Pasco.
Conductor Wentworth.
Mrs. Stephenson.
Mrs. Curley.
Mrs. Batt.
Two of the freight cars were toppled over by the force of the collision.

CHAMBERLIN TELLS THE RESULTS OF HIS TRIP THROUGH NORTHWEST

**ONE AT FORT GEORGE BY BEGINNING OF YEAR AND RAILS
CONNECTED THROUGH TO THE PACIFIC COAST
EARLY NEXT SEASON.**

(Special to The Daily News)
Ottawa, Sept. 13.—President Chamberlin, of the Grand Trunk Pacific, last night made a statement in regard to conditions he found in the northwest during his recent trip of inspection over the National Transcontinental. "After leaving the transcontinental I went directly to the end of construction in British Columbia, some two hundred miles west of Winnipeg. Although the season is on in British Columbia at the present time, work is progressing very rapidly and I hope to have the line at Fort George about the beginning of the New Year and rails connected

through to the Pacific Coast early the next season.
"I found conditions in the west much better than I expected. The grain crop is the best that has ever been produced in the northwest, and weather conditions have been perfect up to the present time, so that if they continue it will probably be not only the largest but the best quality of grain that has ever been harvested. This, I am sure, will do very much to relieve the financial depression which has been giving us uneasiness for the past year. Although my trip west was hurried it has been the most satisfactory that I have ever made into that country."

LORD LOREBURN'S ROUND TABLE CONFERENCE MAY BE ACCEPTED

**PREMIER ASQUITH AND COMMITTEE TO DISCUSS SCHEME
BUT INSISTS THAT CLAUSES SETTING UP OF IRISH
GOVERNMENT MUST BE ACCEPTED**

(Special to The Daily News)
London, Sept. 13.—Lord Loreburn's warning in regard to the Irish Home Rule Bill has stirred up the British people to a high tension of feeling. In this warning, which was published in the Times, his Lordship implores all serious men to unite their efforts to terminate this long, pernicious controversy which is fast leading towards unbridled violence, with the certainty of misrule and insurrection and peril to business. He urges the immediate assembly of a round table conference of the leaders of all parties, presumably including nationalists and Unionists, in order to reach bedrock and learn what are the real stumbling blocks.
It is now definitely known that Premier Asquith and several members of the committee propose to discuss this scheme, but they will insist, however, that

the clauses of the Home Rule Bill setting up Irish government must first be accepted before the former Lord Chancellor's proposed round table conference takes place.
The Globe, which especially represents the Unionist forwards declares that, failing Mr. Asquith's acceptance of a referendum "we are entitled to expect that the King, whom the constitution certainly does not regard as a mere majestic automaton, will obtain from his advisers the assurance at least, that the Home Rule Bill will be submitted to the judgment of the people before the King's soldiers are sent to shoot down his most faithful subjects in Ireland."
The Globe, which may be assumed to speak with inside knowledge, seems nervous lest even if Premier Asquith resigns, the Unionist leaders should refuse to accept, when asked to form a ministry in the teeth of the Radical-Labor-Nationalist majority in the House of Commons.

London, Sept. 13.—Mr. Arthur James Balfour, leader of the Opposition in the House of Commons, declares that the government must appeal to the people on the Home Rule Bill sooner or later.

THANKSGIVING DAY

(Special to The Daily News.)
Ottawa, Sept. 13.—The last Monday in October will probably be proclaimed as Thanksgiving Day, although the matter has not yet been definitely decided.

DELEGATION WAITS UPON GENERAL SUPT.

**Continuance of the G. T. P. Inn
Would Necessitate Large Ex-
penditure and Delay.**

Following the announcement that the Grand Trunk Pacific management had decided to close the Inn, a deputation from the council of the board of trade waited upon General Superintendent W. C. C. Mehan yesterday afternoon for the purpose of presenting to him the general desire on the part of the public to see the hotel maintained and to ask, if it was possible, that some action be taken toward that end. The delegation consisted of F. G. Dawson, A. J. Morris, D. Sutherland, G. R. Naden and Lee Baker.
In reply to the representation of the delegation, Mr. Mehan explained that the maintenance of the present hotel would necessitate the expenditure of at least \$15,000 for the erection of general offices for his staff, waiting rooms and additional building for the housing of the hotel staff, buildings which in a very few years would have to be done away with. To wait for the erection of such buildings, he said, would very materially interfere with the progress of the work on the new permanent hotel. He said that the whole matter had been very carefully considered by the management and that it had been decided that the only feasible plan was to close the Inn and use it for waiting and lunch rooms for the travelling public and general offices for his own staff. Upon asking the delegation if it would endorse a request to maintain the Inn in the face of the fact that the permanent improvements now under way and proposed for the immediate future would be materially held up, the matter was not further pressed.

MUST NOT START FIRES IN SECTION ONE

**Police Will Make Example of
First Violation of This
Law.**

A strict enforcement of the by-law prohibiting fires for burning rubbish in Section One was the announcement that Chief Vickers made to a News reporter this morning in the absence of a serious case on the docket. In future no permission will be given to start fires on the streets or in yards for purpose of disposing of rubbish. It must be removed the same as ordinary garbage. Chief Vickers says his staff has strict orders to report all violations of this bylaw and the first offender will be made an example to others.

REMAINS OF WILLIAM GAYNOR SHOWN UNPRECEDENTED HONOR

**LYING IN STATE IN LIVERPOOL TOWN HALL ON THE CATA-
FALQUE UPON WHICH HAS RESTED BODIES
OF BRITAIN'S MOST FAMOUS.**

(Special to The Daily News)
Liverpool, Sept. 13.—The body of William Gaynor, late mayor of New York, lay in state last night at the foot of the grand stairway in the town hall of Liverpool. This was an unprecedented honor to be paid to the death of the executive of the American metropolis, for never

before has any body lain in state in the historic edifice.
Draped with the Stars and Stripes and the Union Jack, the casket rests on the catafalque brought here by express from Westminster Abbey, on which has reposed the bodies of Britain's most famous men and which was last used at the funeral of Lord Wolsley.

THAW MUST JOIN THE WORK GANG WHEN HE RE-ENTERS MATTEAWAN

**SUPERINTENDENT SAYS ALL PRIVILEGES WILL BE TAKEN
FROM FUGITIVE--MUST FOREGO HIS SUMPTUOUS
ROOMS AND ALL HIS LUXURIES.**

Colebrook, N. H., Sept. 13.—The protracted court battle denied Thaw in Canada by his sudden deportation promises to be waged in New Hampshire. Should extradition to the state of New York be granted, Thaw's counsel propose to carry the matter to the United States supreme court on a writ of habeas corpus.

New York, Sept. 12.—Dr. Simon Kiehl, superintendent of the Matteawan criminal asylum, in talking over the deportation of Thaw from Canada and his rearrest in Vermont, was asked how the fugitive would be treated when returned to Matteawan. He said: "The gentleman will find a very different life awaiting him. He will be treated just the same as the most lowly and friendless man in the institution."

This means that Thaw will no longer be permitted to roam the streets of Fishkill Landing and Beacon City with a friendly guard loitering a hundred yards away.

EFFECT ON CANADA OF CUT IN TARIFF OF THE UNITED STATES

**TWO POINTS DISCUSSED AT OTTAWA--BEEF SLIGHTLY IN-
CREASED TO CANADIAN CONSUMERS--REDUCTION
ON FLOUR CUTS NO FIGURE.**

Ottawa, Sept. 11.—Opinions differ in Ottawa as to the probable effect on the Canadian producer and consumer of the United States tariff.

At the Mathews-Laing head office the associate manager, in the absence of Mr. Gray, stated that removal of duty on Canadian goods means an increase of from 1 to 2 cents a pound in the price of beef to the Canadian consumer. The view is also expressed that if the wholesale houses are forced to raise beef prices a cent or two a pound there is really no telling what the retailer may in turn charge the consumer. It may mean even 3 or 4 cents a pound more for beef to the householder.

Mr. A. C. Soper, manager of the Ogilvie Flour Mills, stated that the reduction of the United States duty from 25 cents to 10 cents a bushel on wheat coming from Canada would have practically no effect here.
"As a matter of fact," said Mr. Soper, "the United States has had free wheat for years. The 25 cent duty was given as protection to the miller. Now the American miller uses Canadian wheat only to improve the quality of his export flour. None is used for domestic purposes. And in the export flour business the American miller is given a rebate of almost 24 cents on his original duty of 25 cents. The rebate
