THE MAGNETIC GIRL

HOW SHE COMPELS OTHERS TO OBEY HER WILL.

100,000 Copies of Remarkable Book Describing Peculiar Psychic Powers to Be Distributed Free to Readers of The Prince Rupert News.

"The wonderful power of Personal Influence, Magnetism, Fascination, Mind Control, call it what you will, can surely be acquired by everyone no matter how unattractive or unsuccessful," says Mr. Elmer Ellsworth Knowles, author of the new book entitled "The Key to the Development of the Inner Forces."

The book lays bare many astounding facts concerning the practices of the Eastern Yogis, and describes a simple though effective system of controlling the thoughts and acts of others; how one may gain the love and friendship of those who might otherwise remain indifferent; how to quickly and accurately judge the character and disposition of an individual; how to cure the most obstinate diseases and habits without drugs or medicine; even the complex subject of projecting thoughts (telepathy) is explained.

Miss Josephine Davis, the popular stage favorite, whose portrait appears above, declares that Prof. Knowles' book opens the door to success, health, and happiness to every mortal, no matter what his or her position in life. She believes that Prof. Knowles has discovered principles which, if universally adopted, will revolutionize the mental status of the human race.

The book, which is being distributed broadcast free of charge, is full of photographic reproductions showing how these unseen forces are being used all over the world, and how thousands upon thousands have developed powers which they little dreamed they possessed. The free distribution of the 100,000 copies is being conducted by a large London institution, and a copy will be sent post free to any one interested. No money need be sent, but those who wish to do so may enclose 5 cents (stamps of your own country) to cover postage, etc. All requests for the free book should be addressed to National Institute of Sciences, Free Distribution Dept., 1553 A, No. 258 Westminster Bridge Road, London, S. E. England. Simply say you would like a copy of "The Key to the Development of the Inner Forces," and mention The Prince Rupert News.

Miss Josephine Davis, the popular stage favorite, whose portrait appears above, declares that Prof. Knowles' book opens the door to success, health, and happiness to every mortal, no matter what his or her position in life.

Albert Davidson, general agent of the G. T. P. steamship and railway lines, with headquarters at Prince Rupert, was a visitor on the last boat.

Gordon Runkle and George Thomas have reached Hazelton, going in from Stewart by the Kitwanga trail, and are now in the Kispiox valley.

Sunday morning the townsites were covered with a mantle of the "beautiful." The snow is now down to the timber line, and across the Bear river divide there was nearly a foot early in the week.

Joe Perrault and Dan Davis are both reaping their reward for the cultivation of the soil. They raised excellent crops of potatoes, cabbage and other vegetables and have a good local market.

Joe Fall arrived on the Thursday boat, en route to the fishway at Meziadin lake, where he will take a number of photographs of the falls and construction work for the Provincial Fisheries department.

Everett Galloway, who has been foreman of the trail construction crew at Kincolith, was here Wednesday with his gang, and returned Thursday, accompanied by Ike Greenlaw, to finish up a bridge.

Harry Gillingham, who has been in charge of the government road commissariat department at the head of Meziadin lake, returned to town with his wife the first of the week en route to Prince Rupert.

It is stated that Postmaster W. C. Cameron's name has been urged by the Bear River Conservative Association as customs and preventative officer owing to the resignation at the end of the month of Walter G. Broad.

F. F. Hannington, who has been acting manager of the Prince Rupert branch of the Canadian Bank of Commerce, will leave on Monday for Summerland to resume the management at that point. He is well and favorably known in Stewart, being local manager here for several months of the same bank.

Frederick Benson, an Indian, arrested for stealing a pair of shoes, the property of Mrs. W. B. George, was tried before Magistrate J. H. McMullin at Prince Rupert on Monday and found guilty. He was sentenced to six months' imprisonment. This was the second time Frederick had been arrested for stealing, the evidence in the first case not being sufficient to convict.

Rev. William Crarey, wife and child left early Tuesday morning on the Anglican mission boat, the "Northern Cross," for Kincolith, en route to Greenville, where he will take charge of the church work among the Naas Indians until next spring. On Sunday St. Mark's Church had a large attendance at the evening service, when the rector preached his farewell sermon. Bishop Du Vernet gave a brief address regarding the reasons for closing St. Mark's for the winter and was most optimistic as to the possibilities of future church work in this parish. Rev. Rushbrook and Mr. Russell of the "Northern Cross" were also present.

William J. Crawford has severed his connection with the Stewart News Agency, having sold his interest to his partner, "Bob" Robertson. Mr. Robertson will continue the business on his own account. It is just twelve months since that Mr. Crawford purchased the interest of Frank Martin, who was the first owner of the well known news agency—Portland Canal Miner.

LOCAL NEWS ITEMS

Mrs. Saunders of Digby Island is confined to bed through illness.

The infant son of Mr. and Mrs. Jas. Allen is in a critical condition and not expected to live.

C. W. Peck returned this morning after spending a couple of weeks in the lower coast cities.

George P. McColl's terrier, whose mania for travel was mentioned in The News recently, returned on Sunday night's train from Hazelton.

Rev. and Mrs. Gurd of Metlakatla returned this morning from a short visit in Victoria. Miss Gurd, who has been in the south for some time, returned with them.

Jas. S. Rankin, insurance adjuster, arrived from Vancouver this morning en route to Kitwanga to estimate the loss in the recent fire which destroyed the home of J. W. Paterson.

In the case of Griffith vs. Ties judgment was given this morning for \$70 and costs. The counter claim was dismissed.

Fisher & Warton appeared for the plaintiff and L. W. Patmore for the defendant.

Power developed at Dawson from hydro-electrical installation is to be delivered along the Yukon river points and into the Tanana, 400 miles away, for use as lighting current and in the operation of dredges and other mining machinery.

Walter G. Broad, local manager of the Stewart-Portland Canal Power, Light & Water Co., received telegraphic instructions from Victoria on Monday to close down the plant at the end of the month. The electric lighting of the town was suspended at the end of August and the small revenue derived from water consumption evidently lead the directors to the action noted above. The result has been that every residence and business house has been forced to install water pumps and Tommy Falconer is now the busiest man in the town. For several weeks it has been evident that the company would be unable to cope with the situation during the long winter months when frost is prevalent.
