"BOSS" MURPHY.

Greater New York is in the throes of a seething battle of wits, of bitterness, of charges of graft in public office and of political trickery, amid the usual loud cries of "Down with Boss Murphy and Tammany Hall. But next Tuesday night, when the ballots are counted, it is a good bet that the Tammany Tiger will be wearing a wide smile of content with the result. William Sulzer has gone, but Charles F. Murphy still remains. While Murphy remains and while Tammany remains the shame of New York continues. The people of New York did not know the real Sulzer when they elected him governor. But Murphy knew him. Tammany knew him. He had been a member of the organization for twentyfive years, and the organization always knows the secret history of its members. In the vernacular of Fourteenth street it always "has the goods on them." It knows what they have done and why they did it. A club is forever in the hands of the boss to hold over the heads of the men that Tammany ele-
