Meeting Connected With Night

This evening there will be a meeting held in the City Hall to

which all interested in the subject of night schools are invited to

be present. It is proposed that the commencement of these night

schools shall follow the opening of the New Year, when provision

will be made by the School Board for carrying on this department.

The desire of the board and of the committee of citizens interest-

ed in this project is that all applications be sent in as soon as

possible so that it will be known how many pupils should be

provided for. The Department of Education makes provision for

this work and it is the desire of all interested that those who

are living in the city who have not had the advantages of an

English education early in life should avail themselves of this

opportunity, no matter at what age they may enter. The night

school it is proposed should be left open only during the winter

months. In the elementary subjects coming directly under the

School Board there will be no fees charged. This will include the

THE ROAD TO THE RIGHT.

TOU'VE met at least one of those few good old souls, who are constantly getting the worst of it when shopping, who don't believe in advertising. A hundred disappointing and instructive experiences have failed to teach him their plain lesson.

When he bought his first watch he was beguiled into buying one without a known name or a trustworthy guarantee. That watch—a poor timekeeper—cost him dearly by reason of missed appointments and missed trains, and for frequent repairs. Yet he paid the price of a good watch.

It is the same story with regard to his underwear, his shoes, and his fountain pen.

This good old soul's case is not unique. Many of us, if the truth be confessed, resemble him; we allow ourselves to be sold merchandise with an unknown brand or trade mark instead of buying merchandise which is well known to us through the medium of advertising. In slang language, we get "stung" pretty often.

In most of these cases we have ourselves to blame, for "the road to the right" thing to buy has been made plain by advertising.

There is no good reason for passing by the known thing, soundly guaranteed, to buy a dubious article, which, quality for quality, cannot be cheaper than the known, branded article.

"It is better to be sure than sorry."

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503 Lumsden Building, Toronto.
