DAILY EDITION

Tuesday, Dec. 30, 1914

The winding up of the C. H. I. C. has given another jolt to the average man's confidence in new forms of investment. This company started out with fair promises and it was believed that the men behind it were honorable and competent. After apparently having made a splendid start and having advanced many loans to their contract holders they suddenly suspended operations and transferred all their assets to a new concern.

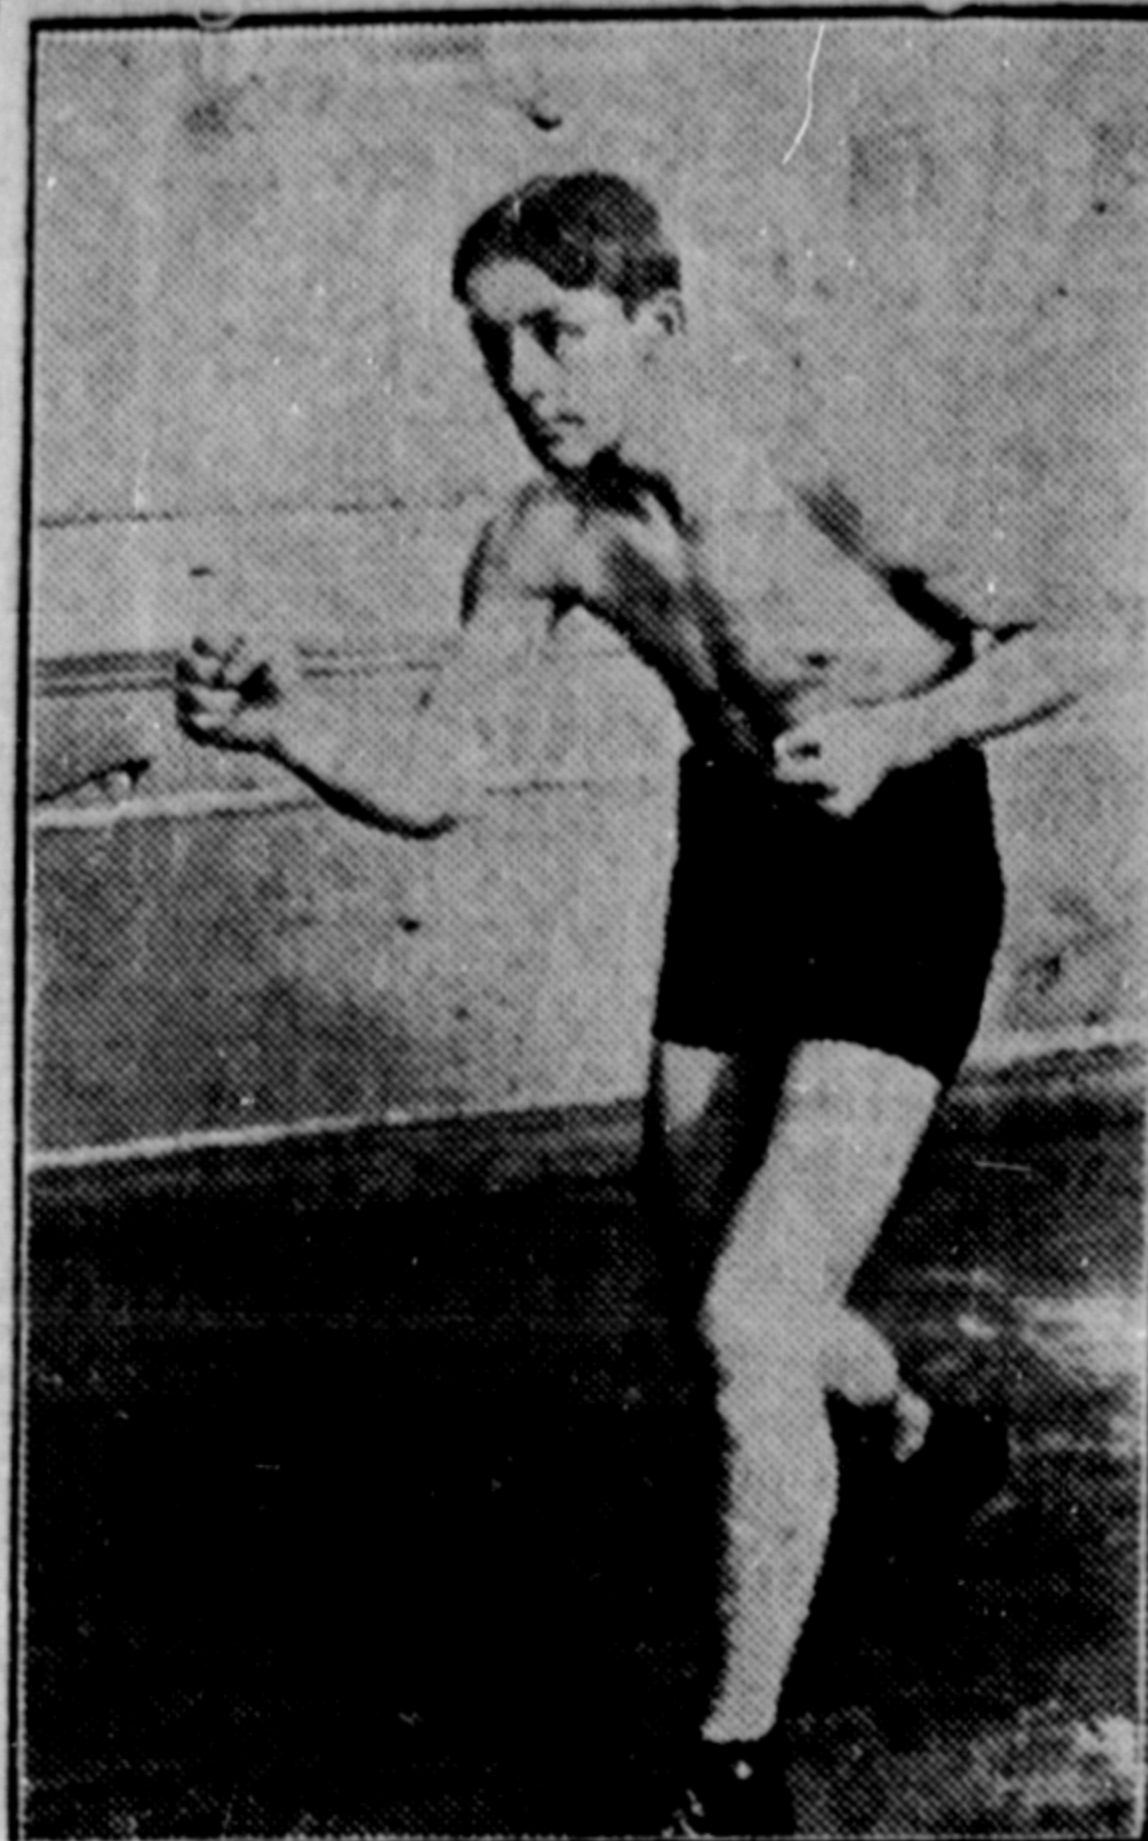

The original contract supplied to investors was a very stable document and made ample provision for their protection. Just before announcing the determination to dissolve, however, it appears that they succeeded in convincing the contract holders that a change of contract was necessary and would be to their advantage. A great many of them fell for this and they are today reaping their reward in tears.

It now happens that the surrender value of these contracts is worth only about fifty cents on the dollar. Preferred shares in a new company are of course offered to the shorn lambs who are not in a mental attitude for further confidences, but even then they would not receive anything

like par value for the cash paid in.

This is certainly a case that should be investigated by the government and the guilty parties brought to justice. Laws should be immediately provided that would keep fakirs of this class out of the channels of legitimate business. As for the public, it would appear as if they enjoyed an occasional holdup, but the government should extend their paternal influence and save the people from themselves.

Everybody knows the little boy who refused his supper and then cried because he didn't get it. It is not often that we find this trait in grown up men, but that distinction belongs to one of our local editors. He had the same chance that other newspapers had to secure the recent advertising. Indeed he was urged to accept it at the same price paid the other papers, but if he did this he wouldn't have a chance to howl. "Cut off your nose and spite your face" seems to be his motto, and from all appearances he seems to be getting results. No doubt he will declare one of these days he refused the advertis-

The French heavyweight champion pugilist, who put Bombardier Wells, the English Champion, away in jig time in London recently.

ing because he wanted to save the city's money.

It looks as if the Monroe Doctrine would have to be revised. It is well known that the Latin American countries have long repudiated the "big brother with the club," and now it appears that the Americans themselves are weary of its precepts. Professor Bingham of Yale, who has travelled extensively in South America, has published a book in which he repudiates the doctrine and hints rather plainly that the interests of Germany and Japan will before long force them to drop it.

President Woodrow Wilson has demonstrated his ability as a diplomat. A few days ago he received a delegation of suffragists and seems to have disposed of them in such a way that they don't know yet what he meant.

The real reason why Sam didn't get the city's recent advertising is that he insisted on getting twenty per cent more than the other papers charged. He was offered the work at the same price, but he wanted an additional graft, and now he howls because he didn't get it.

## GRANBY BAY NEWS.

Granby Bay, Dec. 7.—Granby Bay celebrated Christmas day by a general holiday. No construction work was carried on and for one day the mines were idle.

An entertainment and Christmas tree for the children was given in the Recreation Hall on Christmas eve, and a number of the children in fancy costume sang suitable songs and otherwise entertained the large audience. Santa Claus was there too with a Christmas present for every child in Granby.

Mr. and Mrs. Williams gave an enjoyable dance in the Recreation Hall for their many friends at the Bay on the evening of Christmas day. This was largely attended and all had a good time.

The steamship Leelanaw, flying the United States flag, arrived on the 23rd with a cargo of 1500 tons of coke from Tacoma. She is a first class freighter carrying wireless apparatus, and is an oil burner. Although this is her first trip to Granby, it is expected that she will be here regularly with coke in the future. She leaves here for Ketchikan.

About two more feet of snow has fallen within the last two days, but prior to that fine clear weather has been experienced here for some time.

Bishop Du Vernet, the Rev. J. A. Levin and Dr. Inman were passengers today on the Princess Royal. They are registered at the Granby Bay Hotel.

## The President's Birthday

Washington, Dec. 29.—The president will celebrate his fifty-seventh birthday tomorrow. He is in receipt of many congratulatory messages from all parts of the country, as well as from the leading nations of the world.

## PROFESSIONAL MEN SWEEP CITY STREETS

Leeds, Eng., Dec. 23.—Sixty prominent professional and business men, comprising doctors, lawyers, clergymen and merchants, acted as street sweepers here today and gave a practical demonstration of the determination of the citizens of Leeds not to yield to the employees of the municipal services, who are on strike because the city would not grant what it considered the men's inordinate demands.

The streets had not been swept nor the garbage cans emptied for ten days.

## ENGLISH HAND-MADE LACE

MADE BY THE COTTAGERS OF BUCKINGHAMSHIRE.

This is the old-fashioned lace made on the cushion, and was first introduced into England by the Flemish Refugees. It is still made by the village women in their quaint old way.

Our Laces were awarded the Gold Medal at the Festival of Empire and Imperial Exhibition, Crystal Palace, LONDON, ENGLAND, for general excellence of workmanship.

BUY some of this hand-made Pillow Lace, it lasts MANY times longer than machine made variety, and imparts an air of distinction to the possessor, at the same time supporting the village lace-makers, bringing them little comforts otherwise unobtainable on an agricultural man's wage. Write for descriptive little treatise, entitled "The Pride of North Bucks," containing 200 striking examples of the lace makers' art, and is sent post free to any part of the world. Lace for every purpose can be obtained, and within reach of the most modest purse.

Every sale, however small, is a support to the industry.

Collars, Fronts, Plaques, Jabots, Yokes, Fichus, Berthes, Handkerchiefs, Stocks, Camisoles, Chemise Sets, Tea Cloths, Table Centres, D'Oyleys, Mats, Medallions, Quakers and Peter Pan Sets, etc. from 25c., 60c., \$1.00, \$1.50, \$2.00 up to \$5.00 each. Over 200 designs in yard lace and insertion from 10c. 15c. 25c. 50c. up to \$4.00 per yard.

IRISH CROCHET. Mrs. Armstrong having over 100 Irish peasant girls connected with her industry, some beautiful examples of Irish hand-made lace may be obtained. All work being sold direct from the lace-makers, both the workers and customers derive great advantage.
