LETHBRIDGE ADOPTS COMMISSION GOVT.

Elected Three Engineers as Commissioners—Charter Contains All Modern Policies

Lethbridge is about the first Canadian western city to adopt the modern system of commission form of municipal government in its most radical form.

The Lethbridge charter provides for three commissioners. The mayor, who is also the commissioner of finance and safety, will have a salary of \$4,000. The commissioner of public works and the commissioner of public utilities will each receive salaries of \$3,500. Each department is clearly defined and each commissioner is responsible for its administration. The commissioners sit as a council to enact bylaws, etc.

The initiative, referendum and recall are included in the plan, as are also woman suffrage and preferential voting.

The first election for commissioners was held on December 8, resulting in the choice of the above. There were altogether 15 candidates for the three positions. To win a candidate must receive a majority of all votes cast. In case the first choice of the voters does not elect, then the second choices are regarded and so on until one has the required number. In this election it was necessary to count to the fourth choices in two of the three cases.

Those elected are all engineers. The mayor is a civil and mining engineer. The commissioner of public works is a civil engineer. The commissioner of public utilities is an electrical engineer.

The new Lethbridge government will become effective on January 1, 1914.

Want Government Guarantee

Guarantee of the bonds of the Burrard Inlet Tunnel and Bridge Company to the amount of \$750,000 is to be asked of the Provincial Government as a result of the decision of the directors, made last week, this course being taken in consequence of the government's refusal last week to agree to the request that it should take over the \$750,000 raised by the municipalities, the \$350,000 donated by the Dominion Government, the \$400,000 contributed by the province, to give another \$1,000,000 and to erect the \$2,500,000 structure.

Civic Election Officers

At the council meeting last night it was decided to appoint F. R. C. Brown returning officer for the civic election. The various deputy returning officers were also named as follows: W. J. Greer, J. W. Potter, W. R. Martin, Peter McLachlan, P. J. Gibbons, Gilbert Burrows, H. V. Scott, G. C. Emmerson and Charles Dennis. The nominations for mayor, aldermen and school trustees will be held in the police court in the City Hall on Monday, January 12, from 12 noon to 2 p. m. The polling will be on Thursday, January 15, from 9 a. m. to 7 p. m.

FRASER LAKE COUNTRY BEST ALONG THE LINE

Doc Stewart, Resident Engineer at Endaco, Says That District Will Get the Population

The Fraser Lake District will be the most populous between Edmonton and Prince Rupert, is the claim of "Doc" Stewart, resident engineer at Endaco, divisional point for the G. T. P. The Fraser Lake country is the most fertile along the line according to Mr. Stewart. It is a magnificent stretch of country which will grow anything. It has a fine climate, is warm and dry in the summer and has no summer frosts.

Mr. Stewart left Prince Rupert over two years ago to take up his quarters in the interior. He has not been out since, and his many friends here are sure glad to see "Doc" back for a holiday.
