ENGLISH HAND-MADE LACE

MADE BY THE COTTAGERS OF BUCKINGHAMSHIRE.

This is the old-fashioned lace made on the cushion, and was first introduced into England by the Flemish Refugees. It is still made by the village women in their quaint old way.

Our Laces were awarded the Gold Medal at the Festival of Empire and Imperial Exhibition, Crystal Palace, LONDON, ENGLAND, for general excellence of workmanship.

BUY some of this hand-made Pillow Lace, it lasts MANY times longer than machine made variety, and imparts an air of distinction to the possessor, at the same time supporting the village-lace-makers, bringing them little comforts otherwise unobtainable on an agricultural man's wage. Write for descriptive little treatise, entitled "The Pride of North Bucks," containing 250 striking examples of the lace makers' art, and is sent post free to any part of the world. Lace for every purpose can be obtained, and within reach of the most modest purse.

COLLAR—Pure Linen.
No. 910.—Lace 1 1/2 in. deep.

IRISH CROCHET.
Mrs. Armstrong having over 100 Irish peasant girls connected with her industry, some beautiful examples of Irish hand-made lace may be obtained. All work being sold direct from the lace-makers, both the workers and customers derive great advantage.

No. 122.—50c. per yard.

The new summer steamboat schedule will be out in a few days and some changes are anticipated. The steamer Spokane, which formerly always spent the summer in the special tour business, will drop that and go on the regular northerly run with the City of Seattle. It is understood the C. P. R. have made a deal with the Raymon Whitehouse Tourist Agency to run personally conducted tours to the north. The C. P. R. will use the Princess Charlotte for that trade.

TORY CALLS FOR PROSPECTOR'S RETURN

Claims Present Law Does Not Give Prospector a Chance on Abandoned Claims

Victoria, Feb. 3.—"Bring back the prospector," says Mr. Lorne Campbell, M. P. P. for Rossland. If the prospectors who were so numerous a few years ago are not to be encouraged to return, the only other thing to do is to insist that the Dominion government shall hasten its geological survey of this province and the making of a complete geological survey is necessarily a long job as well as expensive.

Mr. Campbell agrees that there is much justice in the complaint made at the Conservative annual convention with regard to the method of handling mineral claims which have been abandoned after being crown granted. "Any person who wishes to take up such a claim," says Mr. Campbell, "should be allowed to do so by paying the back taxes, together with the regular fee of \$10. As things are now, a prospector may find ore on such a claim, but if he tries to get possession of the claim he finds himself confronted by the law which says that it must be advertised for sale by tender and be given to the highest bidder. It simply means that the prospector without money has no chance at all. The richer his find the surer he is to lose it. The inevitable result is that when considerable areas have been tied up in this way the prospector is driven out of the country and mineral development is seriously hampered. With no prospectors and no adequate geological survey, how are we ever going to find the mineral wealth that undoubtedly lies hidden in many parts of British Columbia?"

Parcels Post Boon

Ottawa, Feb. 3.—It is believed by the officials of the post office department that the new parcels post rates will prove a great boon to the people. Persons will be able to send 11 pound packages to places less than 20 miles distant for a rate cheaper than express. Other rates are much lower than express.

Advice has always been a drug on the market. The enormous supply has killed the demand.

PLAN SHORT RAILWAY LINE IN THE CARIBOO

Proposal to Connect Up C. P. R., Canadian Northern and P. G. Eastern

Victoria, Feb. 2.—The construction of a short line railway from Ashcroft on the C. P. R. to Clinton and thence southwest to meet the P. G. E., near the confluence of Kelly Creek with the Fraser, is a late proposal laid before the provincial government. The line, it is said, would follow the Bonaparte north from Ashcroft, running close to the Clinton road, and it is declared that a good grade can be found from Clinton over to the P. G. E. The construction of such a railway line would link up the C. P. R., C. N. R. and P. G. E., give railway transportation to Clinton and district and provide access to the north from Ashcroft.

Ex-Premier Semlin stated during a visit to the capital last week that the ranchers north of Ashcroft had been informed that such a railway had been projected, but were not informed as to what interests were behind it, although they were inclined to think that the Canadian Northern had something to do with the scheme. It had also been rumored in the district, he said, that there was an alternative route for such a line from Lytton up the Fraser to Lillooet, although the grade there is said to be difficult. A line between those two points would accomplish much the same purpose.

Premier McBride said that he had heard of such a project. It was inferred from his remarks, however, that the forthcoming railway legislation would make no reference to such an undertaking.

LOGGER BATTLES FOR \$100 EVERY MINUTE

Three Hundred Dollars, Three Thugs and Three Minutes' Fight

Seattle, Jan. 31.—Louis Anderson, a logger, made \$100 a minute last night by fighting, and Anderson never posed as a pugilist at that.

Anderson was walking along Dearborn Street near Sixth Ave. south last night, when he was attacked by three thugs. Anderson had \$330 on his person and decided to preserve it. He battled with his assailants, and in the short space of three minutes returned victorious. Each blow from the pudgy fists of the lumberjack dropped one of his assailants, while the \$330 remained intact inside Anderson's jeans.
