G. Lacy Crawford, part owner of the St. Louis National league club, died at his home in St. Louis from a throat affection. He was 43 years old.

The date for the fight for the world's heavyweight championship between Jack Johnson and Frank Moran of Pittsburgh has been set for June 27.

Pitcher Jack Quinn of the Boston Nationals, has signed a contract with the Baltimore Federal league club. Quinn went to Boston from the Rochester International team at the close of last season.

Maurice E. McLoughlin, the American tennis champion, cannot spare the time this year to go to England to play at Wimbledon in the British championships.

The world's baseball tour of the New York Giants and Chicago

his four-round bout with Romeo Hagen at Tacoma last Saturday, was robbed of the decision after leading by a city block all the way. The bout was declared a draw.

Members of the touring American baseball teams, New York Giants and Chicago White Sox, were given a hearty send-off from London, England, last week. The players all expressed regret that they could not stay longer in London, where they had been entertained extensively at dinners, luncheons, and theatre parties.

Members of the V. A. C. lacrosse team, world's amateur champions, met with their friends in a little "get-together" session last week. During the evening medals were presented to the members of the team who were successful in defending the Mann cup last year. Much enthusiasm was manifested over the prospects for the coming season and the promise was made that every member of the team will be on hand this year to once more defend the trophy.

In the international association football match at Glasgow on Saturday neither Scotland nor Wales were able to score, the result being a draw. The ground was rain sodden, but notwithstanding a splendid exhibition of good football was witnessed. Scotland was rather disappointing, while Wales played above their reputation. Only ten thousand people attended. The goalkeepers beat both sets of forwards by remarkable saves. Radical changes on the Scottish team to meet Ireland on March 14 are predicted, the halfback being very weak on Saturday.

The championship of Australasia was won by the All-American track and field team at Melbourne, January 26, according to mail advices just received from the Antipodes. The silver shield awarded annually to the winning team, however, went to the Victoria state team, which made second place, the rules governing the award specifically providing that only Australasian teams be its recipients.

FATE OF PROFESSIONAL LACROSSE IN BALANCE

The next few weeks will probably decide the fate of professional lacrosse as far as the Pacific coast is concerned. Just now a strenuous fight is being waged for control of franchises in the B. C. L. A. Con Jones is anxious to get back in harness, although he will not listen to any argument from Westminster unless the world's champions are under control of one manager instead of as heretofore, a committee of the citizens.

That the situation is a critical one for lacrosse is admitted on all sides. New Westminster has

been known as the lacrosse nursery of the Canadian west for years. In fact the championship teams turned out during the past ten years have been practically composed of boys who have been born and brought up in that city.

The straight professional basis, however, has since proved the undoing of former years. At the present time the prominent citizens who have financially backed the Salmonbellies through thick and thin, are now missing. Mayor A. W. Gray, Ald. Keltington, Herb. Ryall and others, all past stars at the game, have pulled up stakes following private meetings among the players who failed to invite the executive, with the result that unless almost superhuman efforts are made during the next few weeks, the curtain will fall upon the professional game, leaving the field open to amateur lacrosse teams and semi-pro. baseball.

May Have New Government

(Bella Coala Courier.)

We regret to learn that the bridge across the Nootsatsum river at the old crossing, so urgently needed by the settler, and so confidently expected, is not to be built this year. We can only advise our friends to keep this matter in mind. The government may be able to afford it some day. At any rate, if this government won't build it the next one may, and that may mean long to wait either.

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.
