Municipal Jack of All Trades

(Engineering and Contracting) It is wonderful what election e public office will do for a man. The plumber as alderman becomes an authority on waterworks and sewerage, the grocer councilman becomes learned student on roads and streets, and the lawyer as mayor turns into an encyclopedia of all municipal knowledge. If you don't believe the latter read the following extract from a letter:

"This city does not need an engineer. . They had a mayor for four years-a lawyer-who could run lines and grades by the eye. and build reinforced concrete with scrap iron that would stand up without props after the earth filling was made around it."

Many other cities are similarly afficted with municipal jacks of

or is it high and light? If the former, the trouble lies with one or three things (1) your baking, (2) your yeast, or (3) your flour.

Canadian housewives are about the finest cooks in the world, so we won't discuss baking; it is fairly easy to buy good yeast, so we'll pass that by-but FLOUR! Flour can make or mar any batch. A flour that performs one way Monday and then balks on Friday is useless. It's UNIFORM GOOD-NESS you're after. UNIFORMITY first drew me to ROYAL STANDARD.

Say "ROYAL STANDARD" to your grocer when you next need flour.
