

C.N.R. LOAN PASSED WITH GOVT. MAJORITY OF 57

SEAMAN'S UNION CLAIMS EMPRESS WAS UNDERMANNED—VAN HORST SENTENCED TO DEATH

MANSON ADMITS GOVT. DEAL WITH P. R. HYDRO-ELECTRIC CO.

MEMBER TRIES TO SHIRK RESPONSIBILITY BY PUTTING IT UP TO CITY COUNCIL—SAYS CITY SHOULD MAKE PROTEST BUT GIVES LITTLE HOPE OF SUCCESS.

The publicity given by The Daily News to the deal the provincial government made with the Prince Rupert Hydro-Electric company is beginning to bear fruit. William Manson has at last been heard from. He admits the deal and says he is making a protest—a Manson protest.

William Manson, M. P. P., wrote a letter to the city council in which he admits the deal in a half-hearted way and attempts to step from under by claiming the city council should have acted in the matter before.

It will be noticed in the communication that very little hope is held out that the provincial government will protect the city streets as William Manson promised they would do when he allowed the Prince Rupert city charter bill to go through.

"Prince Rupert, June 1, 1914.

"Gentlemen: I beg to direct your attention to the application of the Prince Rupert Hydro-Electric company for approval of its undertaking under the water act, which is now before the water department at Victoria.

"The files in the department show that a notice of the intention of the company to apply for approval of its undertaking was published in the Daily News of this city in August, 1913, but it does not appear that any action was taken at the time by the city council of Prince Rupert asking to be heard in connection with the matter to ensure that the rights of the city were not encroached upon.

"While in Victoria recently I filed a protest as per enclosed copy against further action being taken until the city had

RUPERT'S BIG DRY DOCK A POPULAR POINT

Guests From Seattle Anxious to See the Biggest Floating Dock on the Coast

Prince Rupert's \$3,000,000 dry dock proved one of the chief attractions for the business men of Seattle and Tacoma when the Admiral Sampson was in port yesterday. Many of the visitors spent the short time here looking over the big plant and were profuse in their admiration of the undertaking.

The Admiral Sampson docked at the G. T. P. wharf at 2:30. G. R. Naden, president of the board of trade, and the mayor, with a number of the business men, members of the board of trade and citizens, were present to greet them.

Admiral F. H. Alexander, who was the host of the party, presented his guests to the city's representatives and the visitors were then whisked up town in the auto fleet. There was a hurried visit to the main streets and at 3:30 the signal to leave was sounded.

Many members of the board of trade were on the dock to bid the guests farewell and as the Admiral Sampson pulled out farewell vocal indulgences were passed back and forth.

RELIGIOUS SERVICES HELD OVER SCENE OF DISASTER

TRIBUTES PAID TO DEPARTED—1,024 LOS. OFFICIAL RECORD—450 WERE SAVED

(Special to The Daily News.)
Quebec, June 3.—The liner Megantic, inbound, held service Sunday afternoon over the spot where the Empress of Ireland rested. Impressive and touching tributes were paid to the departed.

The complete official returns give 1,024 as the number lost and 452 saved. Of the bodies recovered 95 have been identified.

REDISTRIBUTION BILL TODAY COMMITTEE HAS AGREED ON IT

LIKELY TO BE MADE LAW AT ONCE—C. N. R. BILL PASSED THIRD READING—GOVT. MAJORITY IS REDUCED TO 57

(Special to The Daily News.)
Ottawa, June 3.—The redistribution bill is now agreed on by the committee and comes to the house today.

The Canadian Northern guarantee bill passed its third reading last evening. The government majority was 57.

FIFTY-FIVE THOUSAND MEN MAY GO ON STRIKE

Strike Vote Being Taken by All Western Engineers and Firemen Excepting G. T. P.

Chicago, June 2.—The engineers and firemen on all the lines west of Chicago except the Grand Trunk Pacific are taking a strike vote, negotiation on wage scale and hours of duty being discontinued. Fifty-five thousand men are involved.

SEAMEN'S CONVENTION DECLARES ON DISASTER

Say Loss of Titanic and Empress Was Due to Undermanned Vessels and Unskilled Crews

(Special to The Daily News.)
Boston, June 3.—The International Seamen's union in session here has passed a resolution which declares that the Titanic and Empress disasters were due to undermanned vessels and unskilled crews.

Mrs. Templeman Dead

Mrs. William Templeman, wife of the minister of inland revenue in the Laurier cabinet, died on Saturday last at the family residence in Victoria. She has been ill for some time, growing weaker during the past week, when it became apparent that the unequal contest she had waged with the cheerful philosophy and fortitude which had always characterized her could not last much longer.

Mrs. Templeman was born in Carleton Place, Ont., on Sept. 23, 1846, the daughter of Mr. and Mrs. Joseph Bond. She was married in 1869, removing to Almonte, where her husband founded and conducted the Almonte Gazette. In 1884 Mr. Templeman came to Victoria, where, in the following year, he was joined by Mrs. Templeman.

Mrs. and Miss Sawie, who have been visiting in New Hazelton, returned last evening. Miss Sawie is leaving for the east on Friday.

Hindus Will Return to Orient

Vancouver, June 2.—The four hundred Hindus that arrived here on the steamer Komagato Maru have finally decided that there will be no possibility of getting into Canada, and they will accordingly return to the Orient. They have abandoned all attempts to make a landing either by legal process or any other method. They are convinced that their only alternative is to return and the steamer will accordingly leave for the other side with all of them on board. A careful watch has been kept on the steamer as it remains in the harbor. A patrol has been kept up about the vessel by the immigration authorities, who decided that none of them would be let land in Canada if they could be prevented in any way.

CARDINAL RICHELIEU'S WARD

At the Westholme Opera House Tonight

The story of Cardinal Richelieu, "the Bismarck of France," has furnished material for many romances, novels and plays, and latterly has been used extensively in the production of moving pictures. The last and best of these productions is a four-reel Thanhouser feature entitled "Cardinal Richelieu's Ward," which will be shown at the Westholme opera house tonight together with a fine two-reel Keystone comedy, "In the Clutches of the Gang," with Ford Sterling in the title role. This makes one of the strongest double bills ever presented at the Westholme and guarantees its patrons a most delightful evening's entertainment.

J. E. Oppenheimer, president of the Continental Development Co., arrived on the Rupert today to consult with the manager of the company, who came down from Carnaby.

RUPERT IS THE CENTRE GREAT MINING DISTRICT

G. R. Naden Has Greater Confidence Than Ever in Future of This City

"I have just been in a new part of this country," said G. R. Naden to The Daily News today, "and more than ever I believe Prince Rupert is to be the centre of the greatest mining district in all America."

The president of the board of trade accompanied a mining man up the Kitsault river at the head of Alice Arm. Some twenty miles in they examined the surface showings of a copper property which Mr. Naden believes is another Granby. The deposit differs somewhat from the Hidden creek copper, but looks just as good and just as extensive.

This is by no means the only property in the Alice Arm country, but it looks to be the biggest one. The man who inspected it will report to his principals and it is possible that a bond will be taken out and the property tested. Unfortunately, one of the first big expenses would be to build a trail up the valley. The government has spent many thousands on alleged trails there, but there is no way for a pack horse to get in yet.

The Daily News is always worth more than the price, but today it is doubly so. An advertisement in this issue will bring ten cents if presented to the party named therein. Hunt it up.

COLTS AND RIVETERS PLAY LIVE GAME

At Fifth Inning the Youngsters Had a Score of Ten to Nil on the Heavy Hitters

The Colts and Riveters played a strong game last night on the McBride street diamond. Even in spite of the rain there was a good attendance and plenty of enthusiasm.

The youngsters show improvement in all departments of the game. They held the heavy-hitting Riveters at their mercy. Volpey and Manson, battery for the Colts, did star work. Feature plays were made by Hunt and Ratchford for the Colts and by Brooks for the Riveters.

Ratchford for the Colts won a new hat at Martin O'Reilly's, he bringing in the only home run of the game.

Colts: B. McDonald, B. Hunt, J. Ratchford, W. Anderson, F. Laboi, S. Weston, Joe Ratchford, Manson and Volpey.

Riveters: Graves, Brooks, Thoeby, Walker, Franks, Gleason, Morgan, Collins and Spencer.

The score:

Colts 2 0 0 6 2 1 1—12
Riveters 0 0 0 0 1 1 1—3

George Frizzell returned from Smithers yesterday, where he has been putting a cold storage plant in his branch market. Smithers is quiet just now as a result of the interrupted train service. The freight packers are again working between Smithers and Burns Lake.

The most remarkable photographic as well as dramatic sensation
the motion pictures—6,000 feet of fascinating, soul-stirring romance.

EMRESS THEATRE

Cleopatra Pictures in Six Reels for Wednesday and Thursday

Countless thousands of men, women and children, scattered over the length and breadth of the earth, have awaited with keen anticipation the release of "Cleopatra" by the Helen Gardner picture players. Infinite pains were taken to make the picture the most profound expression of motion picture art ever achieved. As a tragic romance, aside from pictorial artistry, the picture, by its deep intensity, its clearness and vigor, its splendid sequential continuity and gripping beauty, its fullness of dramatic and emotional qualities, set a standard not before attained.

Miss Helen Gardner is a glorious poem as Cleopatra. The part would tax the art of a Bernhardt. Miss Gardner's rhythmic beauty and dramatic instincts, her intellectuality, culture and delicacy have combined in her work to vivify and ennoble the character of "Royal Egypt," even as emerald might have done at the age of twenty-six. Her costumes are truly gorgeous, representing not merely money, but exquisite taste, thought and culture. In several scenes she wears shawls and draperies that were made in Egypt hundreds of years ago, and jewels that cost over fifty thousand dollars.

HAZELTON BOXING FANS WITNESS 10 ROUND DRAW

Boxing fans of Hazelton witnessed a fast 10 round contest last Monday evening when Frank Smeathers of Prince Rupert and Geo. Allen of Fort George, battled to a draw before a large crowd.

The decision of Referee O'Neil of New Hazelton was a popular one, and the boys were immediately matched again for a \$200 side bet, the date to be announced later. A prominent New Hazelton boxing supporter is backing Smeathers and has already deposited the money for a fifteen round contest.

Geyser in Action

(Special to The Daily News.)

San Francisco, June 3.—The reported volcano in action on Mt. Lassen is now stated to be only a geyser.

Mrs. T. W. Glaholm of Victoria is a guest of Mrs. (Judge) Young for a couple of weeks.

ALL STAR BALL TEAMS WILL PLAY THREE GAMES

Aggregation From the Interior League Will Meet Team From City League This Week

Prince Rupert baseball fans are going to have several days of ball now. E. V. Cole, secretary of the City league, has completed arrangements for a series of three games with a star ball team picked from the interior league. The visitors will arrive on Thursday evening with representatives from the two Hazelton and Smithers. They will meet an all star team from the city league.

The first of the games will be Friday evening and two games will be played Saturday.

This should make some real good sport.

Will Demonstrate Here

R. C. Mink, professional sharp shooter, arrived on the Prince Rupert this morning and left on the train for the interior. He will be up the line a week or ten days and will then return to Prince Rupert, where he will give a demonstration of shooting with rifle, shotgun and revolver. He uses Dominion ammunition and represents that company. The local manager of the Western Explosives will arrange the demonstration here.

Masonic Grand Lodge

The city lodges of the A. F. and A. M. will have the masters of the lodges with their wives accompany the grand lodge officers from Vancouver to Prince Rupert on the Princess Alice, which has been chartered to convey the grand lodge to this port. Ald. T. McClymont is master of Tsimpsan lodge and will leave here in time to join the Princess Alice. J. C. McLellan, now living in Vancouver, is the master of Tyee lodge and will join the party there. They sail on June 16th.

VAN HORST SENTENCED FOR MURDER OF JAP

Killed Jap in Gulf of Georgia Last Winter—Will Expiate Crime August 19

(Special to The Daily News.)
Vancouver, June 3.—George Van Horst has been sentenced to be hanged on August 19 for the murder of Owaga, a Japanese boatman in the Gulf of Georgia last winter. The murderer and a companion named Lester were fugitives from justice attempting to escape at the time of the crime.

Closing Old Store

The Acme Clothing house is going to close down the old store and all the stock in that store will be sold off in the next week or so. Their new store has been fitted up with new goods entirely so they will not allow any of the old store's stock to be brought in. The old store will be closed Thursday and Friday to get ready for the sale, which starts Saturday.

Chas. E. Bennett, who owns considerable property on First avenue, is in the city for a few days on business. Mr. Bennett has not been here in five years and he naturally does not recognize the shack town of that time in the Prince Rupert of today. Mr. Bennett is registered at the Royal.

Gen. Supt. W. C. C. Mehan, who has been up the line for several days, returned yesterday. The repair work on the fills is going on steadily and yesterday a work train got through to Rose Lake. It will be a week or ten days before freight is taken through.
