CRISIS BEING FACED BY WASHINGTON GOVT.—AROSE OVER CARGO OF AMMUNITION SHIPPED FROM NEW YORK FOR CONSTITUTIONALISTS

(Special to The Daily News.)

Washington, June 8.—A crisis in the Mexican difficulties was faced by the government last night. Huerta brought on the crisis by ordering his gunboats to blockade Tampico and seize a cargo of ammunition en route to the Constitutionalists aboard the

Annihila from New York, flying the Cuban flag. Huerta notified the Powers of his intent to blockade the port. No new orders have been issued to Admiral Badger, but there is no change in the policy of the government in reference to the desire of Tampico being open to commerce.

CITY WON APPEAL ON COW BAY ASSESSMENT

Judge Held Government Leased Lots Were Liable for Assessment

The one appeal on the city assessment against the decision of the city Court of Revision was heard before Judge Young on Saturday and decided in favor of the city. It brought up an interesting point of law and the decision was an important one for future assessments.

The appeal was made by J. Y. Rochester and others on the assessment of lots leased from the government on Cameron Bay. The appellants claimed that because government property it was not liable to assessment, and if it was assessed then it could only be assessed for the amount of interest the leasees have in the property.

The city solicitor argued that the lands leased for commercial purposes were not only assessable but were assessable for the full value, the same as adjoining water front lots owned by the Grand Trunk. It would be an unjust discrimination to assess government owned lots at one value and Grand Trunk owned lots at another value.

Now a Limited Company

One of the signs of progressive times is the changing of the Pacific Transfer Company to a limited liability company, to be known as the Pacific Cartage, Limited. It is capitalized at \$25,000 with S. E. Parker as President and Douglas Sutherland as secretary-treasurer. This company carries on a business of forwarding, shipping, customs, brokerage, transfer, etc. Their business has been growing and the change was necessary to keep the pace. Their wagons will henceforth be known as the red-tops.

W. O. Wright, who has been spending some months with his sons here, left this morning for Vancouver. Later he will go east to Philadelphia and Halifax. His son, R. S. Wright, accompanied him to Vancouver.

TENNIS TOURNAMENT MADE GOOD SPORT

Doubles Handicap Championship Won by Purdy and Roche

The tennis tournament for doubles at the club courts on Saturday afternoon proved good sport and drew a big crowd of interested spectators.

There were eight teams in the contest and they played with a handicap. The finals were won by Purdy and Roche, handicapped minus one point. They won 17 out of the 28 games played.

Three teams tied for second place. They were Marshall and Pettigrew, minus 2 points; Wilson and Cameron, minus 1/2 point and Bullock-Webster and de Mussey, plus 1/4 point. Messrs. Marshall and Pettigrew won out on the play-off.

During the afternoon refreshments were served. This was in charge of Mrs. R. L. McIntosh. Mrs. W. E. Fisher poured tea with Mrs. de Gex and Miss Thompson assisting.

CITY SOCCER LEAGUE IS BEING ORGANIZED

At Least Four Teams Will be in the Series—Meeting on Thursday

In connection with the proposed Kaizen Island Football Association league, all teams intending to enter the competition are requested to have their entry forwarded to the secretary pro tem, Geo. Sinclair Russell, P. O. Box 89, not later than Thursday, June 11, when a meeting of the league will be held in the St. Andrew's Society rooms, Second Avenue, at 9 p.m., at which two authorized representatives from each club are requested to be in attendance. All arrangements for the competition will be fixed at this meeting. Tonight at 7.30 on Second Avenue, the Merchant's Assistants and the Callies, two of the teams that are expected to take part in the league, will meet in a friendly game when the Callies will be represented by W. A. Paterson; W. R. Martin and Alex. Martin; Sam Currie and Danny McIlravy; R. Davie, J. Stewart and A. Murray.

Ball Boys Enjoyed Visit

The old Hazelton baseball party left on the train this morning for home, having spent three enjoyable days in the city. The visitors were all good clean sports who play good ball and make friends of their opponents.

Yesterday the boys were the guests of W. Wright, Bud Corley and Geo. Sweet in a launch party to Metlakatlah and around Kaien Island. They had a good day on the water.

This morning many of the boys were down to see them off and invite them back again.

Every boat in the harbor was put into commission yesterday as the weather was magnificent. All the pleasure resorts were crowded and everybody enjoyed an excellent outing.

PRINCESS PATRICIA AT THE WOODBINE

H. R. H. the Princess is camera-shy and pictures of her are rare. She is shown here with Col. Farquhar, and it is one of the few good pictures taken of her. Great interest has been shown in the spring meet of the Ontario Jockey Club by the Duke and Duchess of Connaught and Princess Patricia.

EXTRAORDINARY ATTRACTION

Linking Up of the G. T. P. and Paul Rainie's African Hunt at the Westholme

Always enterprising and progressive the Westholme management has secured for next Wednesday and Thursday the greatest double attraction ever shown in Prince Rupert. First there is the linking up of the G. T. P. shown in moving pictures. These pictures were taken at Fort Fraser by special artists sent there for the purpose and will be seen the world over during the next few months. The track laying machine operating from the west was first heard at Fort Fraser while still 8 miles west of that town. The last half mile of track laying from either end was in the nature of a race between two gangs—one from the east under Fred Eagan and the other from the west under Dan Dempsey. Eagan and his gang were victorious and his colors, a green flag with a Shamrock leaf in the corner, were hoisted on an improvised flag staff amid great cheering from the crowds present, consisting largely of men from the contractors camps nearby. Cheers for Dan Dempsey and his gang were none the less hearty on their arrival shortly afterwards. All these scenes and incidents and many more are shown in the pictures and the audience will have the advantages of witnessing these interesting and important events without the disadvantages of a long and tedious journey overland to Fort Fraser. Next comes Paul Rainie's wonderful African hunt pictures known the world over as the greatest and most unique pictures ever made by anyone anywhere. Lions, giraffes, rhinoceros, elephants, and innumerable monkeys are seen in an absolutely wild state at an African water hole, where these animals congregate in the early morning. These pictures were taken

by men perched for days in a nearby tree shielded from sight by large palm leaves and provided with several day's rations. These men did not leave their semi-aerial habitation for nearly a week and succeeded in this manner in obtaining the most wonderful natural animal pictures in the whole world.

New Apartment House

Piling is being driven by Wm. Angle for the foundation of a new apartment house to be built on Sixth Avenue, just west of Fulton Street. The house will be the full size of the lot, fronting on both Sixth Avenue and the lane on the Fifth Avenue side. It will be two storeys with two five room flats on each floor. The building is a very substantial one and will present a good appearance. It has all modern conveniences. H. Levine is the owner and R. Randall, the architect.

A Might-Be Accident

A few exciting moments were witnessed by one of the local pleasure boats yesterday when it slid on a rock at the mouth of Shawatlans Passage. The water was at the right height to enable it to slide up on a rock as the Princess May did in the north. The passengers were all landed by means of a small boat and when the tide lowered the launch was easily pushed off the rock by the assistance of a couple of other boats. A steel shoe prevented any damage being done to the boat.

Blue Funnel Not Coming

A London despatch says the management of the Blue Funnel liners have announced that it will be a long time before their line call at Prince Rupert. The big boats have about all they can handle at the southern ports.

The Princess Sophia was in at 1.30 northbound. She had a lot of freight and passengers for the north.

WILL RE-PRODUCE OLD KNOXVILLE CITY

Pioneer Day Celebration to Join Forces with Committee on First July Sports

The pioneer day celebration is going to be combined with the 1st of July sports and made one big holiday. This decision was reached by the committee in charge and the combined forces will pull off something good.

One of the pioneer features will be a midway or pike along the road between the old Premier and Second Avenue. This will have a replica of many of the old shacks and tents of the Knoxville city. All of the old-timers who are still in business here will have reproductions of their early day quarters and these will be dressed up with the old signs and perhaps a few practical jokes. The promoters promise that all the dumps which gave Prince Rupert a spice in the old days will be reproduced and the public are promised some real fun.

OLD HAZELTON WON TWO SATURDAY GAMES

Their Star Battery Have Locals at their Mercy—Evening Game Closer

Hazelton baseball boys turned the tables on the Prince Rupert team on Saturday and won both afternoon and evening games. They proved conclusively that they could put up a better article of ball. In G. Rock Hazelton has a real ball twirler, who quite outclasses any of the other pitchers in the north. Hitherto Hazelton could not use him as they had no catcher who could hold him. But a player named Taylor came in on Saturday's boat from Seattle and he will finish the season with Old Hazelton as catcher. G. Rock and Taylor made a great battery and in the Saturday afternoon game they struck the Rupert batters out at will. For five innings they did not get a hit, then the battery eased up and Rupert got one run in. In the seventh they scored two, which was the last for them.

Valpey pitched for Rupert and as a youngster did remarkably well. He did not get good support in the field and the visitors ran up a score of 21 in nine innings.

In the evening game Childs of the dry dock team started in the box for Rupert, but he was not in form and in the first innings let the visitors bat him for five runs. In the following innings Fortin took his place and did good work. Tobey also played first base for the home team and strengthened both the fielding and the stick work.

Dr. Rock pitched for the visitors in this game and the teams were thus well matched. The visitors got a big lead early in the game and this is the only thing that saved them. From the fifth to the ninth innings the Rupertites kept gaining and at the finish the score was 17 to 14.

Both games were well attended and there were plenty of enthusiastic rooters.

The umpire was Fred Wallace with Brooks officiating on the bases in the afternoon and W. D. Vance in the evening. They did good work.

J. Gordon McLaren, representing a mining syndicate interested in some very promising properties in the Omineca country, went up the line Saturday, bound for the back country. He is taking in a diamond drill to test the surface showings. The machinery will require a tremendous amount of labor to land it on the property.

The price is right and the food is good. London Cafe. 1251f

SUFFRAGETTES HARRANGUE CONGREGATION AT WORSHIP

ENTERED WESTMINSTER CATHEDRAL DURING SERVICE AND PROTESTED AGAINST FORCIBLE FEEDING OF THE WOMEN IN JAIL

(Special to The Daily News.)

London, June 8.—The suffragettes invaded the Catholic churches here and created scenes by attempting to harrangue the congregation at Westminster Cathedral church. The women refused to leave the church

and in the presence of the sacrament protested against the forcible feeding of women. They were forcibly ejected and handed over to the police. Crowds rushed many of the open air meetings throughout here, some ducking the militants in water.

DRY DOCK SOCCER CLUB ORGANIZED TODAY

At a well attended meeting of soccer enthusiasts during noon hour at the dry dock an Association Football Club was organized. The following officers were elected:

Hon. President—Mr. J. H. Pillsbury.
President and Manager—Mr. C. A. G. Armstrong.

Secretary—L. Crippen.
Treasurer—Wm. Brown.
Captain—W. L. Macilravy.

A good field 103 x 50 yards is being cleared on the south side of the dry dock power house and will be ready for playing in a few days.

Mr. Fitzmaurice, proprietor of "Fitz" Cigar store, on 3rd Ave., very kindly started the club off by donating a football.

MEMORIAL SERVICES OF SALVATION ARMY

(Special to The Daily News.)

Winnipeg, June 8.—Thousands attended the memorial services of the Salvation Army in memory of the dead on the Empress of Ireland. Ten thousand attended the Toronto services. Messages of sympathy were read from General Booth.

MOTOR CYCLE RACER LOSES HIS LIFE

(Special to The Daily News.)

Chicago, June 8.—Charles Blake, of Los Angeles, a motor cycle racer, who won many events, was killed when his machine, riding at 60 miles an hour, crashed into a steam roller. His neck was broken.

EXPECT ANOTHER OIL STRIKE IN CALGARY

(Special to The Daily News.)

Calgary, June 8.—There is tip top expectation of another strike in the near future. Shares are going up and the rush in the oil leases at the land office increases. The Herron-Elder Co. will commence drilling tomorrow.

Houses for sale. M. G. Helgeson, Ltd. 1251f

TRAIN ROLLS DOWN A STEEP EMBANKMENT

(Special to The Daily News.)

Randolph, Vt., June 8.—The baggage and express cars north-bound on the Montreal Express rolled down a thirty foot embankment at River Baintree. There were no serious injuries.

CAPTAIN BRITISH POLO TEAM MEETS ACCIDENT

(Special to The Daily News.)

Hempstead, N.Y., June 8.—Captain Leslie St. George, the mainstay of the British polo challengers, broke his nose in the final practice. He was struck by a ball and will cause his withdrawal from the game. Lord Winborne will fill the position.
