GERMAN ARTILLERY ARE BOMBARDING FRENCH TOWNS

Paris, August 13.—Several French towns in the department of Moselle, on the German frontier, were shelled by German artillery. The German shells pushed their heavy artillery over the border and the French guns are being rushed to meet them.

The French Government is today pouring more reinforcements through the defiles of the Vosges mountains to join the French army in Alsace.

The cannonade began at ten o'clock yesterday morning, the Germans using common heavy calibers.

Although the German artillery is located at a considerable distance away, the gunners showed great accuracy and shells dropped in the streets in all parts of town.

FRENCH FELL BACK THEN TURNED AND ROUTED GERMANS

Paris, August 13.—An official report of the fighting between French and Germans near the town of Mousson, north of Verdun, was issued today. It says the battle lasted for two days, Tuesday and Wednesday.

The Germans attacked two French battalions and forced them to fall back. On being ordered to fall back, the French made a counter attack and the Germans were routed, leaving many killed and prisoners, also captured artillery and ammunition.

The French followed up and destroyed the twenty-first German regiment with a battery of field guns.

PERT AUSTRIANS LOYAL TO BRITAIN

From Local Man Concerning His Fellow Countrymen

The following letter from an Austrian immigrant resident in Prince Rupert explains the popular position of all Austrians in this province.

The Editor of the Daily News, Prince Rupert, B. C.

Sir.—Owing to the hostilities that have arisen throughout Europe in which my country is involved, I would ask for space in your valuable columns in order to declare the position taken by our countrymen of whom 900 are living in Canada.

While we are known as Austrians, we are a part of the great British nation, and left Austrians following to the political conditions there existing, particularly in regard to the privileges given to the individuals of the Habsburg Dynasty. The ordinary rank and file of Austria have no voice in the affairs of the country, but are treated more like slaves.

There are about 10,000 of our countrymen in British Columbia, many of whom are naturalized British subjects and the balance are willing and become so, and we feel that it is our duty to see the Dominion of Canada remain loyal to the Empire to which we have always intended to remain in time of trouble.

In this critical moment in the world's history, we are ready at any time should the authorities deem it advisable, to call upon us to take up arms and defend Canada against all her enemies, not fighting Austria, and sincerely trust that our people will be looked upon by Canada as a strong unit of defence.

Our motto is "Fight for Liberty and as soon as the Austrian Government is abolished the mis-lingering in our Mother Country will also cease.

We also contradict the Austrian Consul's (at Winnipeg) statement that 150,000 of our people in Canada are willing to fight Austria. We know our people's hearts and boldly assert that not one per cent of the Ukrainians would assist the coun-try of misery and slavery which is left. Trusting I have not used up too much of your valuable space, I am yours truly,

IZIDOR SICZKOWSKI, President of the Sons of Ukraina Association.
