

You Should Worry If

it were difficult to find a safe and reliable remedy for the ailments due to irregular or defective action of the stomach, liver or bowels. These ailments are likely to attack anyone; likely, too, to lead to worse sickness if not relieved.

Beecham's Pills

are famous the world over, for their power to correct these troubles certainly and safely. They cleanse the system, purify the blood and act as a general tonic upon body, brain and nerves. Indigestion, biliousness, constipation might, indeed, cause you prolonged suffering and expose you to danger if Beecham's Pills were not on hand.

Prepared only by Thomas Beecham, St. Helens, Lancashire, England.
Sold everywhere in Canada and U.S. America. In boxes, 25 cents.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.

FIRST CONTINGENT TO COST CANADA 22 MILLIONS

(Special to THE NEWS)
Ottawa, August 13.—Canada will expend twenty-two million dollars on its first contingent of 22,500 men in aid of the Motherland. This is the estimate of the Department of Militia and includes everything. Each man will cost \$1,000 per year.

The wages and salaries of privates, officers, engineers, etc., will reach \$30,000 a day. Then the pay of the troops alone for a single year will reach \$10,450,000.

SERVIANS PRESS INTO AUSTRIA AND CAPTURE GUNS

Nish, August 13.—The Serbian war office announces today that the Serbian troops are steadily pressing their way into Austria and have occupied nine Bosnian towns. They report the defeat of the Austrian soldiers at Vihar, stating that the enemy abandoned their field equipment in their flight toward Eschamitche.

GERMANY'S SLOW CAMPAIGN SURPRISES MILITARY EXPERTS

Washington, August 14.—Some surprise is expressed by the U. S. military strategists at the comparatively slow beginning of the German campaign. The American war college, patterned largely upon the Great Britain war machine, known as the general staff, had understood that so perfectly had every detail of an offensive campaign against both France and Russia been worked out by the German Kriegspiel Placers that the first blows would fall like lightning strokes out of a clear sky, and that within 24 hours after the declaration of war or indeed after order of mobilization, the first German battalions would be many miles advanced across both eastern and western boundaries into the enemies' country. It was believed that the only manner in which the execution of these carefully laid plans could be deferred would be by the interposition to the advance of living walls of French and Russian legions; yet there has been no report of battles on any large scale.

After looking over all available data of operations to date, the strategists were unanimously of the opinion that the plans of campaign had not so far unfolded as to admit of a guess as to the real purposes of the great military leaders.

Nobles Coming Tomorrow

The Mystic Shriners are busy today arranging for the reception of the nobles who are expected here tomorrow, after having visited Dawson. Ceremonies will be held here afternoon and evening and quite a large class will cross the hot sands. Arrangements are also being made to have a banquet at the Central Hotel. The ceremonies will be held in St. Andrew's Hall.
