Prince Rupert is getting somewhat famous when a high class dressmaking outfit from New York would consider coming here and going into business. Miss M. L. Murphy, who has had a large experience in that line in New York, has just arrived in this city and has taken rooms in the Exchange Block formerly occupied by Patmore & Fulton, and will launch out in a first class dressmaking business. There will be no further excuse for anyone going outside for the very latest in dress for it can now be had right here at home.

FIRE LEAVES 350 PEOPLE HOMELESS

Nanaimo, August 15.—Three hundred and fifty persons were rendered homeless when sixty homes, two stores, two pool rooms and the Alexandria Hotel were destroyed by fire which swept South Wellington Tuesday afternoon, licking up everything in its path. Where the little mining camp once stood now remains but six houses and the Union Hall on the ground floor of which is located Bateman's store. The property loss will reach nearly \$100,000, with less than \$20,000 of insurance. The first started from bush fires.

SHIP BONDHOLDERS WANTED WAR RISK ON G. T. P. BOATS

Vancouver, August 15.—It is reported here that the bondholders were responsible for the withdrawal of the G. T. P. steamships Prince Rupert and Prince George from the Prince Rupert-Vancouver run as soon as war broke out.

The bondholders insisted on the company carrying war risks on both steamships. The cost of the same was estimated to be between \$50,000 and \$60,000 per week. This was plainly prohibitive, so the Prince George has been turned over to the naval authorities, and the Prince Rupert is at the disposal of the admiralty at any time.

On August 12th the Prince George, which has been converted into a hospital ship, sailed from Esquimalt under sealed orders. She was under command of her regular skipper, Captain Donald. She sailed at an early hour, and no one could ascertain the reason for her sailing or her destination. She was subsequently sighted by the Japanese steamer Shidzuoka Maru about twenty-five miles west of Race Rocks and steaming at full speed for Cape Flattery, at the entrance of the Straits of Juan de Fuca.
