

SHORTAGE MENACES
Washington, August 28.—Representative Herman Metz conferred today with Secretary Bryan on the situation confronting the woolen mills because of a shortage of raw wool. The situation is so serious, he said, that the mills, imported almost exclusively from Germany. Woolen manufacturers say they will have to shut down unless a substitute is found.

MORATORIUM ACT DOES NOT EFFECT SALARIES

GREAT BRITAIN'S DECLARATION HAS BEEN FOLLOWED BY OTHER COUNTRIES -- MORE EXPLANATIONS OF CONDITIONS

Montreal, August 28.—A moratorium has been declared at various times during the past month, in Great Britain, France, Sweden, Brazil, Peru and China. In Germany, says a Berlin despatch, a moratorium is deemed unnecessary.

The rising generation at least cannot be blamed for unfamiliarity with the word moratorium. It was a new one to Wall Street, which is generally reputed to know every word in the financial vocabulary and to have invented a few besides. A large bond house in New York received a cable last week from its London correspondent which ended up, "moratorium expected." The message was not in code, but the word "moratorium" stumped the cable clerk. He finally consulted his code book and discovered that moratorium was the symbol for "We draw on you for \$7,000." Unfortunately this interpretation did not fit in with the sense of the message. The office manager was called in. He couldn't help. The partners in their turn failed to shed any light on the matter. The cable company was persuaded to repeat and the message came back with that curious word still unchanged. The mystery remained unsolved until somebody happened to notice a piece on the news ticker to the effect

within the scope of the moratorium.

London despatches state that it now transpires that had moratorium not been declared bills of exchange would have been presented on the following day for £350,000 without means of meeting them.

Brazil Wants a Long One

The Brazilian Congress has recommended a moratorium for four months, and a new issue of paper currency. Brazil is probably not in the best financial position, as it had contemplated in Great Britain, a large loan, which the war has prevented.

The various governments, including the British, French and Japanese, says a Shanghai despatch, have agreed to the moratorium which the Chinese government has declared for an indefinite period. It is pointed out that this cessation of foreign payments should enable the Chinese government to pay the troops regularly from the proceeds of various revenues pledged to foreign debts and thereby to eliminate the danger of mutinies.

The Peruvian government has issued a decree proclaiming a moratorium for thirty days from August 8th.

ZEPPELINS THUS FAR HAVE NOT DONE MUCH

Paris, August 28.—Zeppelin airships, of which the Germans expected great things, appear as yet to have been inoffensive, according to opinion in the French capital. Of the fifteen Zeppelin units, one is believed to have been disabled by the fire of the Liege forts on August 6th, and another was demolished in a shed at Metz by the French aviator Finck. Two others have been seen by Belgian aviators apparently wrecked by wind squally in the forest between Metz and Aix-la-Chapelle. Another has been brought down at Badonviller, near Luneville.

Of the remainder, two are supposed to be on the Russian frontier, and the others at Cologne, Hamburg and Kiel, and on the French frontier.

Chance to Make Money

Money is tight and I need it, so here's an offer: Up to August 1st I will supply my regular \$25 heating coil for \$15. I guarantee this to boil water in fifteen minutes, and not to affect the oven. Forty now in use and giving entire satisfaction. Ask for references. The reliable plumber, Harry Hanson, P. O. Box 395, Phone 489. 168ft.

Wanted, a boy; reference required. Apply 824 Third Avenue.
