HUNGARY RETALIATES— BRITISH PATENTS AND TRADE MARKS CANCELED

Vienna, Sept. 28.—In consequence of the reported action of the British government in canceling Austrian, German and Hungarian patent rights in the British Isles, the Hungarian Cabinet has empowered the Ministry of Commerce to adopt immediate retaliatory rules regarding patent rights and trade marks in Hungary. It is asserted that 3,338 British patents have been granted in Hungary, as against 780 Hungarian patents granted in Great Britain.

Owing to the constantly increasing demands of the army for meat, the supply of cattle arriving in Vienna has considerably diminished.

BRITISH MINES BENEFIT.

London, Sept. 29.—It is announced by the Newcastle Coal Exchange that owing to the inability of the German coal owners to execute the contract for supplying the Portuguese railways, the contract has reverted to British collieries. This is the first reported instance since the outbreak of the war of the diversion of business from Westphalia to this country.
