

KIDNEY DISEASE CURED BY "FRUIT-A-TIVES"

Father And Son Both Owe Their Good Health To The Healing Qualities Of The Only Medicine In The World Made Of Fruit Juices.

H. DORLAND, ESQ.

For about 40 years, I was troubled with Lame Back brought on by Kidney Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies that did not do me any good. I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy. I would advise anyone suffering from Kidney or Bladder Trouble, to use "Fruit-a-tives".

H. DORLAND.

"Fruit-a-tives" acts directly on the kidneys and bladder, relieving inflammation, stopping the pain. But it does more. It prevents the formation of an acid, by restoring the Kidneys, Bowels and Skin to healthy action. On these three great eliminating organs of the body are working in harmony, so that no uric acid can be no uric acid to poison the blood and irritate the nerves. "Fruit-a-tives" sweetens the stomach, regulates the bowels, clears the skin and cures trace of Backache, Kidney Trouble, Rheumatism, Sciatica, Lumbago, Gout and Chronic Headache.

FRENCH FIRMLY ESTABLISHED IN ALSACE AGAIN

Germans Hastily Prepare Defensive Works at Strasburg—Favorable Reports.

Paris, Oct. 23.—Increasing satisfaction is shown by the people of Paris in reading the latest reports from the front. These indicate that the Allies are continuing their offensive operations, which in the opinion of French observers promise the best results. The action of the Belgian army and of a squadron of warships in repulsing an attack by the enemy is a subject of particularly favorable comment. The public was equally gratified by the announcement of the situation in Alsace. This was the first time in some days that the War Office had indicated definitely the French positions.

It is now seen that the French troops have almost reached the outlet of the valley leading to the plains of the River Ill, which flows north through Alsace and empties into the Rhine. The French now consider that they are firmly established in Alsace, on territory doubly dear to them. Word has been received also that the Germans are hastily preparing new defensive works around Strassburg and digging innumerable trenches in front of this city. Vineyards have been leveled by the German engineers in carrying out this work.

After long-continued negotiations through the intermediary of the American legation at Berne, Switzerland, exchanges are about to be made among the belligerent countries of interned civilians.

COURT TO WIND UP ALVENSEN FIRM

Assets Are Expected to Bring Over a Million Dollars, Says Lawyer.

Vancouver, Oct. 21.—An order of the Supreme Court for the winding up of the firm of Alvo von Alvensen, Limited, was made by Chief Justice Hunter this morning on the application of Mr. John Gurney Fordham, a creditor for \$31,000 for monies lent to the company. Mr. R. Kerr Houlgate, of the Yorkshire Guarantee Company, was appointed as liquidator.

Mr. W. Martin Griffin, who appeared for the petitioning creditor, said that the company had been incorporated in October, 1907, with a capital of \$50,000, to take over the business of Mr. von Alvensen. It had gone into voluntary liquidation on September 28 of this year. The liabilities were in the neighborhood of \$3,600,000 and the assets, consisting of real estate, mining claims and interests in agreements, are expected to realize over one million dollars.

TRADING WITH ENEMY.

Amendments to Former Proclamations Add Insurance and Reinsurance.

Ottawa, Oct. 23.—Amendments to the two royal proclamations issued respecting trading with the enemy have been made and are published this week by the government. They relate chiefly to the making of insurance or reinsurance contracts with the enemy or for his benefit.

It is forbidden to make or enter into marine, life or other policy or contract of insurance or reinsurance, with or for the benefit of an enemy; to accept from or give effect to any insurance or any risk arising under any policy entered into for the benefit of an enemy before the outbreak of war, and in particular as regards contracts of reinsurance current at the outbreak of war in which the enemy is interested; to cede or accept from him any risk arising from the policy of insurance entered into after the outbreak of war.

When the enemy has a branch locally situated in British, Allied or neutral territory, carrying on an insurance or reinsurance business, transactions of such branch will be considered transactions with the enemy.

FIRST SHIP FROM PANAMA.

First Ship to Reach Dublin From Pacific via Panama Reduced Time 30 Days.

Dublin, Oct. 15.—A good deal of interest in shipping circles in Dublin, says "The Irish Times," attached yesterday to the arrival from Tacoma, Wash., of the steamer Daldorch, which is the first British vessel to pass through the Panama Canal and has made Dublin its port of arrival.

The Daldorch left Tacoma on August 4, and in consequence of being able to pass through the canal, which was officially opened on August 15, the voyage to Dublin was accomplished in fifty days. Usually the time occupied in the passage around the Straits of Magellan, involving long steaming by South America, was eighty days and frequently more.

The saving of thirty days at least on the voyage has been attended with many advantages, such as less consumption of coal, shorter period of engagement of crews and reductions in provisioning. The total dues paid for the passage through the canal locks was \$4,000, but the incidental circumstances attendant on the saving of thirty days on the voyage, more than compensated for the outlay. The vessel has brought a cargo of 6,500 tons of wheat, which has the distinction of being the first grain cargo of the season brought from Tacoma to Europe.

She had to adopt precautions to avoid the German cruiser Karlsruhe, which, it was known, was off Porto Rico, and did all its night steaming without lights. A British man-of-war spoke to the Daldorch off Teneriffe. Two of the vessel's crew being German and one an Austrian, they have been detained by the customs authorities at Dublin.

Daniel O'Connell—"The Liberator"

LD ERIN has given the world many a genius and many a Lover of Liberty, but none greater than the eloquent O'Connell. This noble Irishman unselfishly devoted every moment of his life to regain the Freedom of his Fatherland. His oratory, because of its flaming earnestness, exercised a powerful influence over the House of Commons and hastened many reforms for Ireland. Daniel O'Connell was the first to realize the irresistible strength of a union of millions of Irishmen, and to this end he labored night and day. Huge mass meetings were everywhere organized throughout Ireland and addressed by the masterful O'Connell. When confident of success and with victory in sight he was arrested and condemned to prison. When liberated his splendid constitution was shattered, but he continued until his dying hour to work and pray for Irish Liberty. It is needless to say that Daniel O'Connell was opposed to any Prohibitory legislation which invaded the Natural Rights of Man. He would no more vote for such tyrannous enactments than will our millions of Irish-American citizens. They know that there is no evil in the barley brews and light wines of their fathers—EVIL ONLY IS IN THE MAN WHO MISUSES THEM. For 57 years Anheuser-Busch have honestly brewed honest beers, and they are proud of the popularity their great brand Budweiser enjoys with those of Irish blood. Our Irish citizens have helped to make our nation great among the nations of the world. Seven thousand, five hundred people are daily required to keep pace with the natural demand for Budweiser.
