TO CANADA

(By Percy MacKaye)

Men of Canada,
Fellow Americans,
Proud our hearts beat for you over the border:
Proud of the fight you wage,
Proud of your valiant youth
Sailing to battle for freedom and order.

On our own battlefields
Many's the bout we had—
Yankee, Canadian, redecoat and ranger;
But our old brotherhood
Stanch through the centuries,
Shouts in our blood now to share in your danger.

Ah, it's a weary thing
Waiting and watching here,
Numbing ourselves to a frozen neutrality:
Yet, in a world at war,
'Tis our good part to keep
Patient to force the strong peace of finality.

Though, then, our part be Peace,
Yet our free fighting souls
League with your own 'gainst the world-lust of Vandals;
Yea, in the dreadful night,
We, with your women, weep
And for your shrouded dead burn our shrine candles,
So, by the gunless law
Of our sane borderline,
By our souls' faith, that no border can sever,
Freedom!—now may you fight,
Waging the death of war,
Silence the demons of cannon forever!

Kin-folk of Canada, ...
So may your allied arms
Smite with his legions the Lord of Disorder!
God speed your noble cause!
God save your gallant sons!
Would we might sail with them—over the border!

(The above verses, which appeared in the Boston Transcript of October 17, and which were sent to The News by a subscriber in the East, shows the sentiment of the American people toward Canada in the present war.)

MOUNTAIN GOAT BACK OF TOWN

Boys Were in Full View of New Hazelton When They Shot Big Prize.

New Hazelton, Oct. 26.—The successful hunters who secured the mountain goat on Rocher de Boule Mountain, which was mentioned in last week's issue, were Chris Dedrickson and Albert Mercer, two residents of New Hazelton, who have been prospecting and working in the mines around here for the past couple of years. Mr. Mercer informed The Herald that he knew of at least two bunches of goats on the Rocher de Boule Mountain which travel from Mud Creek down around by Sealey Gulch and back again. The one they got was on the high peak just back of New Hazelton and when they shot the goat the boys were in full view of the town. That same day they saw three other goats but were too far away to attempt a shot. The first day that the sky is clear of clouds they are going on another expedition in the hopes that they will secure sufficient meat for the winter. The hide from the first goat they got they have cured and intend to preserve it as well as the head of the animal.

GIVE UP COAL LANDS.
