GERMAN CRUISER EMDEN HAS AT LAST BEEN CAUGHT

GERMAN ARMY SAID TO BE BROKEN IN EAST AND WEST--ASQUITH MAKES FIGHTING SPEECH

AUSTRALIAN CRUISER SYDNEY PUTS EMDEN OUT OF BUSINESS

OFFICIALLY ANNOUNCED THAT PIRATE SHIP IS DESTROYED--RESULT OF A RUNNING FIGHT--SYDNEY HAD SUPERIOR SPEED AND GUNS.

(Special to The Daily News--1 P. M.) London, Nov. 10.—The Admiralty announces that the Australian cruiser Sydney has met and destroyed the German pirate ship Emden off the coast of South Africa. The Emden, which has destroyed more than twenty British and allied vessels since the war began. The Sydney had superior guns, and speed and forced the Emden to fight,

though the latter tried to get away. There was a running fight. The Emden was set afire and forced to run aground on Coco Island. Her casualties are heavy. The Sydney lost three men killed and fifteen wounded. The German cruiser Koenigsberg is bottled up at Mafia Island, German East Africa, by the blockading of the harbor channel.

PREMIER ASQUITH MAKES REMARKABLE SPEECH ON WAR

LORD MAYOR'S BANQUET LAST NIGHT DECLARES UNERRING PURPOSE OF BRITAIN--KITCHENER SAYS ONE AND QUARTER MILLION MEN TRAINING ON BRITISH ISLES.

(Special to The Daily News--10 A. M.) London, Nov. 10.—Premier Asquith said at the Guildhall banquet last night that "We shall not sheath our swords, until Belgium recovers its full measure more than all she has sacrificed; until France is securely secured against the danger of aggression; until the

rights of smaller nationalities in Europe are placed in an unassailable position, and until the military domination of Prussia is fully and finally destroyed." Lord Kitchener expressed his confidence in the ultimate success of the allied arms. He announced that outside of the Canadian and other overseas contingents, 1,250,000 men were in training in Britain.

PETITION TO COUNCIL RE DISLOYALTY CHARGE

The Mayor and Aldermen of the City of Prince Rupert: Gentlemen,—We the undersigned citizens of Prince Rupert and loyal citizens of the British Empire beg to protest against the disloyal and unpatriotic actions of certain workmen employed by the city Prince Rupert, permitting work within the city and during to observe the half holiday declared by His Worship the Mayor for Friday forenoon.

The half holiday was called to enable all citizens to join in doing their duty and bidding farewell to the noble band of men composing Prince Rupert's first contingent who were leaving for the front to defend our country and uphold the British Empire in the effort which is being made to overthrow aggression and more securely establish the principle of liberty for which we stand.

We deplore the fact that men employed by the city who would fail to observe the half holiday and refrain from work. We respectfully submit that the council investigate the matter most fully and mete out such punishment as would fully meet the circumstances, which in our opinion can only be done by the discharge of every man employed by the city who is not known to be entirely loyal to the British Empire in this crisis, and for the future employment of loyal British subjects.

About 225 names were appended to the petition.

BRITISH CRUISER SAFE

(Special to The Daily News--10 A. M.) Santiago, Nov. 10.—The British cruiser Glasgow, which was engaged by a German squadron off the Chilean coast, and the British transport Otranto have passed Delgada Point, on the Straits of Magellan, bound for the Falkland Islands.

HYDRO-ELECTRIC READY DECEMBER 15

The machinery for the hydro-electric plant is practically installed and will be ready for use in about two weeks, when the cement has well set. A very important attachment, however, is missing. A governor to control the water force is necessary to prevent accidents when the water is shut off and this part of the equipment has not arrived and fears are felt that it is held up at Antwerp and Kaiser William will not even listen to the mayor of Prince Rupert.

It appears, however, that the Canadian General Electric Company is under bond to have this on hand. Alderman Morrissey vigorously criticized the committee last night for allowing themselves to be caught in this way but it was shown that all the necessary precautions were taken. It had been suggested that a make-shift governor be put in but Alderman Morrissey pointed out that this would put the responsibility for injuring the plant on the city unless the electric company took the risks. It was decided that unless they did this the city would not allow the experiment.

It is now felt that the plant will likely be thrown into use on or about December 15.

A PLEA FOR THE BELGIAN RELIEF FUND

The citizens of Prince Rupert are strongly urged to support the grand evening concert which will be held in the Empress Theatre on Tuesday next, the 12th, in aid of the Belgian Relief Fund. The recollection of the sufferings of the Belgian people will readily stir the sympathy of the large-hearted Prince Rupert public to contribute each one their 50 cents for a ticket, whether or not it is possible for them to attend the Empress Theatre on Thursday evening next. To those who can attend—a musical treat is assured. The Ladies' Musical Club of this city has spared no pains to prepare a program of an exceptionally high order. A ladies' chorus has been specially formed for the occasion. Mrs. Dolling—a pianist of remarkable brilliance—will be heard for the first time in Prince Rupert. An opportunity is also afforded of hearing, for the first time, the artistic singing of Mrs. A. S. B. Lucas. Many local favorites, including Mrs. Jarvis McLeod, Mrs. H. Hemmel, Mrs. Gordon Allen and Miss Barnsley will appear.

A splendid concert is assured, and the sorrows of the suffering Belgians will be reduced. Turn out.

CITY AUDITOR'S REPORT.

The city auditors reported last night by letter that they had gone carefully over the city's books and recommended that certain changes be made in the system in the way of additional checks, etc. Their recommendations for improvements in the system would add a little to the cost of auditing but then it would reduce future work and give better results. It was not decided to reduce the staff in view of this, as the labor saving might be imaginary. The auditors are a Vancouver concern.

CANADIANS ANGRY AT TROOPER'S REQUEST

Indignant At a Begging Letter in London for Gramophones.

London, Nov. 10.—From the batches of the Canadian contingent which can be seen daily in the London streets sightseeing, sometimes with English friends, it is learned that very strenuous training is being enforced at Salisbury Plains, though Saturday afternoons and Sundays are being set apart for visits from friends and relations. Members of the contingent write angry letters to The Daily Express because one Canadian trooper pleaded in press for a gift of gramophones and records. A Canadian Seaforth Highlander says: "We come to fight for the Motherland, not to beg. We are naturally indignant when a Canadian so far forgets himself as to try to take a mean advantage of our warm-hearted reception."

A sergeant of the Ninth Canadian Regiment says: "The Canadian is being paid far more liberally than his brother English Tommy. Therefore the Canadian can afford to buy such luxuries." The Daily Express says everyone appreciates the fine spirit these letters breathe out, yet we are all of the same family, and hopes that spare gramophones will be sent to the Canadian camps.

A petition was presented to the council a couple of weeks ago asking for a sidewalk on First Avenue from McBride Street to Manson Way. The city wrote the government agent asking if it was the intention of the government to do this work. The reply last night was that while this had been under advisement it would not be carried out at present.

CHARGE INCOMPETENCE ON CITY AUTHORITIES

Alderman Morrissey was in a critical mood last night. He attacked the electric light committee and the superintendent, charging neglect and extravagance.

The city streets had been in darkness for some time because a duplicate transformer had not been kept in stock. The superintendent pointed out that he placed the order for a duplicate last July, or as soon as he had got authority. It was not his fault that the shipment was delayed.

Alderman Morrissey charged that the electric line to Shawallans had cost too much. Post-holes had cost from \$5 to \$12 each, and poles averaged about \$100. The portion done under the Public Works Department only cost \$2.50 per hole. He believed the committee was incompetent. He also objected to city employees going to and coming from work on city time. They should work the regular hours, like all other people.

STRUCK OFF ARMY LIST.

London, Nov. 10.—The names of the German and Austrian Emperors have been eliminated from the list of British field marshals in an army list just published, also from the roster of officers of the Royal Dragoons and King's Dragoon Guards, in which regiments, respectively, they were colonels-in-chief. The Duke of Saxe-Coburg and Gotha also ceases to be colonel-in-chief of the Seaforth Highlanders.

SERBIANS FORCE AUSTRIANS BACK

(Special to The Daily News--10 A. M.) London, Nov. 10.—Severe fighting on November 6 on all Serbian fronts the Austrians lost 1,000 killed and were compelled to fall back on their former positions before Shabata.

GERMAN ARMY BROKEN MACHINE ALLIES HAVE GOOD SUCCESS

GERMANS HAVE SUFFERED MARKED DEFEAT IN ALSACE AND ARE IN DANGER OF BEING CUT OFF FROM MAIN ARMY--BRITISH REPULSE ENEMY.

(Special to The Daily News--1 P. M.) London, Nov. 10.—A dispatch from the Dutch frontier says the German army in Flanders is a broken machine. The attack through Courtrai is simply a bluff to cover a general retreat.

Germany May Be Cut Off.
Paris, Nov. 10.—The Allies are fighting from sand dune to dune. They are still advancing in Belgium. The greatest activity still

exists near Ypres. The Germans suffered a marked defeat in Alsace and are in serious danger of being cut off from the main army. The official bulletin says the action is being continued with great severity between Armentieres and the sea. The German attack in considerable force was checked south of Ypres. All the attacks on the British troops were repulsed.

GERMAN TRENCHES DESTROYED BY VICTORIOUS RUSSIANS

ALL FIGHTING NOW TAKING PLACE ON GERMAN TERRITORY--GERMAN FORCE WHICH INVADED POLAND YET IN FULL RETREAT.

(Special to The Daily News--1:30 P. M.) Petrograd, Nov. 10.—All the zones of contact between the Germans and Russians are now in German territory. The Russian cavalry has pierced the left flank of the enemy at Kronin on the River Warthe, nullifying the entire German defensive inside the

Polish frontier and forcing the abandonment of the trenches, on which they had been working over a month. The Germans have not waited for a single serious battle since they left the vicinity of Warsaw. Seventy thousand motor cars are being used in the retreat.

CANADIAN FRATERNITY PUBLISHES STATEMENT

The Canadian Fraternity through its ball committee desires to thank all those who helped to make the ball such a success, and particularly those ladies who assisted with refreshments; Mrs. Jennings, who superintended the decorations, and Mrs. Besner, whose ticket sales amounted to \$153, in addition to which the officers of the Canadian Patriotic Fund took cash receipts at the door amounting to \$119. Total receipts, \$272; expenses, \$136.20; net proceeds paid the Canadian Patriotic Fund, \$135.80. M. M. STEPHENS, Chairman Committee.

OSTEND RELIEVED--CITY IS IN RUINS AND QUITE DESERTED

(Special to The Daily News--10 A. M.) London, Nov. 10.—Advance patrols of the Belgians have penetrated to Ostend, which means the coast line of Dunkirk-Nieuport-Ostend is relieved and the menace past. In two weeks the town itself has been razed by artillery fire and has been entirely abandoned by the populace.
