

GERMANS PREPARING FOR ATTACK ON ENGLAND

CANADA WILL SEND 108,000 TO FRONT--RUSSIANS BELIEVED TO HOLD STRATEGIC POSITIONS

WEATHER STOPS FIGHTING-- LITTLE DOING AT THE FRONT

MULTORY ARTILLERY DUELS CONTINUE AND OCCASIONAL INFANTRY CHARGES--ATTACK UPON YPRES DESTROYED TOWN HALL.

(Special to The Daily News.)
London, Nov. 23.—Extreme weather and the exhaustion of troops engaged has virtually stopped the battle in Flanders. France to a standstill. A heavy artillery duel continues on some points along the front. There has also been an occasional infantry attack but during the three days the fighting has

been mild compared with the fierceness that prevailed for more than a month preceding this.

Paris, Nov. 23.—(Official.)—Today there was a violent attack on Ypres, during which the market place and the town hall were destroyed.

In the region of Soissons and Vailley there is strong cannonading.

FIGHTING CONTINUES AROUND CRACOW

(Special to The Daily News.)

Petrograd, Nov. 23.—(Official.)—Fighting between Vistula and Warthe continues with great persistence. We have obtained partial successes in the fights on the front of Cracow which resulted in no essential changes. We have taken 2,000 prisoners and some machine guns. In Galicia the Austrians have evacuated Novy Sandez under the pressure of our troops.

TONIGHT'S PICTURES AT THE WESTHOLME

By reason of missed connections at Victoria the thirteenth installment of "The Million Dollar Mystery" will not arrive in Prince Rupert until Wednesday morning, this week, and will therefore be shown on Wednesday and Thursday instead of Monday and Tuesday as usual. There will also be another great feature on Wednesday and Thursday's program, a two-reel war picture showing the various armies of Europe in maneuvers. This feature is alone worth the price of admission.

Next week's "Million Dollar Mystery" will be shown on Monday and Tuesday as usual.

Tonight's program is a very good one in spite of the temporary loss of "The Million Dollar Mystery." The two-reel feature, "Through the Dark," is as the name indicates, a mystery story, and it is really a very good one. The balance of tonight's program is also excellent and sure to please.

RUSSIAN COMMANDER HOLDS GOOD POSITIONS

(Special to The Daily News.)

Petrograd, Nov. 23.—The situation in Poland is considered satisfactory from a Russian point of view. The position is strategic and extremely interesting. The Russians are moving forward on East Prussia on the north and Cracow on the south. In the center the Germans are driving on upper Poland and straining every effort to burst through. They have strongly entrenched positions on the Vistula and the Warthe but even their complete success in this region cannot avert the strategic hammer stroke the Russian commander is preparing against them.

SEWING MACHINE FACTORY TO MAKE ARMS FOR RUSSIA

Petrograd, Nov. 23.—The huge factory in Russia of the Singer Sewing Machine Company has been taken over by the government and will be devoted to the manufacture of small arms. The factory of the American Phonograph Company also has been requisitioned for the same purpose, while smelting concerns operated by Americans are now being used to make steel bullets for military purposes.

Russia has lacked arms factories, having depended largely on France for her small arms, as well as her artillery. But today practically nothing is being received from France, and the supplies in Russia are so short that some muzzle-loading muskets, as well as cannon of this same type have been used in the Polish campaign. The taking over of these factories, it is expected, soon will remedy the existing deficiency.

ORDER SENT MILITARY DISTRICTS THIS MORNING TO START RECRUITING--58,000 TO BE UNDER ARMS AT HOME.

Ottawa, Nov. 23.—The Militia Department this morning sent a general order to the officers of the military districts to prepare to carry on recruiting on a larger

scale. The force under arms in Canada is to be increased to 58,000, while Canada's contribution to the army at the front will be increased to 108,000.

CAST-OFF CLOTHING FOR BELGIAN SUFFERERS

The ladies of Prince Rupert have organized to assist in the relief of the Belgian sufferers. Mrs. Jarvis McLeod received a letter a few days ago from Mr. John M. Whitehead, the Belgian consul in Vancouver, asking that assistance in the way of either money or clothing be sent. She has brought this to the attention of a number of the local ladies, who have agreed to assist her in the good work.

Their idea is, as far as possible, to send clothing. Partially worn garments of both men and women, or, indeed, children, will be gladly received but it is desired that they be in good state of repair. Indeed, there is hardly any family where each member doesn't possess a few changes of clothing in perfect condition that they do not see from one end of the year to the other. For a nation that has been reduced to poverty by no action of their own these will come as a Godsend. Anybody who hasn't any garments to give away might assist in the good work by purchasing stockings for children in the local stores. It is the desire of the committee that all the money be expended here.

On Tuesday next, from 2 to 5 o'clock, the following stations will be open to receive the goods: Methodist Church, Anglican Church, St. Peter's Church, Seal Cove, and Hays Building, Second Avenue. There will be ladies at each place to receive the articles.

The following ladies have volunteered their services: Mrs. Philpott, Mrs. Jennings, Mrs. W. T. Kergin, Mrs. McMordie, Miss Clark, Mrs. Hugh Dunn and Mrs. Jarvis McLeod.

Assist the ladies in the good work by giving what you can. Remember the date—Tuesday from 2 to 5 p. m.

GERMANS STILL PLAN ATTACK ON ENGLAND

(Special to The Daily News.)

Rottterdam, Nov. 23.—No civilian has been allowed within two miles of Zeebrugge for the last fortnight. It is known that big engineering works are in progress at the head of the canal.

The entire coast from Knocke to Nieuport is dotted with heavy gun positions. The German artillery is being regarded as of sufficient range and calibre to make an effective response to warships attempting to bombard Littoral. This is said to be only the first step in a great scheme for preparing the coast in preparation as a base for an attack on England.

OVERSEAS CONTINGENT HAS LOTS OF WORK

(by P. F. G.)
The Willows Camp, November 19, 1914.

The intricacies of skirmishing, signaling, bayonet exercises, etc., are gradually being unfolded to the members of B Company of the 30th Battalion, and under the immediate eye of Lieutenants Moore and Lee, the boys from the north are daily making marked progress. At Present Capt. C. W. Peek is at Work Point barracks, but is expected back at The Willows to take his command next week.

Since the first announcement of probationary non-commissioned officers, Private Leslie has also been promoted corporal. B Company has already its full complement and several of the boys who came down late are feeling disappointed in having to go into a base company—of which forty-three are already assembled—and not with their comrades.

Drills are getting stiffer and more frequent, and from the first parade at 7 a. m., with its two to three mile run (or physical exercises inside if the weather is bad) until 4 p. m.—and later for non-coms who have to attend daily lectures—the hours are filled with activity for all ranks.

The weather has been cloudy and raw and frequent spells of heavy rain. Consequently much of the training is done indoors and it is always a relief to have a bright day so that the company can take to the highways and nearby fields for drills.

Among recent visitors from the north has been Jack Hilditch, who had a warm welcome from his many friends in B Company.

LOCAL MERCHANT SAYS PRICES ARE CLOSE HERE

A well known man of this city disputes the statement made at a recent banquet that prices in this town were higher than those in Vancouver. He has had large experience in that city and knows where of he talks. As far as the clothing business is concerned, he says that there is nothing in the statement unless one considers the prices asked by men who are going broke and selling at sacrifice prices. The margin of profit here, he says, is the closest on which business can be carried on.
