## ITALY HAS NOT SIGNED NEUTRALITY PROGRAM

London, March 12.—Authoritative reports reaching The Hague seem to indicate that Germany, with a view to securing Italy's neutrality, has induced Austria, despite vigorous opposition by Emperor Francis Joseph to make concessions to Italy in the event that Germany and Austria are victorious in the war.

It is understood, however, that no definite agreement has been reached. Italy's decision is awaited with anxious concern in all circles here.

The German Imperial Chancellor, Dr. Von Bethmann Holweg, according to Berlin reports, at present is visiting the German general headquarters at Mezieres and it is therefore unlikely that he will make a speech before the Reichstag committee.

London, March 12.—Interesting developments are promised in the political field. Prince Von Buelow, the German ambassador to Italy, according to dispatches received from Rome and Berlin, at last has officially raised the question of territorial concessions to Italy as the price of Italy's friendship. Germany, it is declared, is doing the negotiating on behalf of her ally, Austria, whose territory is involved. It is said that Germany is trying to induce Austria to cede to Italy both Trent and Trieste. Baron Von Burian, the Austrian Foreign Minister, according to report, does not oppose the cession of Trent, but strongly objects to parting with Trieste, while the aged Austrian Emperor refuses to consent to the loss of any part of his dominion.

It is reported that Germany desires to have the matter settled now in the fear that should the Dardanelles be forced, Italy would be more than ever inclined to throw in her lot with the Allies so as to ensure the safety of her interests in the Eastern Mediterranean, depending upon her army to recover her lost provinces nearer home.

## TRIP TO MONTREAL HAS VERY MEAGRE RESULTS

The mayor presented the report of their trip to Montreal. They had got some advances from the bank to the amount of \$36,000 and, best of all, they had got the bank to continue the city account.

Boiled down, the report means that the Bank of Montreal has agreed to do all they can to replace the certificates for another three years at 6 per cent interest with 2 per cent extra for flotation expense. The business apparently was all done by letter and the only saving by going to Montreal was that one cent stamps could be used instead of two, or the letter could be handed in.

In the general manager's letter setting forth his proposals it stated that the interest would be 6 per cent and 2 per cent extra premium. The mayor and Alderman Morrissey had not noticed that the 2 per cent was "annually" until the Council called their attention to it, and inclined to believe that it was a mistake and would only be charged once.

The bank, however, would not commit itself to secure a sale of the certificates. It hopes to. But in the meantime it will advance the city \$36,000 and if the certificates are sold perhaps a little more.

## WOMAN PERISHED IN BLIZZARD NEAR NOME

Missing Mrs. Emma Dalquist's Body Found in Snowdrift.

Nome, Alaska, March 15.—The body of Mrs. Emma Dalquist, who was lost in a blizzard Sunday week while driving a dog team from Safety to Nome, a distance of twenty-two miles, has been found buried in a snowdrift. She had been frozen to death. Apparently the woman had become deranged in the bitter cold, for she had thrown away her mittens and mukluks.

Mrs. Dalquist's body was found by Scotty Allan, the racing dog driver. He found her mukluks fifteen miles from Nome, a short distance off the Cape Nome road, early in the morning.

Returning to the vicinity later in the day, he searched among the snowdrifts and found the woman's body, which has been brought to Nome. With the temperature 15 degrees below zero, one of the bitterest blizzards of the season was raging when Mrs. Dalquist was overcome by the cold.

#### BELLA COOLA NEWS

Orville Robinson and Fred Hendricks came into town on Tuesday after staking pre-emptions on Deane Channel.

The local Indians are making considerable improvement to their village in the construction of a plank sidewalk.

The unfamiliar sound of a church bell is now heard in the town each Sunday. The bell, which is the property of the local Sunday school, has been only temporarily erected, but arrangements will shortly be made for the construction of a proper tower.

E. B. Dawe, W. Linnell and T. Sweetapple came up to the local cannery by the last steamer from the South, and all hands are now busily engaged in preparation for the opening of the season.

The people of Bella Coola are pleased to know that Rev. Hans Sageng, Lutheran pastor at Hagensborg, has decided to remain in the valley. Some few weeks ago Mr. Sageng handed in his resignation to the members of the Augsburg church, but later decided to give the matter his further consideration. Now at the request of his many friends he will continue to work in our midst.

That the people of Bella Coola Valley are always willing to contribute liberally to a good cause, was once again demonstrated on the occasion of the basket social in aid of the local hospital, which took place at the Colony Hall, Hagensborg, on Saturday evening last. The attendance was large and the bidding for the tastefully decorated baskets brought by the ladies was very brisk, the highest price paid being over six dollars. Altogether, over eighty dollars was raised for the hospital, a result most gratifying to those responsible for the effort. A capital musical program was rendered by local artists and interesting addresses were delivered by several speakers.—Bella Coola Courier.

## JAPANESE TAKE A REEF IN DEMANDS

They Make Concession in Regard to Kiauchau—Compromise for Manchuria Concessions.

Pekin, March 16.—At a conference in Peking between representatives of Japan and China concerning the demands made upon China by Japan and presented at Peking shortly after the Japanese occupation of Kiauchau, the Japanese delegates showed a conciliatory attitude. They made slight concessions from the letter of their demands as previously presented.

A compromise was reached in the matter of the railroad and mining concessions in South Manchuria, but it was agreed that Japanese should have the preference in future railroad loans and the right to prospect for mines for a fixed period and operate a large proportion of the mining properties so discovered.
