ROBERT GOSDEN HELD ON PERJURY CHARGE

LIBERALS PROVE CHARGES AGAINST ANNANCE -- SENTENCED TO NINE MONTHS

TORY WITNESS IS ARRESTED FOR PERJURY

Robert Gosden said Macdonald Paid Him Money—Vancouver Member Denies Charge and has Gosden Arrested.

(Special to The Daily News.)

Victoria, May 12.—Robert Gosden, former leader of the I. W. W. and a former resident of Prince Rupert, has been arrested on a charge of perjury at the instance of M. A. Macdonald, member for Vancouver, after giving evidence as a government witness in the Vancouver election enquiry.

Gosden, who was recently employed as a janitor in the Parliament Buildings in Victoria, testified that he prepared the "plugging" lists for J. T. Scott, a Liberal official and was paid \$40 and promised \$2,000 for future organization work amongst the longshoremen of Vancouver, for political purposes.

Gosden swore that he made an appointment with M. A. Macdonald outside of the post-office in Victoria on Easter Monday and received \$50 from the Vancouver member. Mr. Macdonald denies that he ever paid any money to Gosden.

It will be remembered that this latest friend of the Tories took an active part in affairs in Prince Rupert in 1911. On March 27th he was sentenced to three months hard labor in the police court in this city for intimidation.

ALASKA PHYSICIAN BACK FROM FRANCE

Seattle, May 9.—American residents abroad, at least in London and Paris, feel that the government of the United States has been lax and are indignant that she has not taken a firmer stand on the submarine controversy, according to Dr. James Arthur Sutherland, who is on his way to his home in Fairbanks, Alaska, after spending several months in the hospitals of the two foreign capitals.

"Her citizens in Europe feel almost ashamed of the United States in the exchange of notes on the submarine issue with the central powers," he said yesterday at the Hotel Frye. "Not that they want to see the country in the war, they only feel that it should take a firm stand in diplomatic issues."

Laugh at Unpreparedness.

Americans in European cities laugh at the lack of preparedness at home, calling the nation "foolishly blind," Dr. Sutherland went on. On other subjects, how-

PETER ANNANCE SENT TO PRISON FOR LONG TERM

Liberals Prove Charges Against Annance—Accused Offers to Reveal Names of Higher-ups.

(Special to The Daily News.)

Vancouver, May 12.—Peter Annance, who was charged by the Liberals with attempting to procure Liberals to impersonate absentees in the Vancouver by-election, has been sentenced by Magistrate Shaw to nine months' imprisonment with the option of a fine of \$300.

Annance in the witness box expressed his willingness to tell who were behind him, but he was advised by his counsel, Mr. D. Donaghy, not to make a statement. Donaghy is a Conservative.

Tory Plot.

The Liberals claim that the whole scheme was a Conservative plot, and offered to ask the court to pass a light sentence upon Annance if accused would reveal the names of the men who were behind him in the attempt.

SERIOUS CHARGES AGAINST SMALL BOYS

Three small boys, one aged nine and the other two aged eleven, were brought before Magistrate McMullin this morning on charges of housebreaking in various parts of the east end of the city and of doing about \$100 worth of damage to the launch Vasa, at Seal Cove. The gravity of the situation has been considerably added to by the fact that yesterday, the boys broke into the Westholme Lumber Company's boarding house and appropriated two rifles and two revolvers. They were committed for trial and will come up before His Honor Judge Young.

ever, he encountered no criticism of the administration.

The most remarkable impression Dr. Sutherland gained from his experience behind the lines was of the absolute certainty the French people have of ultimate victory. When he left Paris, on March 14, the great battle of Verdun had been seventeen days in progress, and yet there was cheerfulness everywhere.

"The men and women are gritty and loyal," he said. "They feel that they are fighting for their very existence, yet are perfectly optimistic. Nine out of ten women are in black, mourning for some one lost in the war, but show no regret at their sacrifice. I found that the French people are very grateful for what assistance the Americans and Red Cross give them in hospital work."

Sergeant Wells will tell of his experiences as a prisoner of war in Germany at the Westholme tonight.

SERGEANT WELLS LECTURES TONIGHT

Sergeant "Doc" Wells, who lost an arm at Ypres and who spent four months as a prisoner of war in Germany, before being exchanged as unfit for further service, is the big attraction at the Westholme tonight and tomorrow. The returned soldier has with him six reels of splendid war films, taken by Lieut. Dwyer, of the 30th Battalion, providing one of the most interesting war items ever produced.

The pictures are good, but "Doc" Wells' recital of his experiences is better, as the returned warrior is one of the most entertaining of speakers. Canon Rix heard him in Vancouver and was so intensely interested that he went back a second time. By being at the westholme tonight, you will not only be entertained but will have done something to assist the prisoners of war, as the lecturer gives a percentage of his receipts for their benefit.

"HILL 60" DANCE

The young ladies of the Hill 60 Chapter of the I. O. D. E. will give an informal dance in McIntyre Hall this evening. The dances arranged by the young ladies of the I. O. D. E. are always enjoyable and this will be no exception.

GERMAN JOY OVER ZEPPELIN RAIDS

For hysterical joy over any British misfortune the journals of the Free Hansa City of Hamburg are an easy first. The Fremdenblatt furnishes us with a remarkable piece of dithyrambic writing on the recent Zeppelin raids, which deserves attention (observes the Daily Chronicle) as the authentic utterance of the leading newspaper of a city which has thriven because of its trade with this country. The following are extracts from this ferocious utterance:—

"Proud joy, grateful recognition beat high in our hearts as the news was brought to us of the third raid of our German air fleet to the coasts of our most bitter enemy—England. The brave crews of these daring airships have suddenly become the centre of all German interest. These three nights will be famous for having delivered blow on blow, for raining death and destruction on the English munition centres. For all time these three nights will be ours. But they were nights of terror for our enemy. "Step by step, from south to north, the industrial towns, the harbour works, blast furnaces, and factories were punished with devastating fire. There was first the attack on London, which has

PLOT TO KIDNAP ULSTER LEADER IS DISCOVERED

Asquith Arrives in Dublin—Germans Again Repulsed—Roanoke was Mystery Ship—Bomb May Have Caused the Wreck.

(Special to The Daily News.)

Dublin, May 12.—Premier Asquith arrived in Dublin today, and it is expected that martial law will soon be at an end. Mr. Asquith will take charge of Irish affairs until the new Irish Chief Secretary is appointed.

A plot to kidnap Sir Edward Carson, the Ulster Unionist leader, while on a visit to a holiday resort in County Antrim, has been discovered.

Germans Again Repulsed.

Paris, May 12.—Two more night attacks by the Germans, in an effort to recapture the French positions on the western slope of Deadman's Hill, have been frustrated by the French artillery fire. Artillery fighting is active at Avoncourt wood; at Douamont, and at Vaux.

Mystery Ship.

San Francisco, May 12.—There is a mystery surrounding the foundering of the steamer Roanoke, which went down in a gale south of here yesterday. One of the survivors states that the vessel foundered as the result of a bomb explosion.

The vessel was heavily loaded with explosives and was bound for an unknown destination and carried a scratch crew. It is rumored that she was carrying a cargo of munitions for a German commerce destroyer which she was to meet out at sea. There are no more survivors.

ADVANTAGES OF THE FINGER-PRINT SYSTEM

Officer Bailey has received a letter from the Chief Commissioner of Police at Ottawa, stating that the finger prints of William McConnell, who was sentenced to four months for stealing two grips from the Royal Hotel here, are exactly identical with those of one William Connelly, who was sentenced at Strassburg, Sask., on September 20th, 1913, to three months and four months for theft. This shows the advantage of the finger-print system of identification.

already often shivered in terror at seeing the death-bringing airships over its head. Then the important industrial region of Middlesbrough and Sunderland, and then northwards to the Firth of Forth and Edinburgh and Leith.

"No place on England's east coast of any importance that did not experience the German air-terror over it, no town of importance for the equipment of the British Army and Navy that was not badly injured. Our brave air fleet, boldly daring in its airy courses, deserves our gratitude and our recognition of its heroism."

CAPTAIN BOY-ED DECORATED BY KAISER WILHELM

Conspirator Given Order of Red Eagle for Distinguished Service—Berlin Claims Austrian Ship Torpedoed.

(Special to The Daily News.)

London, May 12.—Captain Boy-Ed, former naval attaché at the German Embassy in Washington and the chief conspirator in the bomb outrages in the United States; in the plot to blow up the Welland Canal, and in planning the invasion of Canada, has been decorated by the Kaiser with the Order of the Red Eagle with Crossed Swords, as a reward for distinguished service.

Berlin Claims.

Berlin claims that the Austrian steamer Dubrovnik, which was unarmed, was torpedoed without warning.

Germany's admission that the Sussex was torpedoed and that the commander of the submarine which committed the crime has been punished has caused scepticism here. It is reported that, instead of being punished, the commander has been promoted.

New German Move.

Stockholm reports that the German government will seize all ships in home ports on June 1st. The object in this new move is not apparent.

COLTS WIN AGAIN

The Colts again defeated the Catholic Club at Recreation Park last evening, on this occasion by a score of 7 to 1. Wild throwing on the part of the C. C.'s accounted to a large extent for their losing of the game. Bennie McDaniels pitched for the Colts, with Arthur Manson behind the bat, while Babe Fortin and H. Astori formed the C. C.'s battery.

DRYDOCK ACTIVITY

For some time past, there has been a prospect of work for the drydock, and, from information which we have obtained today, the negotiations are still on. No details can be given yet, but it is encouraging to know that the owners of the drydock are leaving no stone unturned to promote activity here.

WEDDING BELLS

At the Presbyterian Manse yesterday, Mrs. Belle Kenny, of Terrace, was united in matrimony to Mr. Olof Sundal, also of Terrace, the ceremony being performed by the Rev. H. R. Grant. After spending a few days at the coast, the young couple will return to Terrace where they will make their home.
