SOVIET AUTHORITIES SEIZE U.S. SCHOONERS VANCOUVER ALDERMEN PROTEST TO RATEPAYERS; THREATEN TO RESIGN

Vanouver City Council Proposes Resigning in Body Protest on Bylaws

VANCOUVER, June 19.—In protest against the action of the Vancouver ratepayers Saturday in turning down all seven bylaws submitted to them the city council may resign in a body next week. Five of the aldermen yesterday supported a motion in the council calling for the resignation of the council in a body while three opposed. A two thirds majority is necessary in order to carry it into effect and further consideration of the proposal is postponed until next meeting.

Notice of motion on so important a move is called for.

PANCHO VILLA GETS KNOCKOUT

Glenn Jimmy Wilde Terrible
Punishment Before Close of
Fight in Seventh

NEW YORK, June 19.—Pancho Villa of the Philippines knocked out Jimmy Wilde, veteran English lightweight boxing champion of the world in the seventh round of a seven round bout. Wilde fought bravely but Villa landed most of the blows, inflicting such terrible punishment that Wilde was exhausted before the end of the sixth and stood up streaming with blood, one eye closed tottering when the knockout blow was administered.

A crowd of 40,000 people waited five minutes until Wilde reeled, cheering the announcement that Wilde was the greatest loser in pugilism.

SURE CURE RHEUMATISM

New York College Produces
Serum Which Has Been
Proven Successful

NEW YORK, June 19.—Medical science today claimed another victory in the struggle against disease. Announcement is made by the New York University Medical College of a cure for rheumatism which it is claimed, has been tested positively in eighty per cent of 5,000 cases experimentally treated. The cure consists of injections of serum in a graduated series from the infecting organism, streptococcus veridans, which, doctors who have discovered the treatment, declare is now known to be the underlying cause of rheumatism.

BANKING BILL IS DISCUSSED

House of Commons Puts Entire
Day in on Part of It—Char-
ters Extended for 10
Years

OTTAWA, June 19.—The debate in the House of Commons on the banking bill got off to a vigorous start yesterday. Almost the whole day was spent in the discussion of one section and it was marked by some warm passages in and after the sitting which lasted until 2 o'clock this morning. The provision of the bill extending bank charters for ten years was carried. The Progressive amendment for extension for one year only being voted down by 65 to 27.

UPWARD TURN COPPER MARKET

Mine Outputs Increased as Soon
as Prices Began to Soar; 16c
Expected

NEW YORK, June 18.—The copper market has every appearance of having struck bottom, and the price trend again seems upward. Large producers seem to have seen the foolishness of offering down upon a weak market, and most of them are either holding at 15 cents delivered or are out of the market. Saturday it was impossible to buy copper under 14 7/8 cents delivered, and this week it is difficult to buy under 15 cents.

Bottom Reached

Consumers are again about to enter the market with large orders for third quarter shipment and some with orders for last quarter. Again they believe that bottom has been struck in price. They think that large producers have not learned their lesson and will not offer the market down further, but they intend to wait a few days longer to see for certain. With renewed buying, price should recover to 15 1/2 to 16 cents rather quickly, and then slowly rise to 16 cents.

Many consumers and several producers feel that a price of 16 cents is all that the industry can bear without overproduction until European consumption is much higher than it has been during the last few months.

The trouble with copper is that producers cannot stand prosperity. They all talked about labor shortage this spring, and each one increased mine output 50% to 100%.

The danger in copper is, and has been since the war was ended, that there will be too great production of copper and not that there will be too little. The only way that output can be controlled in an industry so disoriented, as is copper at the present time, is for the price to stay at such level that profit will not induce overproduction.

TOLEDO BOND HOUSE READY TO DEAL WITH CITY RE DEBENTURES

A letter was received at last night's council meeting from Spitzer-Rorick Co., Toledo bond dealers, offering to do business with the city in connection with the sale of recently issued municipal debentures provided provision is made for the payment of principal and interest in New York. The letter pointed out that the debentures as they now stand provide only for payment of principal and interest in Prince Rupert, Toronto and Montreal whereas, if they "Spitzer-Rorick" were to handle them, it would be necessary to have payments made in New York.

Accordingly the council decided to amend the debentures providing for payment in New York. It was also decided to extend the time for bidding on the debentures to July 21. It was pointed out that the inspector of municipalities had not yet finally approved the debentures pending the expiry of time in which application may be made for their quashing.

OFFICERS RE-ELECTED

OTTAWA, June 19.—The Canadian League of Nations Society re-elected Sir Robert Borden president last night and H. G. Richardson general secretary.

Lady Rosaleen Majoribanks, one of Britain's most popular peeresses, plans to visit America in the near future

SALT LAKE IS IN READINESS FOR SWIMMING

Repairs Have Been Made to
Floats and Water Is Fine:
Improvements Made

The Salt Lake is now all ready for swimming. The floats are back in place temporarily, improvements have been made to the walks, new seats have been put up for spectators and picnicers and the water is fine. From now on there should be swimming every day and especially on holidays.

The improvements to the walk and adjacent work has been done by the public works department of the provincial government and the department has loaned its men to the Swimming Club for getting the floats back in place after the winter deprecations. The place is now better than it has ever been before but some more work is needed to repair the dam and make other improvements. It is likely this will be done this year.

LUNCH MONDAY FOR SIR HENRY

Head of Railway to be Entertained
in Elks Home at One O'clock

At a meeting of the executive of the Canadian Club yesterday it was decided to arrange for a luncheon to Sir Henry Thornton on Monday next. The catering will be done by the St. Regis cafe and music will be provided during the meal. Tickets must be procured in advance and will be on sale from Wednesday to Friday to members of the club who are able to show their membership cards for this year.

This will be a great event, it being the only public appearance of the railway president here. It is expected there will be a rush for tickets as the number admitted will be limited to the accommodation of the hall.

SURVEY OF ISLAND ROAD

Engineer Taking Soundings of
Galloway Rapids Today
With P. W. Anderson

This morning, Major Taylor, district engineer and P. W. Anderson, road superintendent, commenced the survey of the route from Prince Rupert to Galloway Rapids. They went to the rapids by boat and are spending the day taking soundings and measurements, returning overland on the route it is expected the new road will take. This will give the officials an idea of the road and the difficulties to be overcome in construction from which they will be able to make a rough estimate of the cost of construction.

The matter of paying for the construction of the road is to be placed before Sir Henry Thornton as the company owns most of the good land on the other side of the mountain. The company will be asked to pay its share of the cost of opening up the property.

HON. T. D. PATTULLO IS ON WAY TO JASPER TO MEET RAILWAY HEAD

Will Accompany Sir Henry
Thornton to This City As-
sisting in Study of
Country

VANCOUVER, June 19.—Hon. T. D. Pattullo, minister of lands and member for Prince Rupert left yesterday for Jasper to meet Sir Henry Thornton, president of the C.N.R., and to accompany him to Prince Rupert. The minister's close acquaintance with the north country and his familiarity with conditions will make it possible for Mr. Pattullo to lend valuable assistance in his study of the country through which the railway runs.

Three American Schooners are Detained in Siberia Charged with Illegal Trading on Coast

NOME, June 19.—The American trading schooners Silver Wave, Iskum and Belinda are being detained at Eastcape, Siberia, their crews under arrest on charges of violating the trading laws of the soviet government of Russia.

The plight of the schooners was brought here by Rev. N. F. Hoyer, missionary, who came here by way of Eastcape. The crews of the boats are being held in Siberia until the arrival from the south of a vessel with high soviet officials.

REORGANIZATION OF GAME BOARD

Proposals Made Which Are
Likely to be Basis For
Changes

VICTORIA, June 19.—M. B. Jackson, M.P.P., announces having had consultations with Hon. A. M. Manson in connection with proposals for the reorganization of the game board. These proposals which may go through, are based on the following:

Game board affairs to be divorced from the provincial police in respect to law enforcement affairs.

Creation of a new department under the attorney general for the enforcement of provincial game laws and the execution of the orders of the game board.

Co-operation between the game board's new game department and the department of lands by having each honorary members of the other, especially reference to new game laws which have been successfully enforced in Washington and Oregon states.

FIRST READING FOR FISHERIES BILL IS GIVEN IN COMMONS

OTTAWA, June 19.—A bill to amend the Fisheries Act was given its first reading yesterday. Hon. Ernest Lapointe explained the annual fee for salmon canners should be \$20 annually, following a recommendation of the committee on fisheries. The former fee was \$500. Canners would pay an additional fee besides the twenty dollars on every case of 48 pound cans.

ANDREW KELLY GOING FISHING

Steam Trawler Being Outfitted
and Leaves End of Week on
Company Lay

Preparations are being made by the Canadian Fish & Gold Storage Co. to send the steam trawler Andrew Kelly to the halibut banks to fish on the company lay. The Foster is already out, having gone away two weeks ago under the similar plan.

Under what is known as the company lay as distinguished from the independent lay, the men get a straight price per pound for the fish they catch and the company pays the whole cost of outfitting as well as the salaries of the Captain and cook and also finds the grub. The Kelly will get away toward the week end under Capt. Candow.

The Carruthers is still tied at the dock and it has not yet been decided what to do with her.

DOUKHOBORS MUST OBEY

Premier Oliver Recognizes Their
Good Qualities But Will
Stand no Defiance

VICTORIA, June 19.—While recognizing the thrift and industry of the Doukhobor farming community, Premier Oliver said last night that after a tour of the interior of British Columbia he felt that no class could be allowed to set the laws of the country at naught as the Doukhobors were trying to do in their attitude toward the education laws. Oliver said: "We intend to see that the laws are obeyed regardless of consequences."

FRENCH SAILORS TO GET THEIR WINE ON WAY FROM AMERICA

NEW YORK, June 19.—French line officials announce that arrangements have been made at Washington to bring in sufficient wine under seal to allow French sailors half a litre daily homeward bound after the three mile limit is passed.
