Should Develop Suburban Country.

The development of the suburban country contiguous to presenting the entire Lockhart Prince Rupert is one of the important matters in connection range, is found in McMasters' with the building up of a city here. While everyone who knows wagon. It had been stolen from the country at all is aware that conditions on the coast are diffi- her room the night before. All cult to deal with and that it takes time to bring the land under indications point to McMasters large this season, although percultivation, yet it can be done and is already being done in a as the thief and he leaves the . way. There are small settlements at Smith Island, at Lewis outfit in disgrace. Island and at several parts of Porcher Island and gradually these | The caravan starts and Ruda- I KNOW a fisherman, will be extended and increased in number until there is a thriv- baugh sets out to prevent them ing suburban population drawing its supplies from Prince Ru- from reaching their destination. Who always tells such lies about pert and sending in vegetables and fruit and dairy produce to knowing that if they do, his the market here.

There have been failures in the past, many of them, be-cattle will be ruined. On push THE girlies smoke, cause people went in who were not familiar with conditions and the drivers over the Red River who depended too much on the soil for their livelihood. Now and into Comanche land. Ruda- I've even seen, the people who take up these lands are mostly fishermen, who baugh and his men still behind. fish in summer, hunt and trap in winter, or do logging or engage are joined by McMasters. They in other occupations. In this way they earn money while their attack the herd and cause places are being developed and made productive.

Good Progress Made On The Elevator.

Good progress is being made on the elevator and there is Hand they cut the herd to pieces every prospect that it will be in operation at the time specified and surround the drivers. Just in the contract. Anyone who visits the scene of operations can- in time the tiny handful of pris- Tour Prairies and Take Intense not but be struck with the wonderful progress made and the oners are saved by a company of speed with which the work is carried on. From now on the United States cavalry from Fort work will show up more every day and by fall tourists will be Sills. asking many questions as to what the big building is they see as they enter the harbor.

Appearance Of Waterfront Will Be Changed.

Those who have been here only a few years note the change in the appearance of the city from the waterfront especially in Westview where many homes have been built within the past few years. Now the elevator is making a still greater change Rudabaugh arrives on the train dian National Railway through pert, and situate at Rooney in the general appearance of the townsite from the harbor. The thousands of tourists who come here note that there is something doing at Prince Rupert. They see the building going on the tries to steal Taisie's katchewan. On their arrival in Take Notice that Langara katchewan. On their arrival in Take Notice that Langara and get a good impression of the city. First impressions are trunk and Rudabaugh is taken Winnipeg members of the party Fishing & Packing Company

Later when ships are loading at the elevator, the change the Indians who take vengeance of the districts they had visited pation Packers, intends to apply will be still more apparent.

NORTH OF 36

Story is About the Big Cattle Country and Indians and Adventure

The picture "North of 36" opens in Texas directly after the Civil War when that state, not yet taken back into the Union, is in an extremely impoverishedhave multiplied enormously.

One of the biggest ranches is up river points. owned by Taisie Lockhart. While the ranch is one of the richest in the state in land and cattle, it is very poor in actual money. Just when things seem financially hopeless, Dan McMasters, an old friend of the Lockharts, appears with news that a railas Abilene, Kansas, and he exmapped country, it can be sold bounces out again.

company her. Sim Rudabaugh, once an outlaw, now state treasurer, foresees what will happen when a cattle market is opened LITTLE drops of water, and he schemes to buy all the land and cattle possible to be Make the holiday keeper, ready for the boom. One of the ranches he particularly wants is

BRITISH COLUMBIA

The Mineral Province of Western Canada TO END OF DECEMBER, 1924.

Has produced Minerals as follows:-Placer Gold, \$77,382,953; Lode Gold, \$118 473,190; Silver, \$68,824,579; Lead, \$70,548,578; Copper, \$187,489,378; Zinc, \$32 171,497; Miscellaneous Minerals, \$1,431,349; Coal and Coke, \$260,880,048; Building Stone, Brick, Cement, etc., \$42,225,814; making its Mineral Production to the end of 1924 show an

Aggregate Value of \$859,427,386 Production for Year Ending Dec. 1924, \$48,704,604

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is

guaranteed by Crown Grants. Full information together with Mining Reports and Maps, may be obtained gratis by addressing-THE HON. THE MINISTER OF MINES Victoria, British Columbia.

N.B. - Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

awake and dressed by thre the o'clock in the morning, Mr. Johnevery morning at seven o'clock and in many cases numbers of the party had breakfasted before this hour in order to miss nothing of the territory through which they were passing.

Drives over 150 miles were PLAYING with fire is just as made on several days, so that a thorough inspection of the country could be made. The members of the party are leaving for their homes tonight.

NUMBER OF SPECIMENS OF INDIAN WORK ARE IN MUSEUM COLLECTION

At a meeting of the Museum But his name I would not say; Board held last night at the office of S. K. Campbell, in the Bank of Commerce, much pleasure was expressed by members at the number of Indian and other relies coming in and at the showing they are making. They are displayed in a showcase at the Bank of Commerce where they may be seen by visitors.

Other specimens have been promised and these may be left at the bank where they will be IUII UTBILL Catalogued and labelled. Miss DuVernet has undertaken to do this work in collaboration with W. E. Collison. So far no natural history

specimens have been sent in.
