THUNDER STORMS BRING TEMPORARY RELIEF; CYCLONE DOES DAMAGE

Heat Wave Sweeping Atlantic Coast States Causing Many Deaths

NEW YORK July 8 .- Another heat wave is sweeping over the Atlantic states causing great discomfort and in many cases being responsible for deaths. It swept down from the middle west yesterday and caused at least nine deaths directly and indirectly a dozen prostrations along the Atlantic coast.

Violent thunderstorms in most sections of the country possession offensive weapons for brought only temporary relief. During the storms many build- a purpose dangerous to the pubings were struck by lightning. The heat continues today and lie peace. between the high buildings of the big cities is at times almost unbearable.

The motorship has been gradually increasing in size and power and engineers and navigators are gradually adapting them to service for heavy freighting and fast passenger traffic. They operate much more cheaply than do steam driven craft.

FIRES SCOTLAND EVER WITNESSED

GLASGOW, July 8-One of the biggest fires in the history of Scotland last night destroyed Kelvin Hall and the Corporations exhibition building, covering several acres. One of the city's finest * churches, Kelvin Grove, of the United Free church was gutted.

PRICE OF COHOES GOES UP TO 30c AT DUNDAS ISLAND

The salmon trollers recently held a meeting at Dundas Island to discuss the matter of the price they should receive for Cohoe salmon and it was decided that they would ask for a raise from 25 cents to 30 cents for this grade of salmon. The buyers immediately met the demand for the increase, and the fishermen are now receiving 30 cents for each Cohoe.
