# GOLD STRIKE REPORTED ON BABINE RIVER

## COWPER AND OTHERS COMMITTED FOR TRIAL ON WONG ABDUCTION CASE

### Excitement at Hazelton of New Gold Strike Reported on Babine River by Two Prospectors There

Ground, said to be rich, is some distance up Babine from Skeena near Kisgagas Indian village

HAZELTON, July 10.—Much excitement was caused here by the return of Charles Ek and M. F. Burke from a short prospecting trip bearing evidence in the shape of a small quantity of coarse gold, of what is obviously a rich strike. Burke and his partner made their discovery whilst prospecting up the Babine River, a confluent of the Skeena, and it was some distance up the former, beyond the Indian village of Kisgagas, where the two came to a big slide which brought the initial results.

Following the river down stream and getting good pans all the way, they eventually reached what appeared to be an old river bed where they decided to plant their discovery post. A day and a half's panning at this spot produced about forty-five dollars in coarse gold.

Both men came in to record and restock with provisions. Charles Ek returned to the staking on the 9th.

The locality is in the neighborhood of eighty miles from Hazelton, and is reached by the old Kisgagas trail leading from Hazelton up the Skeena River to the village of Kisgagas.

Meanwhile local mining men and business people are naturally looking forward to further favorable developments, and several well known prospectors are already on the way over the trail to make investigations and stake further claims.

Old timers are thrilled with the news of a new gold strike and old Klondyke days are being recalled.

### SAM HIBBERD WAS DROWNED

Disappeared From Fish Packing Boat and Must Have Fallen Overboard

It was learned with a great deal of sorrow early last evening that Sam Hibberd, 19 years of age, of this city, son of Mr. and Mrs. G. T. Hibberd had apparently been lost overboard from the fish packing boat "Horseshoe," while en route from this city to Dundas Island. It seems that Sam, who had been invalid for some time, and who had only recently recovered from a long spell under the doctor's care, has recently been engaged in light work on the boat, and upon his arrival in the city yesterday remarked that he had never felt better in his life.

When the "Horseshoe" left yesterday about noon for Dundas, Sam was in his usual good spirits and was present with the captain in the pilot house, until past Metlakatla, when he remarked that he thought he would lie down for awhile, and that was the last time the captain saw him. About four o'clock the captain called for Sam and there being no response he went to his bunk only to find that he was not there.

Capt. F. Dudoward immediately returned to the city to bear the sad news to the bereaved family, who will have the sympathy of the whole community in this sad misfortune.

**TRUCK WENT OVER BUT NO ONE INJURED**

A two ton Ruggles truck, driven by Charlie Stuart went over the roadway and turned on its side, at the corner of McBride and Eighth Avenue last evening. The driver was unhurt and the truck was not damaged to any extent in the accident although eye witnesses held their breath for a moment until the driver was seen to crawl out apparently not even scared by his experience.

The cause of the accident seemed to be due to the fact that the foot break was not working properly, and the driver accordingly lost control of his car.
