Single Alternative System
Approved by
Commerce Chamber

The Rupert Chamber of Commerce was among ninety members of Boards of Trade and Chambers of Commerce in B.C. who replied favorably to a questionnaire on the single alternative vote for elections to the Provincial Legislature.

The interesting feature of it, said Mr. Gilker, "is that in B.C. the particular size of community which is more favorably disposed than others. The majority of large cities, medium towns and villages, strongly favor this system. This Chamber is recorded as being favorable to the proposal."

Most Boards and Chambers in B.C. appointed a special committee or gave it to their committees dealing with government relations as a special study project. Explanatory material on various voting systems designed impartially, advantages and disadvantages of the system, was received from the B.C. Council of Associated Boards of Trade.

Oliver Murphy, the president of the B.C. Council has presented the results of the referendum to the Provincial Cabinet. In presenting them he stated that the B.C. Council was confident that the single alternative vote was a more rational, and effective contribution to the thinking of the members of the Legislature and of the Cabinet when consideration is given to any proposal to change the present system of voting in this province.

It is understood that there is a distinct possibility of standby legislation on this subject being introduced in the dying hours of the session.

OPERA CAST—The Cowichan Indian legend of Thunderbird and Killer Whale is told in the first North American Indian opera, Tzinquaw, currently playing in Victoria. Among the cast, who range from a 78-year-old brave to a babe in arms, are Mrs. Abel Joe and her daughters Donna and Glenda. Mrs. Joe is from the Cowichan tribe on Vancouver Island. (CP PHOTO)

Children's PT Class Popular

Physical recreation classes held each Tuesday and Thursday in the Moose Temple for the children since early in January, have been proving to be very popular as well as beneficial to the participants.

The average attendance of 13 young boys and girls, ranging in ages from 4 to 14 years, find capable supervision from Charles Logan and Mrs. Berle Karasosky who are proud of the skill developed by their charges.

The hour of twice weekly sessions is taken up by games, marches, tumbling and physical exercise routines especially designed to develop individual initiative and teamwork.

Before the termination of classes for the season Mr. Logan plans to have a parents' night, probably the second week in April, when the parents of the children will be invited to see them go through their routines.
