INTERNATIONAL RACE CONGRESS OPENED TO-DAY

LEADERS AT THE INTERNATIONAL RACES CONGRESS

Reading from left to right:—Dr. Felix Adler, of New York; Baron de Constant, famous peace advocate and Wu Ting Fan, who will represent the Chinese nation at the Congress.

(Colonial Press Despatch)

London, July 27.—For the first time in history, representatives of almost every known racial division will meet in conference to plan a campaign looking toward an amelioration of the hatred and jealousy today prevalent among the three great divisions of the world's inhabitants—the Mongolian, Caucasian and Ethiopian. The first of this sessions will open today in the auditorium of the University of London. The International Races' Congress is the name given to this convention, which will continue its meetings for four days.

Some of the most prominent philanthropists, theologians, statesmen and economists of the world will deliver addresses.

Among the writers of the papers are: Sir Sydney Oliver, Sir Charles Bruce, Dr. Felix Adler of New York, chairman of the honorary general committee of the Congress; Sir John Macdonnell, Baron D'Estournelles de Constant and many others equally well known throughout the world. The convention has received the endorsement of the Court of Arbitration and of the delegates of the Second Hague Conference.

besides a great number of churchmen of all denominations.

This meeting between the East and the West, and the North and the South marks a new era in suggestion that resulted in the coming together of the Congress. Speaking at Eisenbach in July 1906, he suggested the holding of a congress to ascertain how far it was possible to bring the conscience of the modern world to bear upon the problems presented by racial divisions. At the time of its utterance, Dr. Adler's suggestion was received with great acclaim and still greater doubt. The idea, however, gained favor, and after years spent in preparations a date was set and representatives of the various nations agreed to the convention.

ENGLISH MONEY TO FIGHT RECIPROCITY

Tariff Interests in Great Britain Send Half a Million Dollars to the Opposition for Election Purposes—American Tariff Interests Will Also Make Big Contributions.

(Canadian Press Despatch)
Ottawa, July 27.—The Ottawa Free Press, a Liberal paper, states today that "A member of the Canadian Parliament who has just returned from England has brought from a group of British tariff reformers an invitation to the opponents of reciprocity to draw on them to the extent of \$500,000 for a campaign to defeat reciprocity."

Dissolve Next Week

It is expected that next week will see the dissolution of Parliament, and that the general elections will all be held between the dates of September 20th and September 25th. The Government is relying for success at the polls on the popularity of reciprocity with the rural constituencies. It is conceded that the cities are less promising than the rural districts.

Imported Money

The Opposition is relying largely on big campaign funds which the British tariff reformers and the American interests which are opposed to reciprocity are expected to contribute. These are expected to come down handsomely in their efforts to prevent the taxes on food products from being removed, and a lot of money will be spent on the campaign by the

Opposition. The Government war chest is also well lined, and a fierce campaign may be looked for.

DOCTORS ARE EXPELLED

Drs. Lehmann and Edgar Cook of Toronto Guilty of Illegal Practices.

(Canadian Press Despatch)
Toronto, July 27.—The medical council of the Province of Ontario today expelled from membership Doctors Edgar M. Cook and William Lehmann of Toronto, two physicians who fled from justice. Both were charged with illegal practice over a year ago and have not been seen since.

TO PRINCE RUPERT BY POWERFUL MOTOR CYCLE

Mr. George Ellis, Special Newspaper Representative is on His Way Here Now from Winnipeg.—In Neighborhood of Edmonton today. Will arrive by C.T.P. Track at Wharf Depot.

George Ellis, special representative of the Winnipeg Free Press, is at present on his way to Prince Rupert from Winnipeg by motor cycle. The route has never yet been traversed either by motor cycle or auto-car. Owing to the arduous nature of the journey it is impossible to say just when the plucky cyclist will reach here. He started about a week ago from the grounds of the Winnipeg exhibition, and travelled at first via Portage la Prairie, Brandon, Virken, Regina, Moosejaw and Edmonton in the neighborhood of which city he is at present. From Edmonton his route will be chosen by means of local advice.

Special Motor Cycle

The trip is being made on a Minneapolis motor cycle, supplied by the T. Eaton company, and is specially adapted for the journey on account of its front spring construction and the two-speed feature which will minimize a lot of the fatigue that the rider is bound to experience.

Plentiful Equipment

Ellis was well provided for the long run with small spare parts, spare inner tubes for the tires, a camera presented by Duffin & Company with which he will take

snapshots en route to verify the trip. He also carries a Steven's rifle, a silver medal presented by Henry Birks with an inscription stating the object of the ride, and a gold watch given to him by Porte and Markle. He will also have a railroad attachment for his wheel, which will allow him to take to the rails when the trail is too rough or stony to traverse with his wheel.

Will Arrive at Wharf

Unless anything unforeseen happens to cyclist or machine on the roughest part of the route beyond Edmonton and through the mountains Ellis will arrive in Prince Rupert via the G. T. P. Railway line and will dismount from his machine at the wharf depot. His will not be the first motor cycle to arrive in Rupert as the honor of having first ridden one on Prince Rupert's plankways belongs to Mr. Murton E. Rugg, a former member of the Daily News staff, and also a Winnipeg man. Before setting out on his trip to this city Mr. Ellis heard something from Mr. Rugg of motor cycling "thrills" experienced rounding Prince Rupert corners, and the temptation to come here was too great for him to resist.

"PRINCE JOHN" AT VICTORIA

New G. T. P. Steamer for the Islands Arrives from England. Left Clyde on May 16th.

(Canadian Press Despatch)
Victoria, July 27.—After her long trip from Glasgow to the Pacific via the south coast of South America, the new steamer Prince John built on the Clyde for the G. T. P., arrived today. She will ply between Prince Rupert and the Queen Charlotte Islands. She is over two months out from Glasgow which port she left on May 16th.

By wireless this morning it was reported from Cape Lazo that the Camosun was on her way north, and would arrive on time.

DROWNED IN THE UNDERTOW

Young Real Estate Man at Vancouver Meets Death while Bathing at Point Jerico.

(Canadian Press Despatch)
Vancouver, July 27.—Reginald Charles, a young real estate broker, aged 21, was drowned yesterday afternoon at Point Jerico, near the Country Club while out bathing with his business partner. The undertow carried Charles under to his death. His body has not been recovered.

The Sad Side

Mildred Verne and Pauline Gray two of the victims of Folly Avenue were summoned to appear before the Magistrate for being disorderly the other night.

IT WAS A MISCOUNT PUT FRENCH GOVERNMENT OUT

Instead of a Minority, French Ministry had a Majority at the time of M. Monis' Resignation—Correct Figures Come to Light Too Late to Affect Situation.

Paris, July 26.—Probably for the first time in history a Ministry has been overthrown owing to votes on a crucial question being counted wrongly.

A crisis arose in the French Chamber over an interpellation regarding the attitude of the Government as to the chief command of the Army in the event of war, and after a division the official showed 238 votes against the Government and 224 in favor.

M. Monis, the Premier, and his colleagues thereupon decided on resignation. The curious fact has now been brought to light, however, that at the moment of the fateful division there was con-

siderable confusion in regard to the votes for and against.

A number of deputies announced that their names had appeared on the wrong division list. An official rectification was made, with the result that so far from having been defeated by fourteen it was discovered that the Government had a majority of five.

Though this discovery may be the source of much personal satisfaction to the ex-Premier, it is of course, too late to affect the fate of his Ministry.

M. Caillaux has reconstructed the old Ministry. There are fourteen Cabinet Ministers and four Under Secretaries.

TRIPPED AND PLUNGED TO SAVE BULL TERRIER

King Instance of Kindness to a Dog in Danger of Drowning at Digby Island Marine Station.
—H. M. Lever of Prince Rupert had Chilly Swim to the Rescue.

eriously enough within a day of the establishment of a Society for the Prevention of Cruelty to Animals in Prince Rupert there comes a fine example of kindness to a dog in distress, kindness in even some risk to human life. It is from Digby Island Marine Station under construction, the story arrives. The incident happened yesterday afternoon. The actors in the little play are Mr. H. M. Lever who employed on plaster work over a favorite bull-terrier belonging to the construction gang.

Dog Nearly Drowned

The dog is a high spirited one, ready to plunge after anything in the water, and yesterday upon the movement of some one above the surface of the water he attracted the bull terrier's attention. After yelping excitedly for a moment or two he plunged into the water and for the spot. Reaching the dog he nosed around looking for any signs of life. He was about to get his hind legs twisted up in the long weeds. He was struggling, yelping and yelping piteously when Harry Lever from

where he was working at the new piles, took in the situation.

Stripped and Plunged

Without an instant's hesitation, seeing that the dog was certainly in distress and would probably drown in a few minutes, Mr. Lever stripped off his clothes, and plunged into the water. As everybody knows who has tried harbor bathing here the plunge is a pretty chilly one. Mr. Lever is a powerful swimmer, however, and swiftly covered the hundred yards or so between him and the drowning doggie. The bull terrier wisely realising that aid was coming hung on, and a few minutes later his rescuer was able to extricate the entangled hind legs, and swim ashore with the grateful dog. Both dried down briskly, and neither is any the worse of the little adventure, but the boys at the Island are quite pleased with the incident and the way the bull terrier knows his kind hearted rescuer from amongst them.

Mr. A. Gutstein of the Acme Clothing Store, is in town. He says business is good at the branch store in Hazelton.
