of electric power should rise to a point above the practicability of motor produced energy, the community has an estimated potential source of 50,000 h.p. on the Kitsumgallum River.

CELANESE PLANT SHOULD BE HELP

Establishment of the \$15,000-000 celanese plant on Watson Island, near Prince Rupert, is expected to be a boon to Terrace. Due to the mill's declared capacity to utilize a large percentage of timber formerly considered perators, there will be an added income for established lumber Prince Rupert Is and log producers.

Farmers with wood lots also and to benefit. As they clear their land for cultivation they will be able to capitalize on the operation by seling the cordwood for pulp.

The western part of the Terrace timber district will come into the management circle of the Port Edward Celanese Coration. Their program as anarrad to local overators, will - 11 - -- or one one on heard feet of -bor o wear Thin is expected to he delivered by tirms now in business and possibly by some

new ones to be established. Tests have shown that the distriot has Jarge brick clay deposits with commercial possibilities but s yet development is in the ele-

The people of Terrace are a friendly, go-ahead group of boosters for a community that really needs no boosting-it sells

SALMON CANNERIES If you served canned salmon for lunch today chances are it was packed in the Prince Rupert area, for nowhere else in the world is there a greater concentration of salmon canneries.

FIRHING INDUSTRY A \$10,000,000 annual income is derived from the fish industry in he Prince Rupert area.

AIR SERVICE IS REALIZED

Third Best Harbor

There are only two natural harbors in the world that exceed Prince Rupert in excellence. One is Halifax, Nova Scotia, and the other Sydney, Australia.

Investigate the Rupert area!

JAYCEE HEAD-A. P. (Tony) Crawley, local boatbuilder and president of the Prince Rupert Junior Chamber of Commerce, has collaborated with the general convention committee. The Junior Chamber is a member of the Associated Boards of Trade of Central British Columbia.

NATIVE VILLAGES Prince George..

villages in the Prince Rupert geese are found more to the west One year ago Prince Rupert was area contribute to the business despairing of ever having a and prosperity of the city. The scheduled passenger, express and people of these villages number mail service by air. Today it several hundred. The principal has them all. On June 15 the occupation of the people is sal- where and there are prairie passenger and express service mon fishing and employment was started with daily flights during the summer in salmon (except Sunday) between Prince canneries. Some of them have Rupert and Vancouver via Sands- found their way into the industpit, Queen Charlotte Islands. On ries of the city itself.
