Billy Oram, a very popular old timer, arrived from the east on last night's train. Billy has been overseas since the beginning of the war with the Imperials. He spent some time in the eastern war zone and has brought back some very interesting and realistic photographs of the Armenian country.

Got a Cold?

Peps will give you relief. Simply dissolve a Peps tablet in your mouth. Your breath carries the medicinal Pine vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and heals the inflamed membranes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Peps contain absolutely no harmful drugs and are therefore the safest remedy for children.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

They played for a circuit moving picture show, concert and dance on Tuesday night and so popular was their performance that the people demanded that they have another dance on Wednesday night. Will Balagno, who accompanied them to Hazelton, is now in Calgary.

CAN THEE TASTE?

Thee should have seen the strawberries that went into the kettles to make QUAKER BRAND JAM.

Some might say that no one would know we have been so particular.

Thee would not want us to show lack of care. And certainly Jam is better for being clean and pure.

Frisbie Engines
Complete and ready to install.

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS—5 to 75 HORSEPOWER
Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 60 and 75 H.P.—Bore and Stroke, 4 1/4" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.
