### Do You Want Your Daughter To Be Pretty?

Here's how one girl put roses into her cheeks and rounded out a thin face

Mothers who are anxious for their daughters to be healthy and attractive will be interested in the story of a certain young girl who was pale, rundown, underweight, when she went to a competent authority to have her blood tested. She weighed only 911/ pounds. The test revealed the trouble. Her blood was too poor in quality to keep up her strength, weight and vitality. Her blood was below normal in the number of red corpuscles and in vitally-necessary haemoglobin. She was instructed to take two of Dr. Williams' Pink Pills (so called because they have a pink sugar coating) three times a day for a month and then return for another blood test.

Thirty days later a changed, happy girl came back. She had gained nine pounds. Her blood tested almost normal in its haemoglobin content and was slightly better than normal in number of red corpuscles. She felt a tremendous lot better and looked it. She had roses in her cheeks and everyone said that "her face had rounded out and she was positively pretty".

Charming color and soft clear skin depend almost entirely upon the blood, because the blood carries the vitality and nutriment that builds the complexion. The soft, clear skin of every pretty baby is proof of it. And the girl mentioned above is living evidence that good looks which have been lost through impoverished blood can be regained by taking the proper remedy.

There is no need for so many girls to endure a sallow, uninteresting complexion nor to remain listless, nervous and easily tired out. For when these are symptoms of blood that is lacking in vitality, Dr. Williams' Pink Pills will restore strength and "pep" and tone up good looks, too! Equally effective for people of all ages. No Change in Local Halibut Fishing Situation-Good Price in Vancouver-Mill Bay Cannery Crew Comes North.

There was no change in the situation this morning as regards the opening of the 1935 halibut fishing season. Before finally deciding to start out, the local fleet was awaiting word in regard to minimum price negotiations from Seattle where another meeting is to be held this Wednesday. Nor has any settlement yet been reached between local boat owners and fishermen in regard to the dispute over proceeds of halibut livers. None of the regular boats had cleared for the banks this morning although the opinion appears to be general that some will be leaving by the end of the

According to reports received here today the halibut boat Tor landed a catch of 10,000 pounds at Vancouver on Saturday, receiving a price of 14.2c and 14c for same.

### Back Home Via Canada

Teh Ming Pan, 21-year-old Chinese, photographed in London recently, resting the sore "dogs" on which he has walked 20,000 miles from China, through Tibet, India and Persia, to London. It required three years for the long journey, but is Teh tired of walking? Not by a hiking boot. He intends to walk all the way back to China, this time via Canada, the United States, New Zealand and Australia. He expects to consume three more years in tramping the earth's terrain.
