Timely Recipes

A NEW MERINGUE

One way to gain the family's gratitude is to give the best possible meal with the least possible effort. That should be a primary rule in cooking. It will keep the cook alert, too, looking for new and better ways of doing an old job, and teach her modern short cuts.

Some of the most attractive finishes to otherwise ordinary dishes can be made simply now. It's even possible to make a delicious meringue without using the oven and that's very helpful when the rest of the dinner is being cooked on the op of the stove. To top off some of those fine jellied fruit pies or tarts, and even jellied desserts when there is no whipped cream in the house, a three-minute meringue is

Two egg whites, unbeaten; 2 tablespoins water, 1/2 cup sugar, dash of salt, few drops vanilla or almond extract.

Put egg whites, sugar, salt and water in upper part of double boiler. Beat with rotary egg beater until thoroughly mixed. Place over rapidly boiling water and beat one minute: then remove from fire and continue beating two minutes longer or until mixture will stand in peaks. Add flavoring. Beat well. Spread over top of jellied fruit pies or tarts and sprinkle generously with southern style coconut.

Put Men To Work Gainfully

The people of Prince Rupert are asked to co-operate for the purpose of providing gainful employment for as many people as possible during the next six months. A group of canvassers will undertake to call on all local citizens asking for pledges from them that they will undertake to spend as much as possible and stating how much they plan to spend on gainful employment.

It is not the intention to interfere with the private concerns of our neighbors but to try to secure as much employment as possible as a means of improving local conditions.

We have set as our objective the sum of \$50,000

If every person will undertake to spend some money in such a way as to make conditions better, we shall easily attain our object.

The pledge cards will be kept private in order to prevent solicitation on the part of those who may be trying to secure advantage from the campaign.

We are not an employment agency and have nothing to say as to who shall be employed or what they shall be paid. That is between the employer and employed. All we ask is that the money be expended. The provincial employment officer can supply men if required.

Things in the home, outside the home, in office buildings and factories are beginning to look the worse for wear. And there are hundreds of unemployed hands wanting and willing to do those jobs. You need the work done-they need the money for the necessities of life.

Help make these idle hands earning hands, for the good of the community and the happiness and self-respect work brings to an idle man or woman.

THINGS TO DO Inside the House
