= THE COSY CORNER =
DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HARD LUCK

He had a prophylactic bent,
And led a sterile life,
Had hygienic children and
A sanitary wife.
Lived in a fumigated house
And wore aseptic suits,
Ate germicidal food and smoked
Denicotined cheroots.

His milk was always pasteurized,
He drank denatured water;
He never forgot to swat the flies,
Mosquitoes he would slaughter.
He screened his doors and windows
and
His office disinfected;
Against microbes of every kind
He felt himself protected.

He exercised; he slept by rule
And times his every breath;
His health was excellent and he
Defied disease and death.
His plan was admirable, no doubt,
But darn the measly luck!
He went and got run over by
A ten-ton power truck!

Mayor Has Returned

Mayor Manson returned in the "Rover" yesterday from Belfer, B.C. where he has been with H. S. Clements, the new member for Comox-Atlin, who is studying the needs of the riding before going to Ottawa.

"Black Devil" Back

The black auto about which Alderman Newton used to "fulminate thunder" is back in Rupert, but the Hazekel trails seem to have worked havoc with its gear. It is being repaired at the Rupert Marine Depot.

Trail to Woodworth

Eight men are engaged building a pack horse trail to Woodworth Lake today. The original trail was traversed mostly by surveyors and it was a rough trail. Many more will now have the opportunity of seeing the beautiful waterfall which is situated not far from the outlet of Woodworth Lake.

Warning to Gun-men

Chief Owens, of the Provincial Police Force, is posting notices today that all game and birds on Kaia Island are preserved, and that any one found shooting them will be prosecuted. The notice is published in English and in Montenegrin.

Lunch was Late

Anxiety was felt last night when the Rupert Marine launch Wolverine delayed her home-coming from Metlakatla where she had been assisting at the repair of the Queen Mary. A search party in

another launch sent out at midnight found the launch all right, but delayed by threatened fog. Both launches got back at two a.m.

GOOD NEWS INDEED

When Oil Burners are Fitted to G. T. P. Flyers Schedule May Give Them a Ten a.m. Start from Rupert.

In passing, mention may be made of the probability that when the G. T. P. boats return next summer fitted with oil burners instead of coal fuel, the time saving will be so great that the boats will be able to leave Rupert at ten a.m. instead of eight a.m. as at present. The change will be welcomed most by everybody who likes breakfast at home before starting on a journey.

FOUND LITTLE BOOTS

Mark Spence's Lost Luggage Strews Beach with Human Interest Salvage.

Salvage operations near the scene of the wreck of the Queen Mary resulted yesterday in the discovery of a photograph of a rice looking Indian mother and five little ones presumably the family of Mark Spence, the hero of the lost grapes and oranges. Another sorrowful little bit of jetsam is a tiny pair of baby boots with neat little red uppers which Mark was taking to a tiny tot at Masset. There is a pretty silk handkerchief, too, but no grapes or oranges were discovered. Several cases of gasoline have drifted ashore, but not by any means all that drifted away. There was a dance given at Metlakatla last night, and rumor hath it that Mark Spence was there himself.

BLIND MAN'S MONOPOLY

Massage is Exclusively Done by the Blind in Japan

The blind in Japan have a monopoly of one employment, massaging. No person with sight is permitted to massage as a profession in Japan.

The profession of a masseur is a very honorable one, and the polite Japanese take care that the greatest courtesy is shown their afflicted brethren.

Although the blind Japanese follow other means of livelihood, the great majority follow the vocation which their kindly law has marked out, hedged about with consideration and made so profitable for them.

Reflections of a Bachelor

Girls only tell little fibs about their suitors so as not to have to tell bigger ones.

A woman can make herself believe her husband's politeness is devotion.

Sometimes a man's explaining problems to the children doesn't nuddle them very much more about them.

You might impress the joys of heaven on children by making them believe it's all school in the other place.
