Appeals to the Business and Professional Man, the Banker, and Man in all the Higher Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood

of the poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

The treatment consists of the internal administration of a harmless remedy, tonic in its action, that removes the craving for liquor in a very few hours.

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addictions with uniform success. Call, write or phone for booklet, giving full information.

312 FEET

Is the distance at which Mr. Beddall of Pennsylvania shot a crow with his 16-bore Greener gun. He considered his feat of such importance that not only was the distance measured by a civil engineer but his statement was sworn to before a justice of the peace. Of course such a shot is only possible with a GREENER GUN. No other gun in the world shoots so far and close as the Greener. This has been proved over and over again from the time of the great London "Field" Gun Trials of 1875, when the Greener gun beat 102 guns by the world's best makers and won the Field Cup for choke bores. There are many other features about the Greener gun, fully described in our latest catalog. Let us send you a free copy.

CAN YOU JUDGE FACES?

IS THIS WOMAN A MURDERESS?

The above photograph is one for the physiognomist to study. Is it the face of an affectionate, home-loving and sympathetic woman such as Mrs. Louise Vermilyea's friends declare her to be, or is it the face of a woman who is a moral pervert such as her prosecutors are aiming to have her declared?

The woman is Mrs. Louise Vermilyea, whose trial for alleged murder by poisoning of Patrolman Arthur Bissonette is arousing very great interest in that city. The special interest is because eight other persons whose names are not mentioned in the indictments are supposed to have vanished from Mrs. Vermilyea's path by a similar swift process to that which removed Patrolman Bissonette. The bodies of the other persons are being exhumed and the investigations of the experts will have a great bearing on the trial.

MISS LYDIA RIVARD, Sweetheart of Bissonette, whose investigations brought about Mrs. Vermilyea's arrest.

PATROLMAN BISSONETTE, Alleged to have been a poison victim of Mrs. Vermilyea.
